Malloy; Jean Ann Mayhew; Donald Nicholson; Alton Preston; Gerald Preston; Paul Rollins; Thelma Stewart; Allan Tanner; Robert Taylor; Wayne Wannamaker; Farlie Warren; Sandra Wells; Lana Woodward; Garry Wright; Wright.

Grade 1 to Grade 2

Dennis Armstrong; Marilyn Anderson; Douglas Bolte; Janice Brooks; Marlene Bruce; Ross Carlisle; Sandra Chambers; Jane Crown; Garry Devolin; James Haggerty; Robert Hamilton (R); Ruth Hamilton (R); Dennis Kelly; Douglas Ketcheson; Marta Moynes; Edwin Reynolds; Pauline Stewart; James Tanner; Donald Towns; Mary Ellen Warren; David Woods; Douglas Woods.

## Rains Threaten Hay Crop

The heavy rains and lack of heat and sunshine is threatening to spoil one of the best hay crops in years. Already some hay has been lost because of excessive moisture and many of the grain fields in this district have been flattened by the heavy downpour yesterday.

## Council To Meet Tonight

The Village Council will hold its regular July meeting tonight (Thursday) at 8 p.m. in the Community Hall. Persons having business before this municipal body will note the change in date and meeting place.

## On Holidays

Employees of the Elaine Footwear Co. are enjoying a vacation, and the factory will be closed until the 16th of the month.

## Enjoy Weiners

Stirling Wolf Cubs enjoyed a Weiner Roast at Bird's Beach, Oak Lake, on Thursday evening last. The party was in charge of Joe Irish, who presented crests to the Grey Pack for winning the most points in Cub Work in the six months.

## Appointment To Executive Council

The Most Rev. J. Lyons, Archbishop of Ontario, has recently appointed Rev. H. C. Secker, a member of the Executive Council of the Synod of Ontario.

## Mrs. Geo. Crown Bereft of Father

Harry I. Cordon, father of Mrs. Geo. Crown, of this village, died in Belleville Hospital last (Wednesday) evening, following a brief illness. The late Mr. Cordon was in his 64th year. He leaves to mourn his wife, one sister, Mrs. Chas. Trevor, of Belleville, and one daughter, Mrs. Crown.

## Jones--Stapley Nuptials Friday

St. Paul's Parsonage was the scene of a quiet wedding on Friday evening, June 29th, at seven o'clock, when Joan Beverley, youngest daughter of Mrs. Russell Stapley and the late Mr. Stapley, became the bride of Mr. Albert Jones, elder son of Mr. and Mrs. Harry Jones, of Stirling.

Rev. A. E. Baker officiated at the double ring ceremony.

The bride was a picture in her bridal suit of grey gabardine with black and white accessories. The white Bible she carried was adorned with red roses and baby's breath.

Mrs. Roy Tucker, her only attendant, was attired in a summer suit of grey check, with black and white accessories, and wore a corsage of pink roses and baby's breath.

The young couple left for a short trip to Niagara Falls and points west.

Upon their return they will reside in Stirling.

## Bowl At Belleville

Mr. and Mrs. W. T. Elliott and Dr. E. A. Carleton and Miss Grace Carleton represented the Stirling Bowling Club at a mixed doubles tournament in Belleville on Monday.

The mixed doubles tournament at Campbellford yesterday was rained out.

## Let's Have

## The News

Vacation season is here, and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points from time to time.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know. We do not wish to miss these "comings and goings", but if someone doesn't tell us, how are we to know? May we count on your cooperation?

## PAST NOBLE GRANDS' CLUB

A very delightful summer meeting of the Past Noble Grands' Club was held at the home of Sis. Edith Utman with Sis. Edna Fox as co-hostess.

Following the opening exercises roll call was answered by each member reading a short humorous joke. Business was dealt with by the President, Sis. Grace Vandervoort. The July meeting is to take place at Spry's cottage, Oak Lake, with Sisters Ethel Duffin and Effie Bailey in charge of the programme.

Measuring the waistline contest was supervised by Sis. M. Megginson and Sis. Duffin. The prizes were won by Sisters M. Vandervoort, Spry and Shortt. Contests were conducted by Sisters Mary Vandervoort and Aileen Vanderwater. These Sisters took pictures of the group of members present.

After closing the meeting a delicious lunch was served by the hostesses.

## Successful In Music Exams

The following pupils of Miss Grace Pitman, A.T.C.L., have been successful in the Royal Conservatory of Music examinations:

Grade II Theory — Miss Marlene Carlisle, 96; Miss Mary Louise Faires, 92; Miss Donna Carlisle, 91; Miss Rosemary Webb, 88; Miss Ina Scott, 85. All obtained 1st Class Honours.

Grade V Counterpoint — Miss Betty McConnell, 68; Miss Verna Brown, 64.

## To Celebrate 12th In Madoc

Stirling L.O.L. No. 110 and L.O.B.A. No. 65 will celebrate the "Glorious Twelfth" in Madoc on Thursday next. The celebration is being sponsored by the Eldorado Lodge.

## Local Happenings of Interest About Town

Mr. and Mrs. J. B. Belshaw are camping for two weeks at Lyndhurst.

Miss L. Rodgers is spending a couple of weeks with Mrs. Henry Bell.

Mrs. W. R. Mather, of Toronto, was a week-end guest of Mrs. Robert Kerr.

Miss Diane Villetorte has left for Camp Ouraear in the Laurentians.

Mr. and Mrs. H. R. Tompkins spent the week-end in Syracuse, N.Y.

Mr. and Mrs. R. Cooke and Mr. and Mrs. Earl Dafoe left today (Thursday) on a trip to Buffalo and Detroit.

Mr. and Mrs. Alfred Francis, Belleville, were guests at the Rectory on Monday.

Mr. and Mrs. J. E. Salisbury and Miss Jean Salisbury are spending a few days in Buffalo, N.Y.

Mr. and Mrs. Edwin Warren and family enjoyed a motor trip through the Adirondacks over the weekend.

Mr. and Mrs. Geo. Dunham, Toronto, are guests at the home of Mr. and Mrs. C. R. Bastedo this week.

Mr. and Mrs. W. P. Halliwell, Margaret and Gall, of Picton, were guests at the Rectory on Sunday.

Mr. and Mrs. Gerald Sprentall, of Toronto, spent the week-end with Mr. and Mrs. Frank Sprentall.

Douglas Luery, Bank of Montreal, Lindsay, is spending his holidays at his home here.

Misses Dorothy Davidson and Dorien Fox spent Sunday with the latter's parents, Mr. and Mrs. Earl Fox.

Mr. and Mrs. J. B. Evans, Toronto, were weekend guests of Mr. and Mrs. Douglas R. Patterson.

Miss Helen Stapley has accepted a position at Presquile for the summer months.

Miss I. Murray, of Pontiac, Mich., spent the week-end with Mr. and Mrs. George Mason.

Mr. and Mrs. Pat Armstrong, Niagara Falls, and Mr. and Mrs. Lawrence Alde, of Gilmour, were weekend guests of Mr. and Mrs. Jack Sleeter.

Mrs. W. L. Anderson is spending a few days this week with her daughter, Mrs. W. A. Hume and family, at Burnbrae.

Dr. and Mrs. E. A. Carleton and Grace left today (Thursday) to spend three weeks camping on the St. Lawrence.

Mr. and Mrs. Ken Ray and Mr. and Mrs. C. Rollins enjoyed a boat trip through the Thousand Islands on the weekend.

Messrs. Bert Copley and Doug

## LOCAL MAN LOSES HIS MOTHER

The sympathy of Stirling and district friends is extended to Sis. Edith Utman with the loss of her mother, Mrs. John A. Demarest, who died in Trenton Memorial Hospital on Saturday after an illness of two years' duration.

The late Mrs. Demarest was a daughter of the late Mr. and Mrs. Geo. Potter, of Frankford, and was in her 72nd year. She had lived in Trenton for one year and previously lived in Murray Township. She was a member of the United Church.

She leaves to mourn her husband, John A. Demarest, four daughters and six sons, and two brothers.

The funeral was held on Tuesday from the Weaver Funeral Home, Trenton at 1:30 p.m. Rev. R. C. MacLean officiated, and interment was in Stockdale Cemetery.

The bearers were Clinton Bates, Fred Bruyea, Edward Bruyea, Albert Smith, John Rogers and Ross Hubbell.

## Car-Truck Collision Frankford Rd. Corner

Approximately \$300 damage resulted from a car-truck collision at the Frankford Corner about 6:30 o'clock last night. Frank Whiteman was driving West on Front St. when truck driven by Clifford Lessard, of Peterborough, in making a wide turn from the Frankford Road, hit his car on the front end. Damage to the car was estimated at \$200. Chief S. Eggleton investigated.

## Accepts Position

Mr. Gerald Cherry, who has been employed in H. C. Martin's insurance office for the past two years, has resigned to accept a position with the Northern Electric Co. in Belleville. He will commence his new duties on Monday next, and will move to Belleville on August 1st. Since coming to Stirling Mr. and Mrs. Cherry have made many friends who will regret their departure.

## Young Couple Honoured At Minto

A miscellaneous shower was held on Friday night at the home of Mr. and Mrs. Harry Mayo in honour of their daughter and husband, Mr. and Mrs. Charlie Lloyd.

A splendid number of friends and neighbours were present. Rev. B. Beckel acted as chairman for the evening. Community singing was enjoyed, followed by a short address by Rev. Beckel, congratulating the young couple and wishing them every success in life. Mrs. Harold Holden gave a reading; songs were given by Misses Barbara Twiddy, Mae Hagerman, Mrs. Barnard and Miss Phyllis Wickens.

Miss Laura McGee read an address on behalf of the girls of the community and presented the bride and groom with several articles of granite ware.

Mrs. Tom Clements read the address on behalf of the friends and neighbours. The many and useful gifts were unwrapped after which Elida and her husband made suitable replies, thanking everyone and extending an invitation to all to visit them in their home in Belleville. "For They Are Jolly Good Fellows," was sung. Lunch was served and a social hour enjoyed.

## Junior Farmer Field Day

On Friday, June 22nd, the Junior Farmers and Junior Institute Members from all of the clubs in Hastings County gathered for their annual Field Day which was sponsored by the Madoc Junior Farmers and held at the Madoc Fair Grounds. Unfortunately, the weather was such that the teams were forced to play on a rather wet, unsuitable ball diamond. All of the games were played except the finals in the girls and boys. Practically all of the sports events were eliminated. In the first boys' game, Rawdon won over Madoc boys by a very low margin.

Messrs. Thos. Hough, of Detroit; James Hough, of Buffalo; and Alex Hough, of Pittsford, N.Y., were renewing acquaintances in Stirling on Tuesday.

Mrs. Tom Clements read the address on behalf of the friends and neighbours. The many and useful gifts were unwrapped after which Elida and her husband made suitable replies, thanking everyone and extending an invitation to all to visit them in their home in Belleville. This left Sidney and Rawdon to play the final game and because of the rain, it was postponed until Wednesday night to be played at Johnstown School in Johnstown Township. This game was very close with exceptionally good ball playing and Sidney boys won by a score of 3-0.

In the girls' games, Hungerford and Thurlow played first. Thurlow won by a score of 9-8. Sidney and Madoc girls played and Madoc defeated Sidney by a score of 15-2. Rawdon and Thurlow girls played and Thurlow girls were the winners. This left Madoc and Thurlow girls to play at latest date and the game was held on the following Tuesday night at Moira. At this game, Madoc won over Sidney girls and the final score was 23-1. Sidney boys ball team and the Madoc team represented Hastings County at the Quinte District Field Day at Lindsay, on June 29th. Both teams lost to their opponents in the games.

Among those who were guests at the Northcott—Dobie wedding in Smiths Falls on Saturday were Mr. and Mrs. H. C. Martin, Mr. and Mrs. J. Villette, Mrs. H. H. Alger and Mrs. Nina Morton, of Stirling; Mr. and Mrs. J. D. Mills, of Burlington; and Mr. and Mrs. P. C. McGuire and Miss Margaret Ann McGuire, Major and Mrs. H. F. Alford and Mr. Thos. W. Solmes, of Belleville.

The drift of population from the country to cities and towns in Canada has been strikingly apparent since shortly after the middle of the 18th century.

The fire licked into the City Hotel, Diamond and Son's Men's Furnishings Store, and on into Reddick's Bakery, gutting two storeys as firefighters fought to check the spread of the flames to the entire downtown district.

## Wooler Defeats Stirling Twice

Thrilling Game On Local Recreational Grounds Friday Saw Visitors Win 11-10

Stirling dropped a close game to Wooler on Friday night at the local recreational grounds by a score of 11 to 10 before only a fair crowd of fans. Faulkner was on the mound for the locals for seven innings and Don Rodgers finished up. Rosenplot went the full route for the winners.

Wooler took a six-run lead in the first four innings on six hits, one a homer by Anderson, two walks and three errors by the locals. Their big inning was the sixth when they counted four runs on an error and five hits, one a base clearing triple by Austin. They added one more in the seventh.

The locals counted three in the fourth when J. Wright's long fly was dropped by the Wooler fielder for a two-base error and Smith, Paveling and Rodgers followed with singles. They added two in the sixth on singles by Dafoe and Paveling and Rodgers' double, and put on a five-run rally in the eighth when nine men went to bat.

Paveling led the local hitters with three out of five tries followed by Dafoe, Rodgers and Bastedo with two each. Austin, McColl and Anderson led the visitors' attack.

Wooler — Austin, 1b; Leavitt, 3b; Steacy, c; McColl, rf; Richards, s.s.; Rosenplot, p; May, cf; Anderson, lf; McMaster, 2b.

Stirling — Lanigan, lf; Utman, lf; Wright, r; Dafoe, 1b; Smith, rf; Paveling, 3b; Rodgers, s.s.; Bastedo, 2b; Faulkner, p.

Wooler ..... 2 0 1 3 0 4 1 0 0 — 11

Stirling ..... 0 0 0 3 0 2 0 6 0 — 10

Lost in Wooler

Monday Night

In the return game in Wooler on Monday night the homesteaders won a slugfest by a score of 20 to 11.

Next Home Game—Campbellford is here Friday night and Frankford on Monday night.

## Nina Carlisle Bride of Wm. R. Neal

A quiet but pretty wedding was solemnized in the United Church Parsonage, Stirling, on Saturday, June 30th at 12 o'clock noon, when the Rev. A. E. Baker united in marriage Nina Elizabeth Carlisle, daughter of Wm. Carlisle and the late Mrs. Carlisle to William Roy Neal, son of Mrs. Neal and the late Melvin Neal, of Springbrook.

Mrs. A. E. Baker rendered the wedding music.

The bride, dressed in a white shantung suit, with white accessories, and corsage of spray orchids, was attended by her sister Marion, who wore a pale blue figure nylon dress with white accessories and corsage of pink roses.

The groom was attended by Mr. John Carlisle, Stirling, brother of the bride.

The guests, who included the immediate family, went to Golden Acres, Belleville, where a wedding dinner was served.

Later the bride and groom left amid showers of confetti and best wishes for a wedding trip to Eastern points and the U.S.A.

On their return the happy couple will reside in Belleville where the bride is an employee of the Bell Telephone Co. and the groom with the C.N.R.

## Fire Destroys Belleville Stores

A fire gutted four stores in downtown Belleville Monday night and drove 12 families from their apartments upstairs. Damage was estimated at from \$250,000 to \$500,000. It was believed to have started in the apartment above Wray's furniture store. No one was injured, and the owners of the four stores were absent for the Dominion Day Holiday. Residents of apartments in the four-storey buildings were able to escape without difficulty.

The fire licked into the City Hotel, Diamond and Son's Men's Furnishings Store, and on into Reddick's Bakery, gutting two storeys as firefighters fought to check the spread of the flames to the entire downtown district.

**Minto**

(Held over from last week)

**St. Thomas W.A.**

The ladies of St. Thomas W.A. entertained the ladies of eleven branches of the W.A. on Wednesday afternoon. They were Marmora, Bonarlaw, Bethel, Springbrook, Stirling, White Lake, Beulah, Salem, Foxboro, Frankford and Tweed. The meeting was held in the Church and opened with the W.A. hymn, "The Love of Christ constraineth," followed by prayer by Canon Brownlie.

Mrs. W. J. Tanner read the Scripture Lesson. Mrs. Lindsay Tanner, President of St. Thomas, welcomed the guests and hoped that the meeting would be one to be remembered spiritually as well as socially. Canon

Brownlie also welcomed everyone. The programme followed and consisted of each branch contributing a number which were as follows:

Solo by Mrs. Frost, Marmora; reading by Mrs. Geo. Mumby, Bonarlaw; duet Misses Eleanor Thompson and Barbara Mclejohn, Springbrook; solos by Mrs. Don Heath, Bethel, and Mrs. Burton Woodcock, Stirling; readings were given by Miss Doris Tweedie, of Beulah, and Mrs. D. M. Sine, of Salem. Greetings were brought from Foxboro by the President, Mrs. Lorne Ashe, and also from Frankford by their President, Miss Dench. Two beautiful violin selections were rendered by Mrs. L. Brady, Tweed. These varied numbers were exceedingly well given, selected and well received.

The guest speaker for the afternoon

was Rev. F. Downing, Rector of Tweed, who was introduced by Canon Brownlie. His theme was Missions, and his talk was most interesting, relating many of his personal experiences in the Mission Fields. Mrs. Beckel, of Ivanhoe, Mrs. Secker, of Stirling, and Mrs. Downing, of Tweed, spoke briefly.

Mrs. Brownlie thanked everyone who had helped towards making the afternoon such a success. The offering was taken by Mrs. Ed. Colden and Mrs. John Courtney. Hymn "Blest Be The Tie That Binds," was sung and the Rector closed the meeting with prayer. Lunch was served in the hall after which Mrs. Grenville Mclejohn, President of Springbrook W.A., extended a vote of thanks to the ladies of St. Thomas for the pleasant afternoon.

In childhood days we have heard the old pioneers tell of church services held in the various school houses before the two churches were built.

Mount Pleasant United Church was dedicated as a Methodist Church in June 1871 and is now serving its eightieth year.

A certain man who runs a business in Stirling has been a bit rude on our telephone line lately. Evidently he belongs to that species of the male who is so all important himself that he considers women who report for newspapers, or hold various offices in Church, Lodge, Institute or Club do not need the telephone for business purposes. This chap drives out to the country and has all the time in the world to chat with the farmers and then decides he will use the telephone. By the time he gets in the house he has got himself into one if those tearing hurries that some men both rural and urban develop. As this chap is used to a private telephone, he grabs up the receiver, dials his number, into the ears of the newspaper reporter, or whoever else is on the line. By the time he is told the line is busy, he says a few cuss words to women in general and then he proceeds to bang the receiver up and down until he gets the line and has exhausted his patience in the meantime.

Your Mount Pleasant Correspondent has used a telephone for a number of years and while most people, both men and women abide by the Golden Rule, there are always exceptions. We try to space our calls, and we never take the line — we always wait till the conversation is finished. This is the second time the town chap has been rude and it would be a wise idea if he listened the next time before he dialed.

While we are on the subject we might say that there are a few country chaps all over Rawdon Township, and Sidney, too, according to various ladies who use the telephone for business as well as a friendly chat who are afflicted with this particular disease. We wonder if they realize we are living in a Democracy, not a Dictatorship. No particular person has full ownership of the telephone. So why act the part.

**Mount Pleasant**  
(Held over from last week)

In pioneer days Mr. Nehemiah Hubble (known as Myer) occupied the Scott farm where his parents and grandparents had previously resided as United Empire Loyalists and he set aside a portion of his land as a burial plot beside the Church Cemetery. On the tombstones are recorded as follows: "Cinderella Hinds, wife of Nehemiah Hubble, Died May 25th, 1871 aged 54 years 4 months and 11 days."

"Elizabeth Bradshaw, second wife of Nehemiah Hubble. Died March 27th, 1899, aged 57 years 11 months and 15 days."

"Ida Saylor, wife of William Milne, died November 6th, 1899, aged 25 years, 3 months and 16 days."

Mr. Taylor Milne, who died in 1900 is also laid to rest in this small Cemetery.

Mrs. Whitmon is a daughter of Ida Milne and was named after her great-great aunt, Elizabeth Bradshaw Hubble (Betsy). Her father, the late William Milne, was a member of the Hubble Home and attended the old Baptist Church (now Mount Pleasant Church Hall) and received his education at the Allan School and Stirling High School. Mr. Milne was a Rail-way Conductor on the old C.O.R. running from Picton to Maynooth. Mr. Milne remarried and three years ago he passed away and is laid to rest in Trenton Cemetery beside his second wife. His first wife was Ida Saylor, daughter of the late Mr. and Mrs. Austin Saylor, Stirling. The Saylor's resided where Mr. Fred Houchin now lives and Mr. Saylor manufactured pumps and sewers, etc.

Mrs. Cooney, formerly Miss Annie Milne and the last of her family has a lovely old picture of the late Mr. and Mrs. Nehemiah Hubble (nee Elizabeth Bradshaw) which was formerly owned by her grandmother Milne and this she gave to Mrs. MacMullen for the "Historic Book of the Old Pioneers of Hubble Hill Community."

When the Hubble Hill Baptists were busy erecting their church and before the benches were made a Mr. Chard, died at his home at Chard's Bridge in Seymour Township. The men placed lumber and planks in the edifice for the funeral, this being the first service of any kind in the new structure. Mr. Chard was buried in the Hubble Hill Cemetery which had been set aside from the farm of Mr. Reuben Hubble as a gift to the Baptist people and their friends, and free to all who wished to stake out a plot.

Mr. Reuben Hubble resided on the Norman McConnell property. This Mr. Chard was the first burial to be held in the new "God's Acre" known at the Hubble Hill Cemetery.

It seems a great pity that many old records of these pioneers have been lost as students of history would welcome more news about the old United Empire Loyalists who came to Canada with its wooded areas to begin life anew free from the hectic strife of those early days in the conquered areas across the border. Any authentic history of Hubble Hill would be welcomed.

Mrs. Whitman served as a printer before her marriage in the Trenton Courier and the old Advocate as at that time there were two printing offices in Trenton. Mrs. Whitman would be interested in finding out where former relatives, Bradshaws, Curtis, etc. are laid to rest.

According to old records at Belleville Registry Office, two brothers, Nehemiah Hubble and Barce Hubble were the first settlers at Hubble Hill, now known as Mount Pleasant, taking up Crown Deeds in 1797, which is one hundred and fifty-four years of history. These two now are laid to rest at Mount Pleasant. These two old pioneers are laid to rest somewhere at Mt. Pleasant with no stone to mark their last resting place.

For many years there was a Baptist Church in the district but the writer does not know the date of its erection.

In childhood days we have heard the old pioneers tell of church services held in the various school houses before the two churches were built.

Mount Pleasant United Church was dedicated as a Methodist Church in June 1871 and is now serving its eightieth year.

## Items of Interest St. Paul's-Carmel

(By Rev. A. E. Baker, J.E.)

## Rawdon Early Officials

On January 3rd, 184 Wm. Chard was chairman of the citizens meeting. Daniel Huffman was Town Clerk and Joseph Rose Bush, Assessor and Collector. The Town Wardens were Perlee Couch, Charles Barrager, Thomas Totton, Gideon Mosier, Jedediah Cummins, Daniel Denton, John Stewart, Sylvanus Garnsey, Paul Kingston, James C. Osborn and Samuel Horton. It was their especial duty to see that the Sabbath Day was properly observed.

Pound keepers were Nicholas Lake, Wm. Chard, John Doak, Thomas Wellman, John Vanderwater, Vance Huble, Sylvanus Gurnsey, Benjamin Chard, Daniel Wellman, Caleb Benedict, Henry McMullen, John Spy, Benjamin Hagerman, Martin Brunson, John Stewart, Thomas Eggleton, Geo. Barrager.

Pathmakers in 1848 were Richard Sole, Elam White, Martin Sealy, Samuel Horton, Peter Chard, James McFee, Wm. Chard, Wm. Hubble, Charles Butler, Maria Hagerly, Christopher Snider, Philip Caverley, Joseph Mitchell, James Westcott, Calvin Hoard, Ira R. Bush, Nehemiah Huble, Samuel Fox, Thomas Gay, William Thompson, John Green Jr., George Barrager, George Finkie, William Hagerly, William Green, Penleton Smith, Emanuel Maby, John Francis, Joseph Hagerman, Robert Belshaw, Sylvester Weaver, William Lerson, Robert Patterson, Thomas Butler, Sylvanus McConnell, David Mack, William Totton, William Heatman, Joseph Hogle, Eli Benedict, Francis Vandervoort, Henry McMullen, George Brown, William Tanner, Daniel Denton, John Stewart, William N. Coons, John Detor, Canada Elliott, Abraham Hardy, James Meiklejohn, Peter Meiklejohn, Peter Sine, Peter Arkles, Robert Lynn, Garnet White and John Spy.

Regulators of line fences and water courses: Joseph R. Bissell, Wm. Chard, Perlee Couch and Henry Smith.

An early law respecting fences and free commoners:

"Hogs not to run unless they weigh sixty pounds. Fences to be  $4\frac{1}{2}$  feet high,  $2\frac{1}{2}$  feet well worked from the ground, not to exceed six inches between rails. Bars not to run at tall (all); horses not to be free commoners; sheep to be free commoners; rams not to run from the 1st day of September until the 1st day of January. Bulls to be free commoners until they become unruly. Stags to be free commoners until they are found doing damage among cows. The owner refusing to take care of them shall pay a fine of two shillings six pence per head."

At all places where public worship is held on the Sabbath, all cattle and horses to be kept up (off roads) from the hours 9 until 3 p.m. If not the owner of them shall pay a fine of  $2\frac{1}{2}$  per head. The fine to be applied for the benefit of the roads. Also at all mills in the Township hogs, cattle, sheep and horses to be kept up (out) or the owner of the above animals shall pay a fine of  $2\frac{1}{2}$  for every head everytime they are found disturbing the hay or bags of grain in sleighs or wagons; the fine to be applied for the

benefit of the roads.

## Rawdon Organized in 1850

The inhabitants of Rawdon met in Weese's School House under the statute direction on Monday, January 7th, 1850. The following persons were elected Councillors: Edward Fidlar, Robert Parker, John Johnston, Emanuel Maybee, John Fletcher, Edward Fidlar was elected Reeve; Wm. Kelso, Clerk-Treasurer; Wm. Judd and John M. Ward, Auditors; Thomas Douglas, Assessor and Collector. Henry Brown was appointed Road Surveyor and School Supt. The Roadmasters and their territories were defined.

The salaries to be paid were Clerk and Treasurer £20. Auditors fifteen shillings; Supt. of Common Schools, £6-6-0. Collector, five per cent of collections.

Thus on January 7th, 1851 the Township was one hundred years old as an organized municipality with an elected Council. Perhaps it is not too late for this fine township to plan for a Centennial observance?

## At Fidlar's School

Owing to the bad state of repair of Weese's School the Council met in Fidlar's School in 1851. In 1852 it is likely that the Council met in their new Town Hall erected at a cost of £150 on Lot No. 47, in what is now the Village of Stirling.

The farm of Harry E. Brown, Carmel, has been called "Brownsville," not "Broadview."

## Flowers

Mrs. W. L. Fox, Mrs. Mary Vandervoort and Mrs. Arthur Rodgers thoughtfully provided flowers for the church last Sunday. They were kindly arranged by Mrs. Cornett.

## Gown Stewards

Mrs. Blake Way, our Royal Choir Gown Steward, is gradually building up an effective staff of associates. Mrs. M. Meggison, Mrs. Leitha Thompson and Miss Mildred White are now associate gown stewards.

## Carmel

It was good to see Mrs. Louisa Anderson at Church Sunday, home from hospitalization at Belleville.

## The Kingstons'

With the twelfth of July at hand, the following is of special interest. One of the staff officers of King William III who attended him at the Battle of the Boyne July 1st, 1690, was Colonel of the Horse Ht. Hon. Col. James Kingston. Indeed Col. Kingston had two sons, Captain James and Captain Paul Kingston who served with the infantry in the same action.

In recognition of their services they were given grants of land in the Counties of Limerick and Cork. From these families came emigrants to the United States and Canada in the first half of the 19th century.

It is related that the black charger of King William III would not enter the water to cross the Boyne, whereupon Col. Kingston who had ridden up at that moment proffered his grey steed to the King. His offer was accepted and the King lead his forces to a decisive victory on Col. Kingston's horse.

Geo. A. Kingston for many years Chairman of the Workmen's Compen-

sation Board of Ontario, composed the following lines with the exception of verse 1 and 4 whose author is unknown, entitled, "A Tribute To A Horse."

King William said, "I don't deserve The name of Faith's Defender, If I don't risk both life and limb To make a foe surrender."

No sooner were these words expressed Than from the front a runner Brought urgent message to the King. From the forward staff commander Schomberg has suffered mortal wound. Our line still holding steady, But James the best position has And help is needed badly.

Up spoke the King: "Be not dismayed At the loss of one Commander; For God will be our King this day And I'll be General under."

Then turning to his big black steed, He mounts while sabres rattle, And to the River crossing rides To forward rush to battle.

To his dismay the pesky horse Turns balky — he's a rotter, And neither whip nor spur can make Him set hoof in the water.

Here Kingston to the rescue comes (His grey horse needs a bossing). His mount turns o'er to the King And thus is made the crossing.

On more details I need not dwell For soon the battle's ended King James defeated flees to France Where he was long befriended.

The purpose of this simple rhyme Is tribute thus to render A forebear's horse that did its bit To force the foe's surrender.

Mrs. Elizabeth Christie and Mrs. Ella Mabel Donnan are members of the Kingston family.

St. Paul's and Carmel join their friends of the Rawdon Circuit in extending a hearty welcome to Rev. R. R. Bonsteel and his mother. The Induction Service was held at Wellman's last Thursday. At the same time our best wishes will follow Rev. H. C. Vaclavik who entered his new Charge at Sharbot Lake on July 1st. Rev. and Mrs. Vaclavik rendered excellent service during their residence here and made a wide circle of friends throughout the district. They were always ready to serve and to support any deserving cause.

Visitor

Mr. William Carr, of Detroit, was a welcome visitor at the Parsonage last week. He is keenly interested in the early history of Rawdon of which we shall hear more later.

## Hay Bay and Switzerville

The annual pilgrimage to the Hay Bay Church will be held on Sunday, August 26th, with a special service at 3 p.m.

## Leadership Conference

Residents of this district will be permitted to attend the Leadership Training Conference in August at Albert College, Belleville. August 13th to 22nd.

## Promotions In District Schools

## MODERN EQUIPMENT IS VITAL FACTOR IN FULL SCALE FARM PRODUCTION

Canada's agriculture is highly productive. And one of the greatest assets that a nation can have, particularly in these troubled times, is a highly productive agriculture. Our national economy, our industrial production, the health of our people and our security, benefit greatly from the ability of our agriculture to produce great quantities of essential foods.

That Canada's agriculture produces more food than ever before with comparatively less manpower is due to the practical application of scientific developments and the effective use of modern power farming equipment.

Through continuous engineering developments, Massey-Harris has helped make available today tractors, combines and power machines to keep our farms operating at peak efficiency. From your local Massey-Harris dealer get full particulars of the latest in time-saving, labour-saving equipment.

Mr. George Haggerty and his mother, Mrs. Edith Haggerty, were tea guests on Sunday with Mr. and Mrs. Gerald Patrick at Rylstone.

Mrs. Gerald Bristol, of Belleville, and Mr. and Mrs. Jas. Totton, of Toronto, spent Friday evening at the home of Mr. and Mrs. John Rainie, James

of the U.S.A., and Mr. and Mrs. Percy.

SAYS WE....

## To Heck With Ceiling Prices

We're in favor of keeping prices as low as possible. Ours are always so far below the ceiling that we've never been able to get up there. The point is — our used cars are worth every nickel we ask for them. Maybe some of them are worth more. A used car is no good to us. We just don't need 'em any longer. We'd rather take a reasonable price and move 'em out. Come in and take a look.

places in the U.S.A. Some of the most up-to-date and large farms were visited and many new ideas gained.

Mr. and Mrs. W. J. Fitchett and Marilyn spent Sunday afternoon with Mr. and Mrs. Don Johnston, of Mount Pleasant.

The farmers are having a busy time endeavouring to dodge the showers. However, there is a wonderful growth. The grain is already showing signs of a bumper crop.

Mrs. W. Spettigue and daughter Enid, Mr. and Mrs. John Mulland, of Toronto, were week-end guests of Mr. and Mrs. Ambrose Wright and Mr. and Mrs. Don Haggerty.

Mr. and Mrs. John Lainson spent last week visiting friends at Buffalo and Niagara Falls.

Mr. Edward Laker, of Toronto, was a week-end guest of his sister, Mrs. John Jeffrey.

Mr. and Mrs. D. Gunning and daughter, of Batawa, spent this week with Mr. and Mrs. Mac Sarles.

Mr. and Mrs. Foster Wilson attend

the funeral of Mrs. Wilson's uncle, of Peterboro, on Saturday.

Endevor's Class

Mr. and Mrs. Clayton Wright entertained the members of the Endeavor's Class on Thursday evening. Mrs. Foster Wilson was the special guest speaker and brought a very fine address which was much appreciated. Mrs. John Moorcroft had charge of the Scripture Reading.

Mr. Mac Sarles gave a reading. Lois Cooke and Eleanor Wright contributed a duet. Following the usual business period and benediction, Mrs. Wright served a lunch.

Mr. Charles Wright spent the weekend with friends at Watertown, New York U.S.A.

Mr. and Mrs. Geo. Cooke were Sunday guests of Mr. and Mrs. W. Nelson, at Warkworth. They were accompanied by Mr. Geo. McMullen, of Madoc Junction.

Mrs. W. Fitchett, of Lindsay, was a recent guest of Mr. and Mrs. W. J. Fitchett.

### Minto

#### School Picnic

The teacher, Miss Eleanor Bush, pupils and parents of Minto School enjoyed a picnic at Bird's Beach, Oak Lake on Thursday of last week. After the dinner was over Mr. Ivan Sartes called the gathering together and asked Miss Lois Broadworth to read an address to their teacher and she was presented with a dresser lamp and a cup and saucer. Miss Bush very fittingly replied, thanking the pupils for the gifts and also the trustees and parents for their interest and co-operation during the past four years.

Mrs. Ed. Colden and Joy Spent the weekend in Peterboro.

Mr. and Mrs. Lindsay Tanner and Mrs. Morgan spent Sunday with Mr. and Mrs. John Stiles, Stirling.

Mr. and Mrs. Cleo Bedell and Mr. and Mrs. Ted Howard, enjoyed a motor trip over the weekend up through Algonquin Park and around to Georgina to visit Mr. and Mrs. Fred Howard.

Week-end visitors at the home of Mr. and Mrs. Bert Heagle and Mrs. Brown were Dr. and Mrs. Alcombrack, of Toronto; Mr. Melville Heagle, of Oshawa, and Mrs. M. Johnson, of Bellville.

### Carmel

#### Sunday School Picnic

The annual Sunday School picnic was held at the Fordway on Anderson's Island on Monday. Dinner was enjoyed at noon. In the afternoon softball games between chosen sides of the men and the same with the ladies were played. A programme of races was conducted by Messrs. Harry Brown, Archie Bailey and Doug Pyear. The picnic has been held every year on July 1st for about forty years. Many former residents and relatives take the opportunity of renewing acquaintances and plan to spend the holiday as an "Old Home Day."

Mr. and Mrs. Arthur Long and daughters, of Peterborough, spent the weekend with relatives here.

Mr. and Mrs. Russell Pyear were Sunday visitors of the latter's sister, Mr. and Mrs. Barry Christie, Brighton.

Congratulations are extended to Mr. and Mrs. Roy Neal (nee Nina Carlisle), who were married on Saturday.

Mr. and Mrs. Don Brown and family, of Hoards, spent Sunday with Mr. and Mrs. Douglas Pyear.

Mr. James Bailey who is employed at James Texts, Belleville, is spending his vacation on a motorcycle trip to the West coast.

### Pine Grove Women's Institute

Pine Grove Women's Institute met for their June meeting at the home of Mrs. W. Slater with the second Vice-President, Mrs. G. Bartindale in the chair.

Arrangements were made for the Institute short course "Canning Ontario Foods," which is to be held in the Marsh Hill School on July 13th at 8.00 p.m. (D.S.T.) with Miss Marian Wight, Home Economist, in charge. It was decided to purchase sufficient Hand Books for each household to have a copy.

Mrs. F. Campbell, Convener of the committee on "Canadian Industries" took charge of the following program: "Canadian Fisheries and Alberta Oil," by Mrs. W. Rodgers; "Did You Know?" a quiz on Canadian Industries based on the book "Canada 1951," by Mrs. R. Vanderwater; "Canadian Industries," their history and development, by Mrs. F. Campbell. Each member was called on to give a current event of local interest which provided some amusement.

At the conclusion of the meeting refreshments were served and a social half hour enjoyed.

### St. Paul's W.A.

The July meeting of St. Paul's W.A. was held at the summer home of Mrs. Walter Elliott, Oak Lake, with a splendid attendance.

Mrs. Maurice Bell presided, opening the meeting with the theme song and prayer. The Secretary read minutes of June meeting and Treasurer's reports were given. The Goodwill Secretary, Mrs. Wells, read letters from Mrs. Wilkins, Potter family, Mrs. Glen Bush and Mrs. D. Duffin and the calling committee reported 13 calls. It was decided to dispense with the bazaar and hold a supper instead.

Mrs. Patterson opened the devotional part of the meeting with Hymn No. 21 and Mrs. Armstrong offered a very impressive prayer for the people in war-torn cities in their helplessness and hunger. Mrs. S. Williams read the Beatitudes for the Scripture Lesson, followed by a paper by Mrs. R. Staples, "A Guest For Happiness."

Miss Jerry Jerome, of Belleville, delighted the gathering with two piano

accordian solos. "There Is No Secret," and "Thirty Pieces of Silver."

The guest speaker, Capt. Nessie McBrine, of the Belleville Salvation Army, spoke very vividly on her work among the people of the Bermudas. The audience was carried to those islands of beauty and scenic wonder by her descriptions of the coral houses, and the wonders of the deep. One could picture her walking among the dark people of those islands, as an angel of mercy, teaching the girls and boys Christ's way of life.

Mrs. J. L. Good expressed the appreciation of the W.A. to the guests for the contribution they had made to the success of the meeting. Hymn, "Tell Me The Old, Old Story" was sung and the Mizpah Benediction closed the meeting. Lunch was served and the ladies enjoyed a social half hour with the guests from Belleville and around Oak Lake.

Mrs. Ed. Colden and Joy Spent the weekend in Peterboro.

Mr. and Mrs. Lindsay Tanner and Mrs. Morgan spent Sunday with Mr. and Mrs. John Stiles, Stirling.

Mr. and Mrs. Cleo Bedell and Mr. and Mrs. Ted Howard, enjoyed a motor trip over the weekend up through Algonquin Park and around to Georgina to visit Mr. and Mrs. Fred Howard.

Week-end visitors at the home of Mr. and Mrs. Bert Heagle and Mrs. Brown were Dr. and Mrs. Alcombrack, of Toronto; Mr. Melville Heagle, of Oshawa, and Mrs. M. Johnson, of Bellville.

The program was based on the work in Trinidad and was very ably presented. Assisting Mrs. Bartindale with this part of the meeting were Mrs. Boslak, Mrs. Mitts, Mrs. E. B. Finkle, Mrs. Hollinger and Mrs. Tanner.

As an interlude in the Trinidad Study, Mrs. Farley Lindenfield read, "The Four Freedoms — what has become of them?" and Miss Mae Currie gave "The Fool's Prayer."

The business included well-drawn up plans for a combined afternoon tea, sale of home cooking and useful articles and Baby Band party. This will be held on the lawn at Mr. Jerry Marshall's home on Tuesday afternoon, July 24th. There is a large box of clothing packed for shipment to wherever needed most, and enough clothing etc. on hand for another box. These will be moved out as soon as possible.

The collection amounted to \$2.11. At the close of the meeting the committee in charge served lunch.

### Springbrook Women's Institute

The Springbrook Women's Institute met at the home of Mrs. Fred McKeown on Wednesday afternoon with a large attendance of members and visitors.

Mrs. J. McKeown was in the chair and opened the meeting with "The Maple Leaf," Ode and the repeating of the W.I. Creed, followed by Roll Call.

Mrs. W. J. Barlow gave the minutes and dealt with business at hand. It was decided to hold a picnic at Glen Allen Park, Crowe Lake, on Tuesday, July 24th. Mrs. Barlow was asked to remember a sick member with flowers.

Mrs. George Williams gave a well prepared paper on the trip and morning session of the District Annual Convention held at Bancroft, which was followed by a good address on the afternoon session by Mrs. Frank Cosby.

Mrs. Jas. Spry and Mrs. A. Burkitt, Convenors for Community Activities and Public Relationships, put on the following programme: Community singing and humorous readings were given by Mrs. G. Burkitt, Mrs. Burton Bateman, Mrs. C. L. McKeown, Mrs. H. Stiles, Mrs. C. Gordaniere and Mrs. A. Burkitt. Mrs. Jas Spry introduced four visiting ladies from Uniondale Woman's Institute, Mrs. B. Bush, Mrs. Sine, Mrs. Faul and Mrs. J. Scott. Mrs.

## TAKE A TIP

- Hello Homemakers! Today's the day we melt paraffin to prevent the freshly made jam and jelly from spoiling. For this little job we always place the tin in a basin with some water in it. Although we can melt paraffin on an electric element turned low without smoking it is wise to use the basin of hot water to ensure safety. Usually we squeeze the tin to make a sput which may cause the lower edge to leak, then, too, when more melted paraffin is needed there is no need to worry about the highly inflammable product dripping on the range from the spout.
- There are several other good protective covers for concentrated preserves such as circular pieces of cellophane and plastic caps.

Mrs. John Morrison will be the hostess at the Stirling Women's Institute on Thursday evening at 8 p.m.

KOREAN CAMPAIGN

Korean Campaign coverage for the Canadian radio audience is provided by CBC reporter Norman McBain, of Montreal, (standing) and CBC operator Norman W. Eaves, of Halifax, seen here with the portable recording equipment they are using in the field. Their

job is to get front-line reports and actuality recordings of the Canadian troops in action. McBain reports regularly from Korea and Japan on CBC News Roundup, heard Monday to Friday at 10:15 p.m., on the CBC Trans-Canada network.

ing will destroy some of the pectin and flavour. For 1 quart of mashed raspberries, grapes and blueberries add 1 cup of water. For 1 quart of mashed currants, gooseberries and plums add 2 cups water. For 1 quart of cut apples add 4 cups water.

8. Simmer (never boil) the prepared fruit and water until soft and mushy.

9. Moisten a jelly bag (a clean cotton bag or piece of factory cotton). Pour hot fruit into bag and press gently with spoon.

10. For a second extraction measure the pulp left in the jelly bag and add an equal amount of water. Cook slowly for 20 minutes and strain again.

11. To be assured of firm jelly test for pectin. Pour one spoonful of extracted juice into a saucer and gently pour in a teaspoon of rubbing alcohol. Do not stir. Let stand one to three minutes. Press the small mass to see if it is firm and has no liquid. Be sure never to taste the alcohol mass as it is poisonous and be sure to wash it down the drain in case it is mixed with the food.

12. The test determines the amount of sugar to be added. If the teaspoonful of substance is firm add 1 cup of sugar for each cup of juice. If it is lumpy add 1/2 cup of sugar per cup of juice. If the test has liquid add 1/4 cup sugar per cup of juice.

13. Use a deep saucepan and boil the sugar and juice rapidly. A quart requires about 15 minutes but keep testing with a spoon. Allow liquid to drip at the rounded part of the spoon. When two drops tend to pull together forming slanted edges the jelly is done. Remove from heat at once.

14. Let hot jelly or jam stand 1 minute then remove scum. Let stand another 3 or 4 minutes to remove any air bubbles then pour into clean jelly jars.

15. Pour a very thin coating of melted paraffin over hot jelly. When cold add another thin layer of wax.

**THE QUESTION BOX**

Mrs. R. K. asks: Why does jelly ooze around the edge of the wax?

Answer: A thick layer of wax may weigh down the jelly to the extent that syrup will form. Then, too, a second layer of wax is necessary when the jars are cold because glass expands slightly when hot.

Mrs. W. H. asks: What is the temperature of jellying on a thermometer?

Answer: The jellying point on a candy thermometer is 220 degrees F. but it is not always an accurate test.

Mrs. T. B. asks: What causes a weak but sweet jelly?

Answer: It is either because the fruit boiled instead of simmered before juice was extracted or the use of too much sugar.

Anne Allan invites you to write to her c/o the News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

### Ammendments To Mothers' Allowance Act Now In Force

The amendments to the Mothers' Allowance Act passed at the last session of the Ontario Legislature are now effective according to the Honourable W. A. Goodfellow, Minister of Public Welfare.

Providing for mothers with dependent children, by reason of the widowhood or the permanent unemployability of the husband, has proved to be one of the most important statutes in the field of social legislation Mr. Goodfellow stated. Expansion of the Act for more needy cases has been progressive over the years.

One of the major features of the new amendments covers the payment of an allowance to children up to eighteen years of age who continue their education. The following five notable changes appear:

#### 1. Eighteen Year Olds

This section provides for the continuation of the allowance for a further period until the child becomes eighteen years of age. This privilege is extended on behalf of children in respect of whom an allowance is being paid and provided the Commission is satisfied that the child is making satisfactory progress at school. Previously the allowance ceased on behalf of a child reaching the age of sixteen.

#### 2. Mentally or Physically Disabled Children

The allowance may be continued until the age of eighteen years on behalf of children who are unable to attend school due to a physical or mental disability. A Doctor's Certificate to this effect will be required by the Commission.

#### 3. Allowance for Permanently Unemployable Husband

Where an allowance is being paid on behalf of a permanently unemployable husband, same will be discontinued when the last benefiting child reaches sixteen years of age.

#### 4. Divorce

In cases of divorce, application may be made for Mother's Allowance assistance if the applicant is the plaintiff in the divorce action and if no provision is made for the maintenance of the children; or if provision is made and the father of the child or children has failed to carry out his obligations and has not been heard of for at least one year.

#### 5. Residence

The period of residence has been altered so an applicant is now only required to reside in the Province of Ontario for one year immediately prior to making application.

### Rawdon Council

Rawdon Township Council met at the Town Hall, Harold, on Monday, June 4th, with all members present. The minutes of the last regular meeting were read and approved on motion of McKeown and Sarles.

Cooney and Spyre that the Township share for the Relief Account of Ethel Keegan for the month of May of \$17.50 be paid.

McKeown and Sarles that Road Voucher No. 5 for the month of May for \$1526.33 be paid.

Sarles and McKeown that the Reeve and Councillor Cooney be a committee to investigate and have power to purchase a float for the Dr. Crawler.

Spyre and Cooney that the Township of Rawdon make application to Centre Hastings High School Board for an adjustment in Assessment.

Spyre and McKeown that the Council adjourn to meet Monday, July 2nd at 1:30 p.m.

### The Unseasonable Weather Increases Power Demands

Unseasonable weather conditions and overcast skies sent Southern Ontario's power demands soaring again last week as lights were switched on in homes, offices and factories.

Primary peak demands, averaging 2,250,000 kilowatts during the week ending June 24th, represented a 13.6 increase over the corresponding period of last year. Energy demands for the entire week advanced by 14.2 percent over last year to 272,578,000 kilowatthours.

Production of energy for use in Hydro's Southern Ontario System amounted to 293,208,600 kilowatthours, exceeding the production of the week ending June 26th, 1960, by 22.1 percent.

Next time you buy gas may be to late to clean the mud and dust off your windshield. Drivers who cannot see danger cannot avoid it.

The port of Churchill, Man., handled a record number of 20 ships during the brief 1960 shipping season.

## NEWS FOR THE BUSY FARMER

### KENNEBEC, NEW POTATO VARIETY LICENSED FOR SALE

The new variety of potato — Kennebec — has now been licensed for sale in Canada and is therefore eligible for certification as seed.

W. N. Keenan, Chief, Division of Plant Protection, Department of Agriculture, Ottawa, announced today that fields planted with this seed variety will be eligible for inspection this year provided that the quality of such seed is equal to Foundation or Foundation A class as defined in Canadian Regulations.

### Honoured Twice

N. R. CRUMP

N. R. Crump, of Montreal, vice-president of the Canadian Pacific Railway Company, who received two of the highest honors in the field of mechanical engineering recently. He was awarded an honorary degree of doctor of engineering by Purdue University, the "railroad school" at Lafayette, Ind., where he studied for his bachelor of science and master of engineering degrees in the early stages of his railway career. A few days after, he was made an honorary member of the American Society of Mechanical Engineers at an investiture in Toronto, becoming the fourth Canadian to have received this distinction in the history of the society.

Developments in the field of pest control have been rapid during the past ten years, and today there is a wide variety of insecticides for agricultural use and new materials are constantly being promoted.

The chlorinated hydrocarbon insecticides, which include DDT, chlordane, benzene hexachloride (BHC), and its purified form, lindane, toxaphene, heptachlor, methoxychlor and aldrin, now serve in controlling an extensive range of agricultural pests. There is a wide difference in the degree of toxicity in the different members of this class, says P. M. Overholst, who supervises registrations of pesticides under the Federal Pest Control Products Act, and the use or uses for each should be confined to the recommendations accepted at time of registration and which are printed on the label.

Another new class of insecticide and more acutely toxic than the chlorinated hydrocarbons, is the organic phosphates, the two chief members of which are parathion and Tepp. These are effective materials in combating

pests against insects affecting farm, orchard and garden crops and against livestock pests, was relatively small. Arsenicals and nicotine sulphate were the principal insecticides for use on crops, while rotenone and pyrethrum were the principal materials for combating insects affecting domestic animals.

Pig testing, Mr. Lefebvre points out,

the destructive aphids and mites but are so dangerous to handle that extraordinary precautions are necessary in using them. The recommendations approved for these, Mr. Overholst points out, are that they be used only on tree fruits and on turnips and pea crops, but Tepp may be used on certain vegetable crops as well because of the shorter duration of its toxic effects.

Methoxychlor, lindane and pipерони́н (piperonyl) mixtures are in a class which are not regarded as hazardous, and so are recommended for use against flies and lice on animals, including dairy cattle.

### PURE BREED PIG TESTING

In North America there are two general types of hogs — lard and bacon types. The fact that some breeds are classified as bacon hogs shows that the difference is considered to be one of breeding and not merely of feeding. Pig testing in Canada, called Record of Performance R.O.P. is based on this belief, and its purpose is to help the breeder of pure bred pigs to make a more accurate selection of the most desirable breeding animals in his herd. Excess fat is now a liability and reduces the value of the hog on the market. Desirable hogs are those which have the highest proportion of lean or muscle in the areas of the highest priced cuts. These are the middle and hams.

Though an appraisal of carcass quality is the most important feature of the Canadian system of pig testing, says J. G. Lefebvre who is closely associated with the Canadian Department of Agriculture R.O.P. work, other utility factors of primary importance to all hog raisers are part of the system. These are litter size — for which the minimum requirement is eight pigs weaned — are for weight, and feed required for one hundred pounds gain in weight. Except for litter size, the record for a sow is based on the performance of litter test group of four of her pigs. These are usually fed at central stations where feeding can be standardized. Marketing stakes place when pigs will yield a carcass of about 150 pounds.

Carcass quality is appraised on the basis of six key factors of quality. These are lengths of side, thickness of belly and general type. The first four are scored on measurement or weight. Belly grade is determined by comparison with photo standards, type by commercial grade standards for general conformation. Taken together these factors provide an accurate appraisal of the suitability of swine carcasses to meet modern demands for a low fat, high lean carcass.

Pig testing, Mr. Lefebvre points out,

is designed to help breeders in selecting the most desirable animals from a utility standpoint. Its findings and records are based on results and its use enables the breeder to make a more accurate selection of the sows and boars which produce the most desirable carcasses and have the other desirable qualities of good bacon pigs. Records are published and are available to anyone, breeder or farmer, who desires to obtain animals with the background of performance at the feed trough and on the block.

## Scottish Visitors Enjoy Ontario

Four delegates from Scotland visited Hastings County from June 11th to June 18th. Their stay in the County was much enjoyed. Among the highlights of the programme was a visit to North Hastings where they were impressed by the North Hastings High School in Bancroft. They were of the opinion that the country-side in Hastings County appeared much the same as that of their homeland. However, one of the visitors commented that in Scotland the trees were all large ones and there would be no brush showing around fences.

On Sunday evening, June 17th, the Hastings County Junior Farmers held their Annual Church Service at which the Hastings County Junior Farmer Choir took part in the service and the Choir Recital following the service.

Douglas Ross, President, conducted the service while Gaynor Rendall gave the message. Approximately two hundred and fifty Juniors and their parents and friends attended the service which was held in St. Paul's United Church, Stirling. Our Scottish friends left Hastings County to visit sights of Peterborough County and District.

### Crop Inspection

Registered and certified seed are multiplicities of seed stocks originating with plant breeders. Such seed has to meet exacting purity of variety standards which can be determined only by a close examination of the growing crop.

Registered and certified crops must be grown on clean land, and be properly isolated from other crops of the same kind to prevent contamination and cross pollination. All implements used to handle such crops and all facilities to store the seed must be thoroughly cleaned. Growers of registered and certified seed are required to take all precautions to prevent deterioration of the seed they multiply. It is their responsibility to apply to the Plant Products Division of the Department of Agriculture for inspection of the crop.

In their reports inspectors record the pedigree of the seed, and note other factors of agronomic importance, such as: isolation, disease, insects, weeds, previous crop. An inspector's determination for purity of variety, which is the main purpose of the inspection, is based on six areas of 1-50 of an acre. For each such area he records the number of plants which do not conform to the official description of the variety and describes them.

The many determinations made in registered and certified seed crop inspections have an important bearing on crop production.

### Hybrid Corn Production

A long, careful programme of breeding and selection and rigid inspection behind the production of hybrid seed corn in Canada today guarantees that the purchaser of hybrid seed corn gets the very highest quality.

More than 150,000 bushels of hybrid seed corn was registered for sale in Canada in 1950.

The production of seed of hybrid field corn in Canada is confined entirely to the registered grade and is subject to the rules and regulations of the Canada Seeds Act.

This means that both the production fields and the seed itself are subject to complete and rigid inspection by officers of the Plant Products Division of the Production Service, Canada Department of Agriculture.

The first inspection, usually made before tassels are showing, is made to check for isolation from other fields of corn in the vicinity.

Three more inspections are made to ensure that tassels are removed from the plant to be used as seed, and the final desilassing inspection is made when the silks on the seed parent ears are nearing the end of their receptive period.

When cleaned and graded, seed is presented to an inspector for final check against the standards laid down under the Seeds Act. If passed, it is tagged and sealed with the official tag and seal of the Canada Department of Agriculture.

Hybrid corn is the product of cross-

ings between two or more inbred or true-breeding lines developed through a breeding programme.

Because corn is normally cross-fertilized, making it possible for each kernel to have different parentage, it shows a great deal of variability. Inbreeding, therefore, is necessary to purify corn genetically.

During the period of inbreeding, usually about five years, the more desirable inbreds are kept and the poorer ones discarded.

Since inbreeding, while producing purity, also results in a reduction in size breeding and production, the inbred lines themselves cannot be used to produce a commercial crop of corn.

A vigorous and productive hybrid results when the proper combinations of inbred lines are crossed.

Most hybrids are produced from a combination of four inbred lines. They first are crossed in two pairs to produce the single double cross. This is the commercial hybrid.

The hybrid seed grower plants two single crosses. Extreme care is required to prevent contamination of the single crosses.

### New Course For Dental Hygienist

An opportunity for young women to train for the profession of dental hygienist is offered by the Faculty of Dentistry, University of Toronto, in a new course to begin next September. President Sidney Smith has announced.

The course will be two academic years leading to a diploma, and will be available to girls seventeen years old on or before June first, 1961. A maximum number of ten students only will be accepted. Tuition fee for the course will be \$250.00.

A dental hygienist is an educator in dental health, using dental prophylaxis (cleaning and polishing teeth) as a means of teaching the importance of home care of the mouth and the desirability of oral and regular dental care. Dental hygienists are employed in school dental services, government departments of health and other health services and agencies, and in private dental practitioners' offices.

Admission requirements are the Ontario Secondary School Graduation Diploma in the general course, showing that credit has been obtained in the four optional subjects; and the Ontario Grade XIII certificate or equivalent certificates in nine papers of specified subjects. Applications will be received by the University Registrar up to September first, and further enquiries should be made to the Dean of the Faculty of Dentistry.

### Crop Report

Seldom have all crops looked as this time of year as do they do this season. So states the June Crop Report of the Ontario Department of Agriculture, which adds that if favourable weather conditions continue for the rest of the growing season, a new crop production record for the Province will be set.

Prospects for the Fall sown grains — wheat and rye — are excellent and yields as good or better than last year are expected. Seeding of spring grain

was delayed but the crops are now making excellent progress. When it comes to hay and pasture, conditions are described as excellent. The pasture is luxuriant with livestock making good gains, and the milk flow at a peak level as a result. Haying is just getting under way, with some meadows already cut for silage. There is little winter-killing and, if good haying weather prevails, there will be plenty of high quality feed stored for next winter.

The later sown crops, such as potatoes, tobacco, and sugar beets have gone in in excellent condition under good weather conditions.

Set of the tree fruits appears heavy while strawberries and raspberries give promise of a full crop. Vegetable crops are somewhat ahead of last year, although still not unusually early. However, the crops are growing well and prospects are for ample supplies.

### NEW CHEMICAL WEED CONTROL CIRCULARS

Ontario farmers who are interested in chemical weed control can obtain the latest information on the subject in two new circulars which have been issued by the Ontario Department of Agriculture. These are the Handbook of Chemical Weed Control, which gives a full outline of the use of the various chemicals used for the purpose and of the weeds and crops which may be used to best advantage. The companion leaflet "1961 Guide to Chemical Weed Control" gives in tabular form the types of weed killer and the rates of application, as well as some other brief notes on the subject.

The development and use of these chemicals has become widespread in recent years. At the same time, the introduction of new chemicals and the results of experiments, make it essential that the users keep up to date with new developments, if best results are to be obtained. The current information on the subject was gathered and prepared by the Advisory Committee on Herbicides for Ontario — a group made up of representatives from all phases of the work.

Copies of the "Handbook of Chemical Weed Control" and the "1961 Guide to Chemical Weed Control" (Ontario Department of Agriculture Extension Circulars No. 75 and 75B) are available from the offices of all Agricultural Representatives or they can be obtained by writing to the Crops, Seeds and Weeds Branch, Ontario Department of Agriculture.

### Quick Canadian Quiz

1. What Canadian minister's son gained fame teaching medicine in Canada, the U.S. and Britain?

2. The railway industry employs how many?

3. Canadians will spend how much this year in retail stores?

4. Of our 3,845,144 sq. miles, how much is taken up with farming?

5. Last year did we produce 7,17 or 21 million barrels of flour?

ANSWERS: 5. 21 million barrels.

3. About \$9 billion. 1. Sir William Osler. 4. 267,361 sq. miles. 2. 185,000 men and women.

(Material supplied by the editors of Quick Canadian Facts, the handbook of facts about Canada.)

## Stirling Village Council Holds Lengthy Meeting Thursday Night

To Issue Debentures For Required Amount For The New Hydro Sub Station

The regular meeting of Stirling Council was held in the Community Hall on Thursday evening last, with Reeve H. J. Wells presiding and Councillors Wm. Montgomery, Russell West, W. T. Elliott and Don Rodgers.

### To Issue Debentures

Clerk Mallory tabled a letter from the Stirling Public Utilities Commission requesting the Village Council to issue debentures up to \$15,000 for the erection of a new substation and the extension of the services. A second letter from the Ontario Hydro Commission gave assent to the debentures being issued.

Mrs. J. Malloy wrote Council asking a rebate of tax on a dog, but no action was taken by Council.

A communication from Hespeler Town Council requested concurrence in a resolution protesting to the Provincial Government the inequality of the distribution of County road costs.

### Approve Plans

The Central Mortgage Co. wrote asking approval of the plans of the War-time Housing on the Marmora Road as requested by the Ontario Planning Board. On motion of Councillors Elliott and West Council approved the plans, on the payment by Central Mortgage of an account for \$30.55.

Clerk Mallory reported that a cheque for \$433.33 had been received as a grant on Stirling Community Recreational Centre expenditures.

A letter from J. E. O'Donnell relative to having the flag pole in Coronation Park painted and a suitable rope provided was tabled. The matter was left in the hands of the parks committee on motions of Councillors West and Montgomery.

A communication was tabled from Dr. E. A. Carleton, M.O.H., approving the sewage system at the War-time Housing project on the Marmora Road.

### Ditch Discussed

E. T. Ward wrote Council relative to a cave-in in the drainage ditch at the rear of his property, and asking Council to repair it. This communication started a lengthy discussion over this perennial question. Council was opposed to assuming responsibility for the maintenance of this ditch since it was on private property but in view of possible damages to other business property from flood waters in event the cave-in was not repaired was favorable to some assistance being given. On motion of Councillors Montgomery and Elliott, Clerk Mallory was directed to write Mr. Ward agreeing to pay 50% of the cost of repairing the cave-in up to \$50.00, on the presentation of the bills to Council.

The following accounts were presented for payment:

H. C. Martin, \$30.20; S. Mason, \$13.50; J. R. Green, \$3.00; Sam Bowen, \$48.75; W. Sinclair, \$26.00; Bell Telephone, \$8.35; Ken Morrow, \$50.75; Stirling Motor Sales, \$2.50; D. M. Sine, \$5.00; Public Utilities, \$173.97; J. C. McGee, \$.45; McIntosh & Wells, \$2.30; Roofers' Supply, \$115.57; F. R. Mallory, \$12.75; Sam Bowen, \$49.40; Stirling Lumber Co., \$2.50; C. B. Rollins, \$11.25; Stirling Welding Shop, \$1.50; Stirling Machine Shop, \$2.00; Ramsey Cooney, \$34.25; Roofers' Supply, \$11.78.

The matter of repainting and repairing the welcome signs at the village limits was introduced by Reeve Wells and left in the hands of the property committee.

It was moved by Councillors Elliott and Montgomery that at the request of F. A. Sprentall, Gordon Bailey be made manager of the Stirling Theatre and that Bylaw No. 540 be considered amended to give Mr. Bailey the position as manager.

On motion of Councillors Montgomery and West August 6th was declared a Civic Holiday in Stirling and that the next regular meeting of Council be held July 30th. The clerk was instructed to have an advt. inserted in the News-Argus the week previous.

Councillor Elliott gave notice that he would introduce the bylaw issuing hydro debentures at the next meeting.

Councillor West, chairman of the

### Will Take Leadership Course

Mr. and Mrs. Jos. Irish are leaving on Saturday next, July 14th, for Blue Springs Scout Reserve to take a leaders' course in Scout and Cub work. They will be accompanied by Scouts Ray Hermiston and Ronnie Woodbeck.

### Has Operation

Rev. A. E. Baker expects to occupy the pulpits of St. Paul's and Carmel Sunday, July 22nd. Mr. Baker is recovering from a skin graft operation at the Toronto General Hospital.

### Painting Up

Several of the local business men have brightened up their premises with a new paint job in recent weeks.

Duffin's Furniture Store, Jeffrey's Shoe Store, Bill Morton's Body & Fender Shop and Lorne Stapley's Garage are among those showing an improved appearance, while McCallum Frontenac employees are engaged this week in painting the exterior of McIntosh & Wells Garage.

### Glen Ross School Report

To Grade 9 — Joyce Bailey, Danny Loshaw.

To Grade 8 — Jim Hubel (H), Jim Keating (R), Merritt Wood (R).

To Grade 7 — Dale Hubel (H), Maurice Wood, Doris Grills.

To Grade 5 — Don Hubel (H), Dorothy Johnston (H), Margaret Brooks (H).

To Grade 4 — Douglas McCrory (H), Tom Grills, Harold Wood (H), Jean Grills (H), Bob Neal, Sheila Wood (H).

To Grade 2 — Freddie Keating (H), Keith Grills (H), George Grills, Ken Wood.

To Grade 1 Senior — Glen Burns. To Grade 1 — Louise Hubel Joan Bush, Teacher

### Successful In Music Exams

The Royal Conservatory of Music Toronto June Examination results for pupils of Mrs. A. E. Baker, A.R.C.T., are as follows:

Theory Grade I — Miss Irma Campbell, First Class Honours.

Theory Grade II — Miss Leila McColl, Wooler; Miss Helen Stapley, and Mr. Meighen Rodgers, all First Class Honours.

Singing

Grade I — Anne Redcliffe, Wooler; Janet Ann Good, both Honours.

Grade IV — Donna McColl, Wooler, Honours; Marlene Carlisle, pass.

Grade VI — Irma Campbell; Helen Stapley, both First Class Honours; Margaret Haggerty, and Verna Brown, both Honours.

Grade VIII — Meighen Rodgers, pass

Piano

Grade II — Anne Morrow, Wooler, Honours; John Morrow, Wooler, pass.

Grade VI — Leila McColl, Wooler, Honours; Marion Asselstine, pass.

Everyone who tried examinations was successful.

### Good Crop Raspberries

Raspberry growers of the district predict a bumper crop, with weather conditions permitting.

It is 99 years since Canada issued her first postage stamp.

Cemetery Committee, introduced the matter of leasing the field at the cemetery and the committee was empowered to sign a three-year lease with W. C. Pryor for \$15.00 per year, the field to be left seeded.

The Reeve spoke of drainage difficulties at the property of Mrs. A. B. McGee, Front St., and the Clerk was instructed to write the Division Engineer of the Dept. of Highways, Kingston, relative to having the condition remedied.

### LADIES HOLD "TRIPLES" TOURNAMENT

A successful "triples" tournament was sponsored by the Stirling Ladies' Bowling Club on Tuesday afternoon, with rinks being present from Belleville, Campbellford, Trenton and Deloro. Three 12-end games were played.

High honours for the day went to Mrs. Bert Taylor's rink of Campbellford, with three wins and a score of 38 plus 4. Mrs. Cross, of Belleville, was high for two wins, with a score of 41 plus 9, while Mrs. Brown and her rink, of Trenton, were high for one win with a score of 32 plus 5.

A dinner was served by the local ladies at six o'clock.

**Bowling Notes**  
Mrs. A. Fraser and Mrs. W. T. Elliott represented Stirling ladies in the doubles and Mrs. E. Green, Mrs. R. Burgess and Mrs. E. Munro, in the Provincial district play-offs in Trenton on Monday last.

Stirling bowlers lost to Kingston in a league game on Monday night, with Messrs. Elliott, D. R. Patterson, R. A. Patterson and Tompkins, playing S. Harrison's rink in Kingston, and Messrs. Francis Jeffrey, A. Brooks, F. Mallory and R. E. Fox opposing Morley Gault's rink, of Kingston, on the local greens.

Messrs. R. A. Patterson and R. E. Fox participated in the Liftlock Doubles Competition in Peterborough yesterday. The tournament was interrupted by rain and was decided on a two-game basis.

Messrs. W. T. Elliott and Joe Fenton and F. R. Mallory and D. R. Patterson attended the doubles tournament in Belleville yesterday.

British Columbia's whale catch — 314 — in the 1950 season was the biggest since 1936.

### HON. J. R. COOKE CHAPTER I.O.D.E.

The last regular meeting of the Hon. J. R. Cooke Chapter, I.O.D.E., was held at the home of Marie West, on June 28th, with the regent, Tillie Green, presiding.

The meeting opened with the prayer of the Order and the flag was brought forward. The minutes of the last meeting were read and approved. A letter of acknowledgment from the Navy League of Canada for \$60.00, proceeds of the Tag Day in Stirling, was read. A letter from Miss Mead, thanking the members for their assistance at the Monarch Cooking School was read.

The hospital committee reported they had visited Trenton Memorial Hospital and chosen a pleasant private room. As some furnishings are still needed it was moved by Jean Utman and seconded by Neva Cain, that a thermos be purchased for the room.

Several members volunteered to visit residents of the town notifying them of the Chest Clinic which will be held in August.

Considerable discussion followed concerning the placing of some article in the new school. Helen Rodgers was appointed to find out what would be most appreciated and to report at the July meeting.

The next meeting will take the form of a pot luck supper at the Spyre cottage at Oak Lake on July 25th. Any member wishing a ride is asked to contact Rosa Spyre.

The meeting closed with the singing of the National Anthem, after which refreshments were served by the hostess and her committee.

British Columbia's whale catch — 314 — in the 1950 season was the biggest since 1936.

Plans were discussed for holding the Annual Rotary Fair next month and the appointment of committees to have charge of the event will be made next meeting.

### Rotary Speaker

"Torgy" Torgeson, of Estevan, Sask., Past District Governor of Rotary, was the guest speaker at Tuesday's meeting of the Stirling Rotary Club, and delivered a splendid address on the work of the organization. The speaker was introduced by Rotarian Dr. R. Vandervoort and thanked by Rotarian Walter Elliott.

Plans were discussed for holding the Annual Rotary Fair next month and the appointment of committees to have charge of the event will be made next meeting.

### Local and Personal

Mrs. A. Good, Sr., spent last week with Mrs. W. Preston, at Oak Lake.

Mrs. Rebecca Sine is visiting her daughters in Toronto.

Miss Shirley Ormiston, of Toronto, was a guest at the home of Mr. and Mrs. Thos. MacConnell last week.

Dr. John Walker is spending his vacation with his parents, Rev. and Mrs. W. H. V. Walker.

Mr. and Mrs. J. Jackman, Toronto, are guests at the home of Mrs. A. Fanning, John St.

Mrs. Harvey Boyd and son Dennis, of Ottawa, are visiting Mr. and Mrs. Arthur Hulin.

Mrs. Kaye is visiting her daughter and son-in-law, Mr. and Mrs. Albert Sagar, at the Radio Range Station.

Mr. and Mrs. Jack Bowen, of Albany, N.Y., are guests this week of the former parents, Mr. and Mrs. Sam Bowen.

Mrs. H. Hanson, of Kingston, is spending a few days with Mr. and Mrs. Chas. Davidson and family.

[Mr. and Mrs. S. R. Boyce and Miss Lorna Boyce spent Sunday with Mr. E. Huffman, in Hartington.]

Mr. and Mrs. Herb Stewart attended the funeral last week of Mrs. John Demarest, Trenton.

Mrs. Janet Utman spent a few days last week with Mrs. Scott, of Thomasburg.

[Miss Eleanor and Adeline Bush are taking a five-weeks' summer course in Toronto.]

Mr. and Mrs. Bruce Armstrong and June, and Mrs. Jack Armstrong, spent the weekend in Toronto.

Mr. C. M. Sine is a patient in Belleville General Hospital, where he underwent an operation on his eye.

Mr. and Mrs. X. P. Mayhew are spending this week with relatives in Whitby.

Mr. and Mrs. Ross Scott and Diane of London, are guests this week of Mr. and Mrs. S. Holden.

Mr. and Mrs. J. Soboye and children, and Miss Vera Stapley, of Penetanguishene, are guests of Mrs. R. Stapley and other relatives in town.

Messrs. John McRae, of Ottawa, and William Kerr, of Mountain, were guests of Mr. and Mrs. William Bentley.

Grant Emslie and Bobby Dandy, of Windsor, are spending their holidays with the former's grandmother, Mrs. Arthur Gordian.

Mr. and Mrs. Torgeson, of Estevan, Sask., are guests of their daughter, Mrs. Bob Phillips, and Mr. Phillips, Holloway.

(Continued on Page Eight)

### Home From Hospital

Mr. Jim Wright returned home on Tuesday from Belleville Hospital where he underwent an appendectomy on Thursday night.

### Milk Report

The following is a report of milk from the Stirling Dairy for the month of June.

B. Coli Count, 1; Standard Plate Count, 17,000; Per Cent Butterfat, 2.4; result of Phosphatase Test, "A."

### Stirling Defeats Frankford 8-5

Break Losing Streak In Thrilling Game — Lost To Campbellford Friday Night

The local softball squad finally broke their losing streak in the Trent Valley League at the expense of Frankford Merchants at the local recreational grounds on Monday night. The score read 8 to 5 at the end of the game.

The visitors jumped into a four-run lead in the first inning when they knocked Smith, the locals' starting pitcher out of the box, with a walk, two singles and a triple by Wickson. Faulkner replaced him to quell the rally and after Wickson scored on a put-out, allowed only one more run throughout the game.

Stirling got back into the game with a three-run outburst in the bottom half of the first inning on singles by Bastardo and Lanigan and a homer by Don Rodgers. They added one in the second to tie the score only to have the visitors take a 5-lead in the third on singles by Wickson, Rankin and Consalvi. Stirling took the lead in the fourth when Freddie McMurray opened with a double and singles by Bastardo and Lanigan accounted for two runs. They added two more in the eighth on a single by Zufelt, a walk to Smith and an error on Bastardo's drive to make the count 8 to 5.

Cosgrove and Wickson led the Frankford hitters, while Bastardo, Lanigan, Faulkner and Rodgers were prominent for the locals. Freddie McMurray provided the fielding features for Stirling with two fine catches in right field.

Frankford — Appleby, lf; Bedard, ss; Cosgrove, cf; Wickson, 3b; Rankin, rt; Murphy, c; Consalvi, 1b; Morgan, 2b; Manion, p.

Stirling — Bastardo, 3b; Utman, 2b and lf; Lanigan, cf; Dafoe, 1b; Rodgers, c; Zufelt, ss; Faulkner, lf and p; Smith, p and 2b; McMurray, rf.

Score By Innings

Frankford ..... 4 0 1 0 0 0 0 0 0 5

Stirling ..... 3 1 0 2 0 0 0 2 x 8

Umpires — Plate, M. Fraser; bases, Geo. Dunham and A. Carr.

### Lose To Campbellford

On Friday night last, Stirling softballers lost another close game to Campbellford at the local recreational grounds. The final score was 11-10 for the visitors. The locals came from behind with a rally in the 8th inning to tie the score only to have Campbellford push across two runs, one unearned in the top half of the ninth. Stirling had one run in and the bases loaded when McComb made Utman hit a pop fly to the mound to end the struggle.

The locals were minus Dafoe and Wright, of their regulars, and Freddie McMurray, a juvenile, filled in at first for Dafoe and Don Rodgers went behind the bat.

### Late Harry I. Cordon

The funeral of the late Harry I. Cordon, father of Mrs. George Crown of this village, was held from the Belleville Burial Company Funeral Home on Saturday afternoon, with service being conducted by Rev. J. G. Hornsby, of St. Andrew's Presbyterian Church, Belleville. Friday evening a Masonic service was held conducted by officers of Eureka Lodge No. 11 A. F. & A. M.

The bearers were E. J. Gasley, Lay Harris, Ralph Gibson, Sam Munro, Arnold Cherry and Sam Mulholland. Interment was at Belleville Cemetery.

### Let's Have The News

Vacation season is here, and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points from time to time.

Every one of these visitors is a news items of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know. We do not wish to miss these "comings and goings", but if someone doesn't tell us, how are we to know? May we count on your cooperation?

## Items of Interest St. Paul's-Carmel

(By Rev. A. E. Baker, U.E.)

## More About Our Expenses

The St. Paul's report for 1950 shows that our minister was paid \$3,000.00 salary which includes \$300.00 for car allowance. (Carmel is reported separately). It therefore takes approximately \$4 or 160 twenty-five cent contributions per week to pay our Minister at St. Paul's. Thanks to the interest of our people the Church Treasurer has been able to pay this promptly and has often made advances to meet emergency situations. The summer time especially is one of difficult financing on most churches except where tithing is practised.

For the current account our church expenses totalled \$5308.50 in 1950. This does not include M. & M. gifts. In short it cost approximately \$100 per week to finance the church. If we allow for 400 sittings in the church this would require an average of twenty-five cents per person if every seat were occupied every Sunday to pay our way. Since we do not average more than 200 persons per Sun-

day it requires at least an average giving of fifty cents per person to pay our way. There are many members and friends of St. Paul's who are not aware of this who would gladly cover the operating cost of the service they support rather than be beholden to the above average gifts of other members of the congregation. There are many juveniles also who are not expected to give the average of fifty cents per Sunday to cover the expense of keeping the church open. It is therefore urged that as many as possible make regular gifts above the average so that the work will be adequately maintained without any undue burden upon anyone. Fifty cents as a minimum contribution each week regularly set aside in the black pocket of your envelope with what additional gift you can give to the red pocket for the Missionary and Maintenance Fund will give you the satisfaction of those who are helping the church to pay its way.

The fifty cents should be multiplied by the numbers of adults in the home wherever possible. All gifts are voluntary and those who are able only to give the "widow's mite" are as welcome as millionaires. "The Lord looketh on the heart."

## Manners

Our children receive excellent codes of conduct at schools. Perhaps better results could be obtained if parents were furnished with a copy of these codes.

We were impressed by the following everyday rules listed for Grade III in one of our schools (1) Getting ready for school: 1. Brush your teeth; 2. Comb your hair; 3. Wash your hands and arms, your face, neck and ears; 4. Brush your shoes; 5. Clean your finger nails; 6. Get a clean handkerchief; 7. Eat a good breakfast, egg cereal, toast, milk, juice; 8. No tea or coffee; 9. Go to the bathroom.

(2) Getting ready for bed: 1. Wash; 2. Brush your teeth; 3. Early to bed, early to rise, makes a man healthy, wealthy and wise; 4. Sleep at least 10 hours; 5. Hang up your clothes carefully; 6. Sleep with your window open; (7) Go to the bathroom; 8. Say your prayers.

(3) Good manners at meal times:

1. Wash before meals; 2. Comb your hair; 3. Grace, "Thank you for the world so sweet, thank you for the food we eat, thank you for the birds that sing, thank you God for everything"; 4. Eat slowly, don't gobble your food; 5. Don't smack your lips; 6. Keep your elbows off the table; 7. Use your fork, knife and spoon correctly; 8. Keep your mouth shut when chewing; 9. Don't talk with your mouth full; 10. Chew your food well; 11. Take small bites; 12. Say please and thank you; 13. Don't eat with your fingers; 14. Be happy at the table; 15. Don't eat between meals except fresh fruit; 16. Don't reach; 17. Stay at the table until everyone is finished then say excuse me before leaving.

(4) We should always wear our good manners they will never wear out. 1. Don't try to talk when someone else is speaking; 2. Don't stand or walk in front of anyone if you can go behind them. If you have to walk in front of someone always say excuse me; 3. Turn your head when you cough or sneeze; 4. Always say please and thank you; 5. Don't make faces; 6. Don't talk back; 7. Don't sulk or pout.

## Who's To Blame?

During the month of July St. Paul's Sunday School paid for 19 copies of the Story Hour, 27 copies of the Explorer, 58 copies of the Canadian Girl, 23 copies of the Canadian Boy and 10 Onwards, at an approximate cost of \$2.95. The pupils for whom these papers were ordered were not there and did not ask that their order be cancelled for June. The cost to the Sunday School was a dead loss as the absence of these pupils meant no offering to cover the cost of the papers ordered for them. When pupils do not care enough about papers to read them there is no point in ordering them.

Our Sunday School papers are among the very finest published in the World. It is part of the education of a boy or girl to read these papers. Parents are invited to co-operate in encouraging their children to read these papers.

## Waldencians

The Waldenses were the first people in Europe to provide for the education of children of every degree including even those of the poorest goatherds. Their teachers were their Pastors. Bernard in the 12th Century complained: "They have school everywhere which the meanest of the people are allowed to attend."

## Billion

In these days when governments are talking in "billions" it might be well to reflect how much a billion totals. To count one billion would require 9,512 years 34 days 5 hours and 39 minutes at 200 numbers to the minute. Do we ever expect to get out of debt or will one day arrive that it will become so staggering as to disappear by default.

Adequate profits are a basic necessity in our economy. They provide the tools of industry and help to keep our productive machinery healthy and growing. Obviously adequate wages are a basic necessity, too, a very human necessity. Living costs are high, and we all want more money. But prices are high today simply because there is already too much money chasing too few goods. Money is losing its value because it's too plentiful, too cheap.

Figures tell the story. We're producing a lot of goods. Industrial production in Canada is up 91 per cent from the 1939 average, and our manufacturing output is up 102 per cent. But the supply of money available in the country to buy these goods has increased more than twice as fast — it's up 240 per cent from 1939.

Average weekly wages in manufacturing, the biggest single factor in the cost of production, have increased 135 per cent since 1939, without counting fringe benefits which have also added to the cost of turning out goods. Industrial raw materials are 208 per cent more costly. Transportation costs are greater; so are fuel costs and the cost of maintaining plants and equipment, due largely to wage increases.

It is not surprising, then, that the cost of living is 80 per cent above the 1939 level.

As long as the money supply continues to outrun the supply of goods available for sale, we can expect high prices to remain high. Greater production is the only answer. And no loan will change the situation.

More than 12 million homes in 27 of the United States use natural gas piped from U.S. wells through more than a quarter of a million miles of pipelines.

The basis of Canadian prosperity is a high national income distributed with regard to individual contribution to production.

## Old Sunday School Book

Book No. 7 of the Harold Sunday School has been located and deposited with the Archives Department of Queen's University. On April 23rd, 1878 there were five teachers and 35 scholars. In 1888 the following officers were elected: Wm. Brown, Asst. Supt.; Wm. Lloyd, Asst. Supt.; S. Armstrong, Teacher Bible Class; C. Lloyd, Teacher Intermediate Boys; Miss Ida Armstrong, Teacher of Intermediate Girls; Miss Sarah Knox, Teacher of Primary Girls; Fannie Knox was the Sec-Treas.; Miss C. Ketcheson and Miss "Burt" Runnalls were also teachers.

On July 1st, 1888, verses recited numbered 47. Other names appearing in the record include Richard Bailey, Ida Armstrong, Ida Popp, May Huble, Maggie Holcomb, Annie Huble, Cora Dafoe, Bertie Lloyd, Annie Sine, George Bailey, Homer Caldwell, Nellie Cook, Arthur Tompkins, Earl Bailey, Alfred Seabridge, May Huble and Bettie Lloyd. The book closes in 1891. Who has books Nos. 1 to 6? \*

The Switzerville congregation of the Newburgh Pastoral Charge are holding special services on Sunday September 16th when a memorial tablet will be unveiled to commemorate the formation in the year 1828 of an independent Methodist Episcopal Church in Canada at a meeting of the Canada Conference held in Switzerville that year.

## Slogan Is No Cure

In times of stress, somebody usually comes up with an appropriate inspirational slogan. Remember those depressed days of the Thirties when the catch-phrase was "Prosperity is just around the corner?" Well, there was a boom around that corner, but instead of making everybody happy it gave us all something else to worry about: a high cost of living.

Now, it's time for someone to popularize some such phrase as "Every cloud has a deflationary lining," or "Stabilization is just over the horizon." The trouble is, nobody has time for slogans these days. We're all too busy looking for a convenient scapegoat.

Everybody blames everybody else — labour, industry, government, the farmer, and so on. The culprit varies according to your own particular circumstances and outlook, but it's invariably Somebody Else.

That's the trouble with the human animal. Naturally, we would all like to live in a society that offered boom wages and depression prices side by side. Who wouldn't? The hard fact is, however, that none of us is likely to enjoy this sort of set-up for very long.

One of the inescapable realities of this world of ours in 1951 is that prices wages and profits are a trinity. You can't discuss one without considering the others.

Adequate profits are a basic necessity in our economy. They provide the tools of industry and help to keep our productive machinery healthy and growing. Obviously adequate wages are a basic necessity, too, a very human necessity. Living costs are high, and we all want more money. But prices are high today simply because there is already too much money chasing too few goods. Money is losing its value because it's too plentiful, too cheap.

Figures tell the story. We're producing a lot of goods. Industrial production in Canada is up 91 per cent from the 1939 average, and our manufacturing output is up 102 per cent. But the supply of money available in the country to buy these goods has increased more than twice as fast — it's up 240 per cent from 1939.

Average weekly wages in manufacturing, the biggest single factor in the cost of production, have increased 135 per cent since 1939, without counting fringe benefits which have also added to the cost of turning out goods. Industrial raw materials are 208 per cent more costly. Transportation costs are greater; so are fuel costs and the cost of maintaining plants and equipment, due largely to wage increases.

It is not surprising, then, that the cost of living is 80 per cent above the 1939 level.

As long as the money supply continues to outrun the supply of goods available for sale, we can expect high prices to remain high. Greater production is the only answer. And no loan will change the situation.

More than 12 million homes in 27 of the United States use natural gas piped from U.S. wells through more than a quarter of a million miles of pipelines.

The basis of Canadian prosperity is a high national income distributed with regard to individual contribution to production.

## Meiklejohn Family Annual Picnic

In Monday, July 2nd, the Meiklejohn families held their annual reunion at Stoco Lake, Tweed.

Dinner was served at noon, followed by a business meeting. Mr. Sanford Meiklejohn was elected President, and Mrs. Fred Barnum, Secretary-Treasurer. Sports Committee, Mrs. Grenville Meiklejohn, Springbrook; Mr. Roger Meiklejohn, Stirling; Mr. Andrew Meiklejohn, Peterboro.

Prizes were given to the eldest cousins present. Mrs. Jane Meiklejohn and Mr. Geo. Meiklejohn, of Tweed. To the one who came the greatest distance, Mrs. Effie Mather, of Toronto. To the largest family, Mr. and Mrs. Grenville Meiklejohn, Springbrook.

Games and races were enjoyed by all and plans are being made to meet again next year.

## Traffic Deaths Are Still High

At least 61 people were killed in Ontario by traffic accidents during May.

This is fewer traffic deaths than in the same month a year ago, but not few enough to make the record for 1951 any improvement over 1950. Ontario's five-month traffic toll stands at 223 dead compared with 220 in the corresponding period of last year.

The improved comparison for the single month of May involved an unusual drop that month in the number killed by non-collision or fixed object accidents. Victims of two-vehicle collisions were also fewer, as were those killed in level crossing crashes. However, the number of motorcycle, bicycle and pedestrian victims was higher this May than last.

Out of 61 traffic fatalities last month 17 were children (age 0-14). The five-

month total of children involved is 47 compared with 50 during the same period last year.

## Spend \$770,000 On New School

Municipalities in the Napane area have approved a \$770,000 expenditure to build and equip a new district collegiate in Napane, trustee board chairman P. U. Laidley said. Contract for the building has been awarded to M. Sullivan and Sons, of Arnprior.

With Ontario Municipal Board approval construction will begin within a few weeks. The board expects to have the building ready for occupancy by September, 1952. Accommodation is planned for 650 pupils from eight Lennox and Addington municipalities. The construction company's contract is for the building only and amounts to \$619,447. The remainder is to be spent on equipment.

In 1948, Canadians on the average attended motion pictures 18 times and paid about \$7 each in admissions.

thing," by Mrs. Don Kerr. Mrs. Ernest Irwin then introduced Mrs. Beatty of Madoc, District Institute President, who gave a fine talk. The motto, "Luxuries do not always bring happiness," was given by Mrs. Jack Watson. A word of greeting was given by Mrs. Moore, of Madoc, Past District President. The programme was brought to a close by singing the National Anthem.

Lunch was served by the hostess, assisted by Mesdames Sanford Wilson, Frank Osborne Don Kerr and Ernie Rowe.

The Rykstone Women's Institute will cater for the Community Sale at Hoard's on Monday, July 16th. Miss Anne Reid, daughter of Mr. and Mrs. Percy Reid has been holidaying with her grandparents, Mr. and Mrs. Alvin Pollock, at Menie.

Doug Morton, of Ottawa, and Jack Morton, of Wilton, sons, of Mr. and Mrs. Wm. Morton, spent the week-end under the parental roof.

Miss Marion Petherick is spending her vacation with her grandparents, Mr. and Mrs. Dan Petherick, at Stanwood.

Mrs. Alfred Hay has returned to Campbellford after spending a few days at the home of her brother Chester Melklejohn.

Mr. and Mrs. John Kelly, of Campbellford; Miss Loretta Kelly, Toronto, and Mr. and Mrs. Alan Kelly and daughter Maureen, of Stirling, were Sunday visitors of Mr. and Mrs. Wilfred Spencer and family.

Mrs. Lizzie Thomson is visiting her daughter, Mrs. Murney Fleming, of Oshawa.

Friends and neighbours of Mr. and Mrs. Glenn Morton met at the home of his parents, Mr. and Mrs. William Morton on Monday night to welcome Mary to the community, and wish them well.

Glenn and Mary both made suitable replies and the crowd sang, "For They Are Jolly Good Fellows." Lunch was then served.

Glenn and Mary have taken up residence on his farm, formerly owned by Elwood Bateman on the 10th Line.

Mrs. Mary Jane Murray attended the shower of her grandson, Glenn, and is spending some time with her daughter, Mrs. Wm. Morton.

Mrs. Melville Finch spent a few days last week with her mother, Mrs. Sam Bowen, in Stirling.

### RIVER VALLEY WOMEN'S INSTITUTE

The Garden Party planned for August has been cancelled due to unforeseen circumstances.

good luck, long life and happiness in their married life together. The following programme was given.

Address by the chairman, Wilfred Spencer, followed by a solo, "Hello Paddy Fagan," by Ken Bain, encore, "Roamin' In The Gloamin"; reading, "Do you know this man," by Mrs. Harold Stapley; speech, by Mr. Vernon Heath, Reeve of Rawdon Township; reading, "The Village Blacksmith" (modern version), by Mrs. Ellis Jones; short speeches were given by Messrs George Thompson, Fred Barnum and Bill Morton; community singing, led by Ken Bain, with Mrs. Ellis Jones at the piano; guitar and piano duet, "Kentucky Waltz," and "Ain't She Sweet," by Margaret and Bob Spencer.

An address to the bride and groom was read by Jim Heath, as follows: Dear Glenn and Mary:

We, your friends and neighbours have gathered here to congratulate you and wish you good luck and happiness in your wedded life. As you have always lived here in this community, Glenn, we have watched you grow from childhood to manhood and would like you to know that you are held in the highest respect and affection by your friends at Rykstone, and we heartily welcome your bride.

Though most of us are not so well acquainted with you, Mary, we hope to better our acquaintance with you in the future and we hope you will be happy in our community. Wishing you every happiness and good luck and a long and prosperous life together, we ask you to accept these gifts as a small token of our esteem for you.

Signed on behalf of your friends of Rykstone and vicinity, Wesley Finch, Percy and Doreen Reid, Jim Heath, Winnie Jones, Ralph and Grace Heath, Morton Reid and Clifford Heath.

Glenn and Mary both made suitable replies and the crowd sang, "For They Are Jolly Good Fellows." Lunch was then served.

Glenn and Mary have taken up residence on his farm, formerly owned by Elwood Bateman on the 10th Line.

Mrs. Mary Jane Murray attended the shower of her grandson, Glenn, and is spending some time with her daughter, Mrs. Wm. Morton.

Mrs. Melville Finch spent a few days last week with her mother, Mrs. Sam Bowen, in Stirling.

### Mount Pleasant

Mrs. James Menzies visited friends in Campbellford last Thursday.

Mr. and Mrs. Morley Bailey, Windsor, visited his father, Mr. John L. Bailey at the home of his sister, Mrs. Clifford Sine, Mr. Sine and family, a few days last week.

Mr. and Mrs. A. Fox spent the weekend with Mr. and Mrs. Fred Bailey, of Port Hope.

Several children are entertaining the measles and were unable to attend the Mission Band party.

Mr. and Mrs. Kenneth Menzies and family, Warkworth, spent Saturday with Mr. and Mrs. James Menzies.

Miss Beverley Holmes, of Madoc, is holidaying with her grandparents.

Mr. Thomas Andrews spent a few days last week with Mr. and Mrs. Everett Sine.

Mr. and Mrs. Osborne Smith, of Peterborough, called on Mr. John L. Bailey and other relatives last week.

Mrs. F. Smith, Campbellford, is spending some time with Mr. and Mrs. Ralph Jeffs.

Mr. and Mrs. George Curry, of Belleville, spent the week-end with Mr. and Mrs. John Hay, and Lester.

Rev. R. R. Bonsteel based his message on Sunday morning on the theme, "Security."

Mrs. Herb David and Miss Lenora Williams, Stirling, spent a few days with Mr. and Mrs. Ira David and family.

Mr. A. Fox is holidaying with his niece at New Westminster, B.C.

Mrs. Ross Jeffs entertained several ladies to a demonstration party on

Friday afternoon.

Mr. and Mrs. George McEachron and Mrs. A. McConnell, Hermon; Mr. and Mrs. E. Fulton, Fort Stewart, spent a couple of days last week with Mr. and Mrs. Jas. Menzies and Mr. Jack McEachron.

Mrs. Cyrus Summers spent Monday with Mrs. Ford Stapley and children, Madoc Junction.

Miss Doreen Bailey is holidaying with her parents, Mr. and Mrs. Fred Bailey, Port Hope.

The heavy rain last week slowed up the baying operations.

Rev. Carman Beckel, son of Mrs. J. E. Beckel and the late Rev. Beckel, was inducted at Milford United Church on June 29th, with a large attendance. Rev. A. Poultier, Wellington, presided assisted by Rev. Stephen Spurrell, Bloomfield, and Rev. A. E. McCutcheon, Picton. The united choir of Milford, South Bay and Black Creek sang two anthems during the service.

The Milford Circuit have redecorated their Parsonage and installed a new bathroom and a modern kitchen. The building has been insulated and new walls and floor in the kitchen at a cost of seventeen hundred dollars. The three congregations furnished most of the labour for these improvements, free gratis. Mrs. J. E. Beckel will reside with Carman at the Parsonage.

Mr. and Mrs. Raymond McConnell entertained the Two-By-Two Club at their home Sunday evening with about thirty in attendance.

Mrs. Eric Summers presided and all sang, "Saviour Like A Shepherd Lead Us" and prayer. Mrs. C. Potts read the Bible Lesson in John 14, and the leader read a selection on the theme, "The peace that passeth understanding."

In the business period, plans were made for an evening picnic on July 19th. The Sunday night meetings will be held monthly. One hundred dollars was donated to Mount Pleasant Church Cemetery to be applied to the new lawn mower. Mrs. K. Weaver gave a paper on the translations of the Bible and Rev. R. R. Bonsteel led in an interesting discussion.

Mrs. Marguerite McMullen sang, "Jesus Blessed Jesus." A number of hymns were sung and lemonade and cookies were served.

### Pethericks

A very enjoyable picnic was held at Sarles' Beach, Oak Lake, on Thursday night last week, sponsored by Zion United Church Sunday School. Eighty sat down to the well laden tables. Games, races, and swimming was enjoyed afterwards.

Mr. Clarence Wright has had his buildings wired for electricity and is ready for the power to be turned on.

Sentinel L.O.L. attended service in Burnbrae Church on Sunday when Rev. James McAvoy preached an Orange Service. Sentinel Lodge will celebrate the 12th of July in Warkworth.

Mrs. Douglas Ingram is on the sick list.

Mr. Fred Fry had the misfortune to have his leg fractured; also broken nose and bad face cuts when he fell from a ladder while constructing a new building at Beatty's Mill, Campbellford.

On Saturday evening Pethericks ball team won from Burnbrae in a closely contested game at the High School diamond. The score was 6-5.

### Oak Lake

This reporter must have been a bit more addle-headed than usual last week. Our account of the Marsh Hill W.M.S. lacked a very important item—the report of the envelope givings, which, while good, could be still better, and a reading, "The Meaning of Stewardship," followed by the poem, "He Is Counting On You." These were given by the always alert Christian Stewardship Secretary, Mrs. B. R. Searies. Being one of those who usually gives out freely in favor of Stewardship of time, talents and money—was our face red when we realized our errors of omission! Mrs. Searies also ably assisted with the programme on Trinidad.

Mr. and Mrs. Carl Clancy, Mr. and Mrs. Victor Graham, Mrs. Paul Sharp and Jack, Mr. Fred King, Mr. Lloyd King, Mr. and Mrs. Lewis Pauley, Hazel and Cecil attended the Orange Service at Burnbrae on Sunday.

## CARD OF THANKS

I wish to thank all my friends and neighbours for their many acts of kindness shown me during my long stay in bed for cards, flowers, fruit and personal calls. All these remembrances have helped speed my recovery and made the long days more pleasant. A special "thank you" to Dr. Cornett for being so kind, to Rev. H. Beare for his calls; and to the Springbrook W.A. for a lovely basket of fruit. Again I say "thanks a million."

## CARD OF THANKS

Mrs. R. S. Hubel would like to express her thanks to all her friends and neighbours who generously assisted her in building her new barn.

35-1p

## CARD OF THANKS

I wish to say "thank you" to all my friends and neighbours who made personal calls; also sent me cards and treats during my recent illness.

35-1p Mrs. Geo. Merrick

## AN APPRECIATION

I wish to express my sincere thanks to all those kind friends who remembered baby Judy Ann and me with cards and gifts during our stay in Belleville Hospital.

35-1p Mrs. Glenn Bush

## Bethel Busy B's

The ninth meeting of the Bethel Busy B's was held on June 9th, 1951, at the home of Mrs. Don Heath, with the President, Violet Free in charge. Joyce Reid conducted the worship period. The hymn, "Tell Me The Stories of Jesus," was sung and Mrs. Vacavlik led in psalm. Joyce Reid gave a Bible reading. Reiki Bilton and Jean Reid won the contest in Bible verses, which were asked by Shirley Cooney.

Mrs. Vacavlik gave a reading on cleaning windows, which referred to the Club Girls. The worship period closed by singing "What A Friend We Have In Jesus." The next meeting will be held on July 10th at Oak Lake.

The Secretary's report was given by Shirley Cooney. The Treasurer's report was given by Eleanor McGee. The collection was \$3.60. The Roll Call for next meeting will be answered by the game, "I spy something with my little eye." Twelve girls answered the roll call. The executive will have charge of the programme at the next meeting.

The following programme was presented. Barbara Green, a piano solo; Marion Heath gave a demonstration on setting the table. The meeting closed with the Lord's Prayer, which was followed by lunch.

## Bible Society Serves Canadian Forces

A special edition of the New Testament and Psalms has been prepared for free distribution among Canada's armed forces — according to a statement issued by the British and Foreign Bible Society in Canada.

The books, specially designed and printed, and distinctively bound for the Navy, Army and Airforce will be supplied through the Chaplaincy Department, Ottawa. The present edition will number 20,000 copies and the Bible Society has undertaken to provide whatever additional quantities are requested by the Principal Chaplains. The Bible Society has for over a century supplied free copies of Scripture for the Armed Services and for prisoners of war. One of its first undertakings was to distribute on Christmas Eve 1804 (the year of its foundation) copies of Holy Scripture in French to French prisoners of war — part of Napoleon's Armies — held in the great prisons at Dartmoor.

## Minor Softball Schedules

The following are the remaining games to be played in the Juvenile and Midget Softball Leagues:

### Midget

Saturday, July 14th — Frankford vs Minto; Glen Ross vs Stirling

Saturday, July 21st — Stirling vs Minto; Frankford vs Glen Ross

## Speed Merchant Is Again Victorious

Trenton's racing dentist, Dr. J. E. Renton, brought another trophy back from Gananoque after winning the 17-mile marathon outboard competition for "D" class boats. Dr. Renton's boat, the C-3, covered the course in 21 mins.

There were five boats in the race and the Trenton entry by crossing the finish line, chalked up the sixth win in seven starts.

## Many Guests Present At 25th Anniversary

Silver bells rang out their merry chimes recently on the 6th of Sidney, and lovely flowers of peonies, roses and carnations graced the spacious rooms of the home of Mr. and Mrs. Frank Moon, lending their fragrance to the festivities of their 25th wedding anniversary.

The many guests, 138 in number, were most courteously welcomed by Mrs. Mabel Weaver, sister of Mrs. Moon, and wee Sharon Bailey, a little friend, and received by the bride and bridegroom of yesterday, and the bride's parents, Mr. and Mrs. Clayton Tucker, of Stirling.

Mrs. Charles Hyde was hostess for the afternoon, and Mrs. Elmer Sandercock for the evening.

An exquisite centrepiece of silver deposit and crystal with pink roses and carnations, adorned the hand-crocheted medallion lace cloth, tall, tri-branched silver candelabra with ivory tapers rising from silver collars, and silver services, blended together making one silver symphony.

Presiding were Mrs. A. Taylor, Mrs. M. Elliott, Mrs. A. Wonnacott, Mrs. R. Dafoe, Mrs. G. Dobbs, Mrs. C. Frost, Mrs. C. Bishop and Mrs. G. Adams, while those assisting in serving the daintily rose-centred trays of sandwiches and cakes included, Mrs. C. Baragar,

GET RESULTS

## THE QUESTION BOX

**Miss R. G. asks:** How do you make Raspberry Vinegar?

**Answer:** Add 1 quart mild vinegar to 5 quarts red raspberries. Let stand 24 hours, then strain. Add ½ pound granulated sugar to each quart juice. Bring the mixture to a boil, cool and bottle in sterile bottles. One dozen cloves put in add to the flavor. This mixture is used as a flavoring to ice water for brisk drink.

**Mrs. R. Mac. asks:** Is it necessary to sweeten fruit juice to can for later use in jelly making or pudding sauces?

**Answer:** Fruit juices seem to have a better color when canned with sugar. We extract the juice as for jelly making — that is, simmer fruit and water, using 2 cups water per quart of mashed fruit. Add ½ cup sugar to each gallon of juice. Fill sterilized jars with juice, place a new rubber on each jar and partly seal the jar. Place the jars on a rack in the bottom of a large kettle of water. Water should cover the jars at least 1 inch. Begin counting the time for processing when the water reaches a temperature of 160 to 170 degrees. Pasteurize pints 20 minutes and quarts 30 minutes. Remove jars from hot water bath and complete seal. Cool and label.

**Mrs. B. A. asks:** Why does wax not stick to jars of mustard bean pickles?

**Answer:** The inside of the glass must be perfectly dry and free from particles of pickle. Lift off the wax and skin the top and edges with a knife or spoon dipped in boiling water several times. Let dry a few minutes and add a thin layer of melted paraffin.

**Mrs. S. M. asks:** Why do strawberries float to the top of the jar?

**Answer:** Strawberries are an exception to the rule in canning. The fruit and syrup should stand between 12 to 14 hours to saturate the fruit before filling jars and processing.

**Mrs. C. C. asks:** How do you make Rose Geranium Jelly?

**Answer:** Place a rose geranium leaf in each glass as it is being filled with crabapple jelly. Keep leaf suspended in jelly until jelly is almost cool. Or add leaves to boiling syrup and remove

before filling glasses.

Anne Allan invites you to write to her c/o the News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

### Mrs. Hugh Summers Elected President Of The F.W.I.C.

Mrs. Hugh Summers, R.R. 1 Fonthill, newly elected president of the Federated Women's Institutes of Canada, has been an active member of the Decew Falls Women's Institute for 20 years having held the position of Branch President, Welland District President and convenor of Social Welfare.

In 1946 Mrs. Summers was made a Women's Institute life member in appreciation of her unselfish service.

When you ask Mrs. Summers how she became interested in Institute work she will tell you that she was brought up in the Institute by her mother, Mrs. Gaiser, of Welland.

Mrs. Summer, a teacher before her marriage lives on a dairy farm. She has one son and two grandchildren.

Her community activities bear witness to the fact that she is very deeply interested in community betterment. At the present time she is president of the Thorold and Thorold Township Board of the Victorian Order of Nurses and is a trustee on the Lincoln, Welland High School District Board.

In the fall of 1950 Mrs. Summers completed 10 years of active service on the Board of the Federated Women's Institutes of Ontario having acted in the various capacities as board director, resolutions convenor, publicity convenor and served as provincial president from 1944-1947.

It was Mrs. Summer's privilege to be provincial president at the time of the Fiftieth Anniversary Celebration at Guelph in 1947 (to which 12,000 women came) also to head the Ontario delegation at the triennial conference of the Associated Country Women of the World at Amsterdam in 1947. Much was accomplished in Women's Institute work during Mrs. Summers term of office. Ontario's membership increased from 32,000 in 1944 to over 38,000 in 1947. Mrs. Summers had a great part to play in the publishing of the new Ontario Women's Institute Handbook, in supervising the production of the film on Women's Institute Activities, "Let There Be Light," in the publishing of the book "50 Years of Achievement" and in the establishment of scholarships for girls entering the degree course at Macdonald Insti-

tute.

From 1947 to the present Mrs. Summers has been active on the board of the Federated Women's Institutes of Canada. She brings to her new position a wealth of experience and the enthusiasm and sound thinking necessary to wisely head up this splendid organization of some 85,000 rural women who have as their motto "For Home and Country."

### Mrs. Kate Aiken Chief Fashion Commentator At Canadian Exhibition

Travels of Mrs. Kate Aiken, women's director of the Canadian National Exhibition, have taken her 210,000 miles — the equivalent of more than eight times around the world — in the last year.

Yet she still has enough energy to take on an entirely new role at this year's exhibition in Toronto.

Along with strenuous duties as official hostess of the women's division, involving the welcoming and entertaining of thousands of women guests from all parts of the country, and the entertainment of many thousands more, Mrs. Aiken will also be chief fashion commentator.

For many years at the "Ex," Mrs. Aiken was well known for her cooking demonstrations. This will be her first time as the Big Fair's chief fashion commentator.

She will do the commentary twice daily at showings of all-Canadian fashion in the new Coliseum Theatre.

Many of Mrs. Aiken's flights abroad in the last year were concerned with taking a show of all-Canadian fashions to the festival of Britain. She has also visited Palestine, Paris, Berlin, New York and Rome.

These missions have been on food and economic studies, tourist surveys, to women's peace conferences, and to the big fashion openings in New York and Paris.

In April she was invited by the United Nations to represent Canada in the International Women Broadcasters' Convention in New York, being one of six women broadcasters from United Nations countries called to discuss how women can work toward world unity.

And who can top this? Mrs. Aiken's regular year-round duties include being women's editor of a national magazine, radio commentator twice daily, newspaper columnist for 70 dailies three times weekly, publicist of the Kiwanis Music Festival in Toronto and food consultant for four organizations.

### Power Demands At High Level

Power demands in Hydro's Southern Ontario System prevailed at a high level for the week ended July 1st, a week in which Thursday marked the first anniversary of Des Jardins Generating Station's official opening.

The giant 480,000-horsepower hydroelectric plant on the Ottawa River has been operating at full capacity since February 22nd.

Primary peak demands averaged 227,000 kilowatts during the week-days, running 225,000 kilowatts or 12.9 percent higher than the corresponding week last year.

Energy demands totalling 273,413,000 kilowatthours for the week showed a larger increase, exceeding that of the same period last year by 18.2 percent.

Production for the week was 296,160 kilowatthours, an increase of 26 percent over the load carried in the corresponding week last year.

### Here's A Boy Who Wants Education

Bert Brown, student from Rosenbach district of Manitoba, wants an education badly; he graduated from Winkler High School recently, having walked 2,000 miles to complete High School; he lives five miles from the school year. —St. Vital (Man.) Lancee.

### STIRLING WOMEN'S INSTITUTE

At sometime every day say a word of prayer for this troubled world, for your country and for a lasting peace.

## MANY OF OUR SHAREHOLDERS ARE MEN

BUT... women outnumber men among registered individual shareholders of Dominion Textile's common stock. There are 3,110 women and 2,225 men, and the women own more shares than the men do.

Over 95 percent of these shareholders live in Canada. They live in all provinces, with Quebec, Ontario, British Columbia, Manitoba and Nova Scotia leading, in that order.

None of these shareholders owns as much as one per cent of the stock.

YARDS

THE HOUSTON CO.  
BELLEVILLE — ONTARIO

Hello Homemakers! Hide the thermometer, forget the humidity, relax and be lazy. Before you know it you will be steeped in complete summer-time bliss. While you are being good to yourself take out a cool, brisk drink from the refrigerator. Here's hoping you have a few of the fixings on hand — some ice cubes, a lemon and a bottle of gingerale.

Canned frozen coffee is now on the market. However, to make your own variety prepare strong coffee and pour it in trays with separators. Freeze it. Place several cubes in a glass and pour hot water over them then add cream or ice cream and sugar.

Iced tea may be prepared in the same way as the frozen coffee and served with slives of lemon and sprigs of mint. Or serve a glass of frozen tea cubes filled with lime rickey.

#### TAKE A TIP

1. A good thirst quencher is a combination of ½ cup orange juice and 2 cups milk and 1 teaspoon sugar. Beat the milk and 1 teaspoon sugar. Beat the beverage in a small bowl and pour into a tall glass.

2. For a tasty, tart drink serve lemonade. Mix 1½ tablespoons lemon juice and about 3 tablespoons sugar in 1 cup water. Stir thoroughly and place some crushed ice in the glass.

3. A quart of simple syrup is an asset to your refrigerator supplies during hot days. Boil 1 cup sugar and 4 cups water for 5 minutes. Store when cool in a covered pitcher in the electric refrigerator.

4. To cut lemon as a garnish to fasten to each glass cut wedges from the lemon and then cut between the cut rind over the edge of each glass.

5. To crush mint leaves stack a few together and clip several times at base of the leaves. Place one leaf in each glass.

6. As a decorative as well as flavorful addition to iced drinks fill the refrigerator trays with water. Place in each section one of the following: a maraschino cherry, a preserved strawberry, a piece of lemon or pineapple or small mint leaf. Or the water may be colored with food coloring, or flavored with strong cherry juice, sherry or spice extract.

## NEWS FOR THE BUSY FARMER

### BREEDING POTATOES FOR SCAB RESISTANCE

Common Scab of potatoes is detrimental for two reasons. The formation of Scab pustules on the potatoes makes them practically unfit for seed or table stock. The existence of the disease makes it impossible to follow good farming practices such as liming and fertilising for grain and clover crops. There is always the fear of increasing the number of scab organisms in the soil by increasing its alkalinity.

Breeding potatoes for resistance to Common Scab was begun at the Dominion Experimental Station, Fredericton, N.B., in 1933 and some of the

work done there is reported on by H. T. Davies. It has been found that resistance to the disease occurs in varying degrees and complete immunity has not yet been demonstrated. Although many people still believe that russetting gives a degree of freedom from Scab, no correlation exists between scab resistance and russet skin.

A number of European varieties are resistant to Scab but they are unsuitable for growing in Canada. But it is these varieties that form the basis of the breeding program at Fredericton. Crosses are made between some of the German varieties such as Ritter's Jubel, Arnica and Hindenburg and some domestic varieties, in an effort to incorporate scab resistance in the progeny and still produce potatoes suitable for Canadian conditions. The hybrids from these crosses are grown in scab infested soil to test their degree of resistance.

Many of these seedlings Mr. Davies says, have shown a high degree of resistance but have been too late in maturity to be of any commercial value. Other seedlings that may possess both early maturity and resistance are often lacking in quality and would be useless as table potatoes.

The work of crossing, testing for resistance, quality and yield goes on all the time. Because of the complexity of the problem the work is slow, but the hope is that in the not too distant future new varieties will be available to growers in Canada that will help to overcome the ravages of this serious potato disease.

### WEED OF THE WEEK — CHICORY

Chicory, which is used as a substitute for coffee, is nevertheless to many farmers a perennial weed causing much concern. The deep tap root, when dried and ground up, is used to adulterate coffee. However, it is this root and its perennial habit of growth that make chicory difficult for the farmers to eradicate, according to Ken Murphy, Fieldman for the Crops Branch of the Ontario Department of Agriculture.

The much-branched stems are almost leafless, grow from one to three feet high and are slightly hairy and whitish in colour. The leaves, resembling those of the dandelion, spread out on the ground. The bright blue

flowers are about 1½ inches in diameter and, like the Morning Glory, usually close by noon. Chicory starts blooming in July and if clipped frequently, will continue to bloom until October.

Mr. Murphy states that this weed is seldom troublesome on well cultivated fields. However, it is very common along roadsides and in unmanaged pastures. A short rotation of crops will soon cause it to disappear. In badly-infested areas, deep fall plowing followed by a hoe crop will eradicate it. Indeed he feels that cultivation is the key to the control of Chicory.

In conclusion, Mr. Murphy points out that if cultivation is not practical, Chicory is quite susceptible to 2-D. It can be controlled in grain or corn, if 2-D is applied at the rate of ½ lb. per acre or in sod if used at the rate of 1 lb. per acre. He states that in order to get the best results this spraying should be done when in full leaf and before the weed comes into bloom.

### TABLE TURNIPS IMPORTANT CASH CROP

Table turnips are an important cash crop in Ontario and in addition they provide a source for quite a number of American dollars. This statement comes from R. E. Goodin, Assistant Director of the Crops Branch of the Ontario Department of Agriculture. To back up his statement, Mr. Goodin points out that over 2 million one hundred thousand bushels of turnips were exported from Western Ontario during the 1950-51 season and this was an increase of nearly 190% over the exports of the previous year.

The total crop last year was estimated at 4.3 million bushels for the eleven Counties which account for the main part of the production of this crop. With average price to the growers for Canada No. 1 Grade of 42.5 cents per bushel, this means the crop brought returns amounting to \$1,830,000. With close to half the crop being exported, this means it accounted for nearly \$1 million dollars of American funds.

Care of the crop is, of course, important, and the waxing of turnips has become very common. Indeed 56% of the crop was waxed before being marketed.

### GRASS-KILLING TCA SHOWS PROMISE

Sodium trichloroacetate, a new chemical weed-killer under test at the Experimental Farm at Napan, N.S., shows promise as an eradicator of couch grass.

H. D. Blenkorn, of the Napan Farm, says the recommended dosage for couch grass is 50 to 100 pounds an acre. Unless the infestation is very

severe, however, a rate of 50 to 75 pounds an acre should be sufficient.

Best results were obtained by applying the chemical — sold as Sodium TCA — after the land was ploughed and harrowed. If it is undesirable to plough, the area should be mowed before application is made.

High rates of application of Sodium TCA have a sterilizing effect on the soil which may last as long as two months. Difficulties from sterilization may be avoided by making applications in the fall.

A new product, Sodium TCA is too expensive to use on a large scale. Good use can be made of it, however, to eradicate stands of couch grass on small areas as fence rows or ditch banks, thus preventing the week from spreading to cultivated fields.

### What Others Say!

#### STREET OILING

(Brockville Recorder and Times)

Watertown, N.Y., has instituted a plan to do all street oiling in the Fall of the year. There they have found that this policy works to good advantage. The Fall oiling better protects the street surfaces from the ravages of Winter while Summer oiling interferes with traffic. It is a plan that could well be adopted generally.

#### COST OF A STEAK

(St. Catharines Standard)

A St. Catharines man back from the Lions' convention in Atlantic City reports charge for sirloin steak at his hotel per person, \$6.50. How many Canadians are there who could really enjoy such a dinner and pay such a price for just the main item on the menu?

#### RHUBARB IN HOME FREEZER

(Farmer's Advocate)

Food scientists at Geneva Experimental Station report rhubarb as being one of the easiest and most satisfactory products to put in the home freezer and is one of the very few vegetables which can be satisfactorily preserved by freezing without previously blanching.

#### AND LOOK OUT FOR CATERPILLARS!

(Smiths Falls Record-News)

For a lot of us the ability to take life easy is a lost art. We have forgotten how to relax. We would like to suggest a prescription to help all of us regain the true art of relaxation.

Pick a warm sunny Summer day. Find a quiet spot in garden or park and choose a tall leafy tree. Then lie down under the tree on the grass.

What more delightful feeling is there than that drowsy sense of idleness that comes when one lies staring through leafy branches at the bright sky beyond?

Then, if we let our minds wander, we will find ourselves free from all the worries and problems of our daily living and we will achieve a mental state of utter detachment.

#### Tries To Get Oar Youth 20, Drowns

Frank Hazzard, 20, of Plainfield, was drowned in the Bay of Quinte Sunday when he swam from a punt to retrieve a lost oar. A girl who was with him said that he reached the oar and then disappeared as if seized with a cramp. The body has not yet been recovered.

#### Senior Citizens Need Recreation

Communities, which for a number of years have been alert to the recreation needs of youth, are now recognizing the truth of the statement by Joseph Lee, a founder of the recreation movement in the United States, when he said, "People do not stop playing because they grow old; they grow old because they stop playing." In 48 of the 145 year-round public recreation agencies reporting, there are some recreation facilities or activities provided for aging men and women. Older men and women use bowling greens, golf courses, swimming pools, parks, and community centres. Facilities specially reserved for the use of this age group range from horseshoe courts to club houses, open the year round for senior citizens recreation. The kinds of recreation programmes conducted can be classified as club programmes, day centre programmes, and hobby and workshop programmes. Older people want such recreational activities as listening to or performing music, instruction in social and folk dancing, travel movies, card games, reading, dramatics, handicrafts, parties and service projects.

The above is an excerpt from the

## Engine, Coal Tender And Three Cars Are Derailed At Peterborough

An engine, coal tender and three cars of the CPR Havelock-Bobcaygeon mixed freight run were derailed Monday morning about 10:00 a.m. a few hundred yards East of the Trent Canal railway swing bridge, near Rogers St., Peterborough. The derailment was believed to have been caused when an automatic derailler switch, operated from the bridge control tower, was engaged in error.

Engineer Frank Mackay, Havelock and fireman B. L. Nicholas, of Campbellford, received minor scratches while brakeman P. L. Sheridan, Havelock, also riding the engine cab, went unscratched.

Canadian banks now hold \$4,700,000 in uncashed bank balances awaiting proof of ownership.

## St. Andrew's W.M.S. Holds Monthly Meeting

The July meeting of St. Andrew's Woman's Missionary Society was held at the home of Mrs. Vernon Matthews on Tuesday night last. The devotional part of the meeting was presided over by Mrs. L. Rodgers. Mrs. Ken Ray read the Scripture Lesson, taken from the book of Joshua. Mrs. L. Rodgers led the meeting in prayer.

Mrs. W. L. Munro conducted the Roll Call. The word "love" was the keyword. Mrs. Munro read the minutes of the last meeting.

Mrs. E. Foster spoke on behalf of the bale. She urged all members to hand in their donations as promptly as possible so that she might forward same to headquarters. This is a most important part of our church work. Mrs. Blanche Reid took up the offering. Surely the Lord has blessed us this year, so let us show our gratitude by giving this free-will offering each month. Only with the united effort of each member may we reach our allocation this year.

Carol Fargey gave a splendid reading entitled, "Jackie's First Meeting." Mrs. R. H. Williams played a piano solo. Music does much to brighten the atmosphere of any meeting.

Mrs. Chas. Fargey gave the topic. We sometimes feel that in the face of so great a task we as a Presbyterian Church in Canada and as a Woman's Missionary Society in that Church seem to have very few Missionaries serving in very many lands. One great advantage would be for us to make it possible to have more. One way by which we can hope to reach to the uttermost part of the world is to aid in supplying Christian Literature. The printed page has ever had a prominent place in the spread of Christianity.

Among the many things which Apostle Paul wrote to Timothy he said, "Give attention to reading."

May we, to whom has been entrusted this word of life be always ready to give to the millions on earth this written word of life in never failing supply.

At the beginning of his address to the Foreign Mission Conference in 1950 on the subject Literacy As Evangelism, Dr. Frank Lauback said, "I feel such a responsibility to God and to the world that I tremble." It is our responsibility too.

After the singing of a hymn, Rev. W. H. V. Walker closed the meeting with prayer.

Mrs. Chas. Fargey assisted the hostess in serving a delightful lunch. After a time of good-will, Mrs. Roy Eggleton expressed the thanks of the society to Mrs. Matthews and her helpers for this very fine meeting.

## Remaining Games In T.V.L. Schedule

Note. All R.C.A.F. home games will be twilight contests.

### Presentation To Bride And Groom

Mr. and Mrs. Douglas  
Ackers Honored By Neigh-  
bours On Monday Night

Some thirty friends and neighbours gathered at the home of Mr. and Mrs. Douglas Ackers, Mill St., on Monday night and presented them with a table lamp and several pieces of crystal in honour of their recent marriage.

Mr. Harper Rollins acted as chairman for a short programme. Mrs. Roy Eggleton led in some community singing. Mrs. S. Demorest gave a reading "Driving from the Rear," and Mrs. S. McIntosh gave a reading, "Neighbours." Messrs. Charles Vance, Herl Stewart, William Webber and Sid Demorest gave short speeches and wished the bride and groom much happiness.

An appropriate address was read by Mrs. Russell Woodbeck and Mrs. Walter Rodgers and Mrs. F. Harding made the presentations.

Both Doreen and Doug voiced their appreciation for the lovely gifts, after which dainty refreshments were served and a social hour enjoyed.

The address was as follows:

Dear Doreen and Doug:  
Tonight we would like to welcome your bride, Doug, to our neighbourhood, and to wish you both many happy years together.

Every wedding means a new home begun. A home is a place that is being lived in by kindly, wholesome people; where there is joy, comfort, understanding, and companionship; where there is peace and good-will and a spirit of helpfulness.

Most of us take for granted those nearest and dearest to us; but we, as individuals, must realize that those persons inside the home are most important and deserve most consideration.

The love and fellowship which is the basis of our lives, and our way of life, needs the best we have, all the time. Those who give of their best fulfil these ideals and are the good citizens, the wise philosophers and the great artists in the art of living. They are the makers of homes that create a core of strength in the community.

We trust and feel assured that you,

### Passed With Honours

Friends of Miss Suzanne McLachlan, of Stirling, who attended Branksome Hall, Toronto will be pleased to learn that she received first class honours in her recent Grade X examinations.

### Fractures Rib

Arthur Stevenson, local Public Utilities employee, sustained a fractured rib in a fall while at work on Rosco St. Tuesday of last week. He has been laid off work for several days.

### Memorial Service

#### At Burnbrae

A memorial service will be held in the Burnbrae Presbyterian Church on July 22nd, in the afternoon at three o'clock.

The purpose of this service is to commemorate the dead and create a greater interest in the care and support of the Cemetery. This will give the friends of departed loved ones an opportunity to decorate the graves.

### Correct Mailing List

The mailing lists of the News-Argus have been corrected up to July 18th and readers are requested to please check their labels for any errors in the date of expiry.

With operating costs of a weekly newspaper continuing on the upward trend it is imperative that all subscriptions be paid in advance, and we would appreciate greatly if those in arrears would pay up promptly. If there is an error in the date on your label notify this office at once so that it may be corrected.

Doreen and Doug, are going to build a home of this ideal structure and may God bless you in your endeavour.

As neighbours and friends, we wish for you many years of wedded happiness. We ask you to accept these gifts and may they serve to assure you of our sincere friendship and interest in your future.

Signed on behalf of friends and neighbours Ann Rodgers, Nellie Hardinge, Naomi Eggleton and Doris Woodbeck.

### Local Happenings of Interest About Town

Dr. Fred Eggleton, of Hamilton, spent the week-end with his mother, Mrs. N. E. Eggleton.

Mrs. Wilfred Carpenter, of Toronto, is a guest of Mrs. W. R. McLachlan and family, Stirling.

Mr. and Mrs. Fred Ashmore, of Sarnia, were guests at the Rectory on Saturday.

Mr. and Mrs. S. Gooderidge, of Napavine, were week-end guests of Mr. and Mrs. Clifford Hatton.

Rev. F. G. Joblin, of Port Perry, is spending a few days with Mr. and Mrs. Arthur Morrison.

Mr. and Mrs. Sanford Hubble, Belleville, spent Sunday afternoon with Mrs. Janet Utman.

Mr. and Mrs. James Hough, and Mrs. C. Linn, of Omemee, are spending some time in town.

Mr. and Mrs. Chas. Pedley, of Montreal, were guests of Mr. Gordon Bailey on Tuesday and Wednesday.

Miss June Kowalchuk, of Toronto, was a guest for a few days last week at the home of Mrs. N. E. Eggleton.

Friends of Jim Wright, local insurance agent, will regret to learn that he is still confined to his home following a recent appendectomy.

Miss Ruth Gibson, of Menie, has returned home after spending a week with her grandmother, Mrs. George McCutcheon.

Mrs. Blanche Rowe, of Brantford, spent Tuesday with Mrs. Janet Utman. Rev. F. G. Joblin, of Port Perry, was also a caller during the day.

Mr. and Mrs. Carl Sills and son, Billy, of Belleville, were dinner guests of their aunt and uncle, Mr. and Mrs. Harry Fanning.

Mrs. C. E. Porter and Mr. Stan Porter, of Toronto, spent a few days this week at Crowe Lake, guests of

### STIRLING W.I. HOLDS MONTHLY

The July meeting of the Stirling Women's Institute was held at the home of Mrs. J. Morrison, Front St., with fourteen members and three visitors present.

The meeting opened with the W.I. Ode and community singing led by Mrs. H. Rodgers. Two readings were given by Mrs. M. Lake, "Canada's Birthday," and "Dried Apple Pie;" reading by Mrs. H. Tulloch, "Something Good About You;" reading by Mrs. S. Kirkley, "Who Is My Neighbour?" A weed contest was staged by Mrs. L. Rodgers, followed by a contest by Mrs. M. Lake, "A Pain In The Neck."

Mrs. Geo. Sarles moved a hearty vote of thanks to the hostess and helpers for the lovely lunch served, and also those who helped on the program. The meeting closed with the Mizpah Benediction.

### Local Orange Lodges Celebrated Twelfth of July At Madoc

### Juvenile Softball Finals Open

The finals in the district Juvenile Softball League will get under way on Saturday night, when Minto, the league leaders, and West Huntingdon will meet on the local recreational diamond under the lights, while Stirling will play Frankford on the latter's home diamond.

The second game of the play-offs will be staged as a doubleheader at the Stirling Recreational Grounds on Tuesday night of next week.

#### Minto Defeated

On Saturday night last Minto defeated Frankford on their home diamond by a score of 9 to 5 to finish the League on top with five victories and one loss. The league standing is as follows:

	W	L	T
Minto	5	1	0
Frankford	3	3	0
West Huntingdon	2	3	1
Stirling	1	4	1

### Killed By Truck

Struck by a truck as he was walking along No. 7 Highway, Mr. John McCracken, 70, of Marmora, was instantly killed shortly before midnight inside the village of Marmora at the east end of the bridge.

The half-ton truck which struck Mr. McCracken was driven by Carl Simpson, Marmora garage operator.

He is survived by his wife, the former May D. Green.

The pallbearers were Messrs. Earle Green and John Green, of Stirling, and Paul Jones, Harold Moon, Frank Moon and Kenneth Bott.

Interment in Stirling Cemetery, with Rev. R. R. Bonsteel, minister on Rawdon Circuit, officiating at the graveside.

### Reuben W. Parks

Reuben Wilson Parks, Madoc, died in Belleville General Hospital Monday morning, following an illness of five days. He was in his 83rd year.

Born in Percy Township, Northumberland County, the son of the late Amos Parks and Eliza Greenley, Mr. Parks had lived in Madoc for the past 20 years.

He is survived by his three sisters, Mrs. G. F. Spencer, R.R. 3, Stirling; Mrs. William McKenzie, Harold, and Mrs. Alice Merrill, Campbellford.

Mr. Parks was a member of Madoc United Church and was a bee-keeper. Before going to Madoc, he had lived on the 4th Concession of Rawdon Township.

The funeral was held yesterday from the home of his sister, Mrs. G. F. Spencer, to Mount Pleasant United Church for service at 2:30 p.m.

Interment took place in Mount Pleasant Cemetery.

The funeral took place from the residence of his sister, Mrs. G. F. Spencer, to Mount Pleasant United Church for service at 2:30 p.m. yesterday afternoon. Rev. R. R. Bonsteel conducted the service, assisted by Rev. F. G. Joblin, of Port Perry, a former minister on the Circuit.

The pallbearers were Messrs. Earl McAdam, Andrew Hay, John Holmes, Ross Hornd, Will Potts and Gordon Linn. Interment in Mt. Pleasant cemetery.

The pallbearers were Messrs. Earl McAdam, Andrew Hay, John Holmes, Ross Hornd, Will Potts and Gordon Linn. Interment in Mt. Pleasant cemetery.

Corners United Church on July 27th, under the auspices of Rawdon Circuit. Adults 35c, lunch included.

### Has Pneumonia

Friends of Murney Johnston, of Harrold, will regret to learn that he is confined to his home, suffering from virus pneumonia.

### At Grand Lodge

Messrs. Gordon G. Bailey, V. Richardson, Russell West and Cecil Macklin attended the sessions of the Grand Lodge A.F. & A.M. of Canada in the Province of Ontario held in Northern Vocational School, Toronto, on Wednesday.

### Severe Electrical Storm Over District

A severe electrical storm, accompanied by a heavy downpour of rain, passed over this district during the early hours of this morning. Up to time of going to press no report of any property damage had been reported, but a breakage in the hydro service occurred about 2:20 a.m. when wires between here and Campbellford were damaged by the lightning.

### Baptismal Service At St. John's

In St. John's Church on Sunday morning at 11:00 o'clock, the Sacrament of Holy Baptism was administered by the Rector. Christened were Christina Jane Ross, daughter of Arnold S. Ross and Freida C. K. (Ash) Godparents were Bruce and Jane Beavis, of Belleville, and Margaret Devolin.

James Earl Morrow, son of Glen F. Morrow and Mary J. (Archdekin) Godparents were James G. Archdekin, William Francis Ranger, son of Francis C. Ranger and Margaret (Stewart). Godparents by Proxy were Catherine Smith, Reginald Hemphill and T. Cunnian.

### Rawdon Native Died In Trenton

The funeral of the late Ogden A. Coutts, of Trenton, who passed away in the Trenton Memorial Hospital on Thursday last, July 12th, took place at his late residence on Saturday at 2 p.m. Service was conducted by Rev. G. A. Puttenham, minister of Grace United Church, of which the deceased was a member.

Born in Rawdon Township, the late Mr. Coutts was a son of the late Mr. and Mrs. James Coutts, and was in his 86th year. He had resided in Trenton, where he was formerly employed by the Benedict Proctor Co., for some forty years and had been in failing health for the past sixteen years.

He is survived by his wife, the former May D. Green.

The pallbearers were Messrs. Earle Green and John Green, of Stirling, and Paul Jones, Harold Moon, Frank Moon and Kenneth Bott.

Interment in Stirling Cemetery, with Rev. R. R. Bonsteel, minister on Rawdon Circuit, officiating at the graveside.

### Local Rink Wins Baker Trophy

#### Fourteen Rinks Compete In Annual Mixed Rinks Tournament Held Here

The Baker Service Trophy, which has been sojourning in Kingston for the past year came home to Stirling last night when J. Fellion and his rink took first honours in the annual Mixed Rinks Tournament sponsored by the Stirling Lawn Bowling Club. Other members of the winning rink were Mrs. E. Muoro, Mrs. R. E. Fox and Francis Carlisle, of Frankford. Their score for three wins was 40 plus 4.

The weather conditions were ideal for bowling with the greens in keen shape and some very close finishes were recorded during the day. Several last-minute cancellations reduced the draw to fourteen rinks, with Campbellford, Cobourg, Brighton, Madoc, Kinston and Deseronto being the outside clubs represented.

Second prize went to a Campbellford rink of Mr. and Mrs. D. Bennett and Mr. and Mrs. J. Archer, with three wins and a score of 33.

Walker's rink of Deseronto won high honours for two wins, with a score of thirty-seven and another Campbellford rink of Mr. and Mrs. W. Kingston, Mrs. C. Palliser and W. Smith were high for one win, with a score of 33 plus six.

A hot dinner was served at five p.m. by the ladies of St. Andrew's Presbyterian Church. President Douglas Patterson, who conducted the draw, made the presentation of the prizes.

#### BOWLING NOTES

The play-offs for District No. 15 of the Provincial Lawn Bowling Association will be held on the Belleville greens tomorrow (Friday) afternoon. Competitions will be in rinks, doubles and singles.

#### Bowl At Campbellford

Two rinks of Stirling bowlers attended the Ladies' "Triples" Tournament held in Campbellford on Friday afternoon last, with Mrs. W. T. Elliott, skip, Mrs. R. E. Fox and Mrs. R. A. Patterson having the highest score for two wins. The other rink was Mrs. J. Johnson, Mrs. R. D. Cooke and Mrs. A. Fraser, skip.

#### Flowers By Telegraph

Stirling and district residents will be interested to know that they may send flowers to any point through the facilities of a telegraph delivery service. During the past year, Mrs. Chas. Vance, local florist, has arranged for delivery of flowers in points ranging from Vancouver, B.C., to Nova Scotia, and in many of the American States. On Monday of this week an order from St. John's, Newfoundland, with birthday greetings, was delivered to Mrs. Morecombe, who is visiting with Mrs. G. C. Hubble, on Church St.

#### News-Argus Closed July 28th -- Aug. 7th

The annual vacation period for employees of the News-Argus will be from July 28 to August 7, when the office will be closed. Persons requiring job printing during this period should place their orders at once.

#### No Paper For Two Weeks

There will be no publication of the News-Argus on August 2nd or 9th. Advertisers and correspondents please make note.

#### COMING EVENTS

LAWN SOCIETY AT WELLMAN'S

Corners United Church on July 27th, under the auspices of Rawdon Circuit. Adults 35c, lunch included.

## First Orange Lodge Founded In Leeds

When, in the early 1800's a youthful Irish newspaperman, Ogle R. Gowen, weary of his position as editor of the Dublin Advocate, and decided to seek his fortune in Canada, he unwittingly became the instrument by which the foundations of the Loyal Orange Order in America were laid.

The first recruits to the order were enlisted in the County of Leeds, as well as from the surrounding neighbourhood including the Prescott district and the County of Grenville.

Ogle R. Gowen was a fervid patriot, loyal to the crown, and an uncompromising champion of Protestantism in Upper Canada. At the time of his arrival in Canada there was much turmoil, religious and political. No one was more adamant in denunciation of the so-called rebels than Gowen, and no one was more active than he in ruthless condemnation of the ideas and ideals of those whose political or religious views were in direct opposition to his own.

In or about 1820 he organized the first Orange Lodge in British North America, the organization meeting being held at Gilmour's Farm, not far from the rapidly developing town of Brockville. The lodge became known as LOL Brock No. 1, and it is still very active.

Members of the new organization came from Brockville, Prescott and widely scattered points in Leeds and Grenville, and the initial meetings were held in a widely celebrated hotel known as Croft's Tavern. Here the new order passed through the growing pains stage, and meetings were held regularly at the tavern, and later at Beecher's Corners, before set-

ting down in Brockville.

Several years later, the first Grand Lodge was formed at Brockville and Gowen was appointed first Grand Master of the order in British North America.

Gowen was a native of County Wexford in Ireland, after which the community of Wexford adjacent to Prescott was named. As captain of the Second Leeds Militia he was wounded at the Battle of the Windmill in 1812, and was highly commended in the orders of that battle issued by army authorities.

He served in the 12th and 13th parliaments of the province and received an appointment as agent for Crown Lands for the district of Johnstown. In addition, he held the post of superintendent of public works for the area extending from Lachine to the western limits of Upper Canada.

There are approximately 456,000 words in the English language.

## Muskrat-Like Fur Found On Woodchuck

Harry Lobnes, of Frankford, has discovered an oddity which may develop into big news. While hunting in the ninth of Murray Thursday, he bagged a woodchuck which looked rather odd.

Upon examining it, Harry discovered that over half of the animal was covered with soft muskrat-like fur, rather than the coarse bristly hair of the groundhog.

On Friday morning, Harry telephoned the Department of Lands and Forests office in Tweed, and two representatives of that department called and picked up the woodchuck Friday

afternoon. They said that they would not commit themselves but the animal looked like a cross between a muskrat and a woodchuck. They said that reports had been received of such a cross but to date no one had actually furnished proof.

The animal is to be sent to the biological division of the Department in Toronto, where it will be thoroughly examined. They promised a full report when word is received back from Toronto.

## Campbellford Mayor In Accident

John Melincinger, 21-year-old son of Mr. and Mrs. John Melincinger, R.R. 3, Indian River, died in Peterborough Civic Hospital early Sunday, a few hours after he sustained a fractured skull and internal injuries when the truck he was driving collided with an automobile near Norwood. Driver of the automobile was Ernest Ayrhart, 51, of Campbellford, who escaped with a shaking up. A passenger in the car, William F. Edwards, 62, of 416 Russell Hill, Toronto, is in Peterborough Civic Hospital where his condition is described as only fair. He sustained a fractured right leg, possible internal injuries and facial lacerations. Both vehicles were wrecked.

## Frankford Girl Injured in Crash

Fay Currie, 16, of R.R. 2, Frankford, sustained a punctured abdomen and other injuries Sunday when the car in which she was riding struck a hole in the road and bounced into a ditch near Campbellford. She was taken to hospital at Trenton.

There were four persons in the car, which rolled over after striking the pole. Gerald Little, 21, of Trenton, one of the occupants, was taken to Peterborough Civic Hospital with broken bones in his face. The other two, Marjorie Hawkins, 17, and James McCormick, 16, both of Trenton district, escaped with minor injuries.

## Farmer's Head Gashed In Car-Truck Collision

Grant Petherick, of Petherick's Corners, five miles north-east of Campbellford, received a gash to his head requiring seven stitches to close on Saturday morning, when the old model truck he was driving was practically demolished when struck by an auto.

Richie Wells, of Marmora, driving a new model car, was travelling east on the county road at Petherick's Corners, when Mr. Petherick pulled out of his driveway. The Wells auto plowed into the truck causing considerable damage. The car was damaged to the extent of about \$500. Provincial Constable Donald W. Erskine investigated.

## Trees Are A Crop

The fact that woodlots will not continue to produce valuable forest products without some care is gradually being realized. Once we understand that trees are a crop we are on the way to successful woodlot management. Man's interference with natural conditions has not only removed most of the high grade products from the woodlots but has created conditions which prevent natural regeneration of the best species. Fortunately in most cases, it is possible by a few simple and economical practices to reverse our past mistakes and bring the woodlots back to a productive condition or even to produce more than nature would do unaided.

Once the woodlot owner has reached the decision to start a programme of improvement, the next step is to obtain as much information as possible as to the steps to be taken. With this in mind this column will from time to time publish woodlot management

## COOLING OFF!

It takes a lot of cooling to keep a Polar Bear happy. This largest member of the bear family is smaller than a porcupine at birth, but often weighs more than three-quarters of a ton when full grown. To this tremendous bulk, add the fact that the bear is covered with a thick, water-proof coat, which is designed to protect him in the Arctic... it's a big job keeping him cool in our zoos.

Learn about nature's creatures. Visit the nearest zoo and see them. A whole new world of interest will be opened to you when you understand nature.

## Items of Interest St. Paul's-Carmel

(By Rev. A. E. Baker, U.E.)

**Moira Valley**

It has been our privilege to read the 1950 Moira Valley Conservation Report. Since this report applies in a measure at least to Rawdon and the Oak Hills district of Sidney, it has a value to residents of Stirling and the adjacent Townships.

In the wild life section it is noted that the following mammals are to be found in the Moira Watershed: The Cinerous, Pigmy and Mole Shrew; star-nosed mole; cottontail; black, grey and red squirrels; woodchuck; Eastern chipmunk; beaver; deer; white-footed, meadow, meadow jumping and woodland jumping mouse; muskrat; house rat; porcupine; red fox, raccoon, long-tailed weasel; mink; skunk; and the white-tailed or Virginian deer.

While the study of birds is limited the report indicates that 280 species of birds live in or migrate through the watershed of whom 120 species remain during the summer to nest in the area. These include the common loon; pied-billed grebe; great blue heron; great white egret; green heron; American bittern; black duck; greater scaup duck; hooded and common Merganser; the sharp-skinned, cooper's, red-tailed, broad-shouldered and Marsh Hawk.

Osprey; American sparrow hawk; spruce and ruffed grouse; Virginia and sora rail; killdeer plover; American woodcock; Wilson's snipe; herring gull; common and black tern; mourning dove; black-billed cuckoo; great horned and barred owl; whip-poor-will; night hawk; chimney swift; ruby-throated hummingbird; belted kingfisher.

Yellow-shafted flicker; the pileated and red-headed woodpecker; yellow-capped sapsucker; hairy and downy woodpecker; Eastern kingbird; crest-ed, yellow-bellied, trill's, least and olive-sided flycatcher; Eastern phoebe; Eastern wood Pewee; horned lark; the tree, bank, barn, cliff and American rough-winged swallow; the purple martin; blue jay; American crow; black-capped chickadee.

The white-breasted and red-breasted nuthatch; house wren; short-billed marsh wren; catbird; brown thrasher; wood thrush; American robin; the hermit; the Olive-backed and Wilson's thrush; red-breasted bluebird; ruby-crowned kinglet; cedar waxwing; the common shrike; common starling; red-eyed vireo; the black and white, nash-

vile, yellow, magnolia, black-throated blue, myrtle, black-throated green, Blackburnian and chestnut-sided warbler.

Oven bird; northern water thrush; mourning and Canada warbler; Mary-land yellow-throat; the American red start; English sparrow; bobolink; Eastern meadow lark; red-winged blackbird; Baltimore oriole; crow blackbird; cowbird; the rose-breasted grosbeak; Indigo bunting; evening grosbeak; common purple finch; American goldfinch; Eastern towhee; and the savannah, grasshopper, vesper, chipping, field, white-throated, song and swamp sparrow; also the slate-colored junco.

Our boys and girls, especially, might well form clubs in our schools to study the habits and locations of these interesting feathered creatures. The study of God's creatures and the wonders of His creation often open a door to Him.

**Game and Fur**

This division of the report lists the varying hare; cotton-tail; beaver; muskrat; porcupine; brush wolf; red fox; raccoon; mink; skunk; otter; deer and moose.

**Reptiles**

A valued sentence in the report dealing with snakes says that the watershed is not within the known range of our venomous snakes adding that it is extremely unlikely that any rattlesnake would ever be found in this area. Copper-heads or water moccasons are not found anywhere in Ontario and the common water snake is not venomous.

The following species may be found in these parts: The red-bellied, little brown, water, pilot black, ring-necked, smooth green, milk, ribbon, common garter and bog-nosed snake.

**Some Suggestions**

(1) Desirable types of wildlife may be increased and encouraged by allowing adequate coverage between fields and providing feeding grounds.

(2) That each farmer know his soil and in co-operation with other farmers, business men and Agricultural Representatives work out a soil conservation programme.

(3) That a study be made of sheep farming for bouldery land.

(4) That reforestation of privately owned land be encouraged in every way possible, particularly on sand, shallow soil over rock and poorly drained areas.

Note: The County of Hastings was the first in the Province to interest itself in reforestation and in 1911 appointed a reforestation committee which recommended that 2,800 acres

be purchased for \$200 as the nucleus of a County Forest.

(5) Municipal forests should be included under the broad provision of the Act which permits even private lands under agreement to be tax exempt. Woodland, scrub willow and marshland represent about 1-3 of the total acreage of the Moira Area.

(6) Strict regulation governing the cutting of young trees with conformity to a fixed diameter and pattern.

**Trees of the Area**

This report clearly indicates the gradual decimation of the once fine and varied trees of the area including white pine, red pine, hemlock, balsam, and black spruce, white cedar and tamarack, red cedar, rock elm, oak, ash, birch, poplar, hickory, butternut, beech, basswood and sugar maples.

Indicative of the terrible "beating" our forests have taken is the disclosure that maple trees produced nearly 60,000 gallons of syrup in 1945, now produce scarcely 20,000 at most.

Our County and Municipal Councils should initiate prompt measures to restore the wealth of forest and stream. Our Provincial Government can be counted upon for unprecedented assistance. The health and happiness of our people is wrapped up with our natural resources. "Let us build the world of tomorrow today."

## Plant Muskies At Marmora

Last week 600 maskinonge fingerlings five inches long were placed in Crowe Lake; 300 were also placed in the river close to the bridge on No. 7 Highway and 300 in Beaver Creek. These were in addition to a large number of maskinonge fry placed in these waters early in the spring.

"The new rates were based upon the cost level existing in 1949," the mes-

**Bell Telephone****To Ask For****Increase In Rates**

To meet increased operating costs and higher taxes, the Bell Telephone Company of Canada will apply to the Board of Transport Commissioners for authority to increase rates for telephone services. Frederick Johnson, president, states in a message to shareholders enclosed with dividend cheques dated July 16th.

The message says that higher rates authorized last year were based on the cost level existing in 1949. Since then, operating costs have moved upward at an accelerating pace.

"The combined effect of the two major factors — increased wage costs and higher taxes — would alone make it imperative that we again request authority to increase the price of our services," the message says.

"We will, therefore, be compelled to apply to the Board of Transport Commissioners for approval of rate schedules in keeping with prevailing costs."

The message does not indicate when the application will be made of the amount of the increase that will be sought.

Exactly two years ago, shareholders were informed that rising costs would finally compel the company to seek authority for higher rates. After extensive hearings, the Board permitted temporary increases to be put into effect in July, 1950, and later approved all the new rates that had been applied for, effective January 1st of this year.

"Federal income tax rates were increased last year, and this year they have been still further increased through the imposition of the Defence Surtax. The federal income tax rate applicable to the company has been increased since our last rate application from 33 per cent to 45.6 per cent, an increase of more than one-third."

**Outstanding quality has made Salada Canada's largest selling tea.**

# "SALADA" TEA

## Traffic Could Kill 1,000 A Year

sage adds. "No allowance whatever could be made for future increases in the cost of labor or materials or in taxes."

While increased wages and higher taxes have accounted for the most significant increases in expenses, the price of nearly everything is higher now than it was two years ago, the president's message says.

"Fair wages are necessary to attract and retain the type of employees required by the business, and we must keep our wages in line with those paid for similar skills by other firms in the communities we serve. Consequently, wage rates were increased in 1950, and it was necessary to again increase them in 1951."

"Federal income tax rates were increased last year, and this year they have been still further increased through the imposition of the Defence Surtax. The federal income tax rate applicable to the company has been increased since our last rate application from 33 per cent to 45.6 per cent, an increase of more than one-third."

Midway through 1951, Ontario faces the ominous prospect that by the end of the year more than 1,000 people may have lost their lives in the year's traffic accidents.

Already, in six months, street and highway accidents in the province have killed at least 382 people, compared with last year's six-month total of 278. Traffic volume is up again from last year's record high, with increases (for 5 months) of 14% in both number of vehicles and gasoline consumption.

And the worst is yet to come. Safety officials warn that summer holidays and the early fall always have larger accident totals than any other time of year. Already in the first 10 days of July at least 20 more have died.

Only aspect of the traffic toll which has to date resisted the upward trend is the number of children among the victims, which remains unchanged at 61 dead (age 0-14).

### Holloway

Recently honours have been won by pupils of Turner's School, S.S. No. 16, Sidney, and their teacher, Mrs. Nama Tummon.

They were successful in winning a

few days last week with Don and Jean McMullen.

Mr. and Mrs. Herb Townsend recently enjoyed a week's holiday at Toronto and Ottawa.

Mr. and Mrs. Kenneth McMullen accompanied Mr. and Mrs. Clarence Marshall to Prescott and Blind River over the week-end.

A photographer from the New Paramount Studios, in Toronto, spent last Thursday afternoon and evening at Holloway United Church and a number of people had their photos taken.

A few people in the community have been ill with the measles and mumps.

Mr. and Mrs. Jack Ketcheson, Ann and Larry, of Guelph, spent Wednesday day with Mr. and Mrs. Coleman Townsend. Mr. and Mrs. George Foster and Mrs. Gordon Foster also visited at the same home.

A number of people attended the 12th of July at Madoc, Shannondale, Bancroft and Watertown despite the rain.

### Mount Pleasant

Members of Mount Pleasant Young People's Union, under the direction of their president, Miss Ruth Linn, enjoyed a picnic at Presquile.

Mr. and Mrs. Earl Ruttan and Marie returned to their home in Kingston on Sunday. Miss Marie Ruttan has spent the past six weeks at Mount Pleasant.

Mr. and Mrs. Percy MacMullen attended a miscellaneous shower Friday evening for the newlyweds, Mr. and Mrs. David Charlesworth, at the home of their cousins, Mr. and Mrs. Will Pitcher, Stockdale. Mrs. MacMullen assisted with the programme.

Folks from here attended the Glorious Twelfth at Madoc, Shannondale and Bancroft.

Mr. and Mrs. Clifford Sine and Doris, Mr. and Mrs. Earl Ruttan and Marie and Mr. Wilfred Sine were recent dinner guests at the home of Mr. and Mrs. Mowat Sine.

On Sunday afternoon at Mount Pleasant United Church, Rev. R. R. Bonsteel spoke on the theme, "Faith of Our Fathers." Misses Lola and Marilyn McConnell sang a duet, "It Is No Secret What God Can Do."

Barn On Fire

What might have been a disastrous fire was narrowly averted on Friday afternoon, July 1st, when the barn of Mr. Clarence Scott was badly scorched. Around noon while Clarence was in town, a loud report was heard by Mr. Raymond McConnell and several nearby folk, caused from combustion in the hay mow. Mrs. Scott and Mr. W. H. Scott, assisted by the neighbours, covered the flames with blankets and bags and gave the material a good soaking. Mrs. Raymond McConnell sent messages to various telephone lines and soon over one hundred people had gathered on the scene.

Fortunately there was a well near by and those who formed a bucket brigade were of material assistance in quenching the flames.

Wilmot and George Scott, the two young sons, moved the horses, the milk pails and several loose articles from the building in case the fire got out of hand. It was most fortunate that the combustion did not take place the day previous when so many folk were away. The Anson telephone line was out of commission that particular day. We understand there was only about two loads of hay in the mow.

Mrs. Milford Wrightman spent a recent week-end with friends in Syracuse, New York, U.S.A.

Mr. and Mrs. Orno Sharp and Jack attended a reception in honour of Mr. and Mrs. Roy Neal at the Carlisle home, Carmel, on Wednesday evening.

Mrs. Eric Summers is entertaining

Mrs. Thomas Andrews accompanied Mr. and Mrs. Everett Sine, Carol and Jean to L'Amble on Sunday, where they were guests at the former's sisters, Misses Irene, Hazel and Amy Liddle.

The funeral of Mr. Reuben Wilson Parks, a former Rawdon resident, was held at Mount Pleasant Union Church on Wednesday afternoon.

Rev. F. G. Joblin, Port Perry, a former Pastor on Rawdon Circuit, celebrated the seventy-third anniversary of his birth on Saturday, July 7th. He is now visiting friends in this district.

Rawdon Circuit is holding a lawn social at Wellman's next week in aid of the Parsonage Fund.

Mrs. Earl Ruttan and Marie spent Tuesday of last week with Mrs. Sid Demorest and Herbie.

Mr. and Mrs. Gordon Linn and Ruth were recent guests of Mr. and Mrs. Ray Powers, Picton, and Ruth remained for a week's holiday.

Rev. R. R. Bonsteel will have charge of the service Sunday evening at Mt. Pleasant, after that he will be on holidays and all services will be held in the morning.

Mr. and Mrs. Percy MacMullen entertained Miss Doris Sine, Mrs. Earl Ruttan and Marie on Wednesday evening of last week.

Several Mount Pleasant folk attended a miscellaneous shower on Monday evening in honour of Mr. and Mrs. Roy Neal, nee Nina Carlisle.

Misses June and Bonnie Bound, of Warkworth, are holidaying with their aunt and uncle, Mr. and Mrs. Malcolm Sharp.

### Carmel

On Monday evening friends and relatives gathered at the home of Mr. Wm. Carlisle and tendered his daughter, Nina, a miscellaneous shower. Mr. Russell Fyeal acting as chairman, called the gathering to order.

Mrs. Harry Brown read an address and the numerous gifts were presented wrapped. Mrs. Mary Vandervoort read an address from the Past Grand's Club of the Rebekah Lodge, and Mrs. Arthur Vandervoort presented a gift. From the charivari gang which had visited them few nights previously, Mr. Don Scott presented a lace table cloth. Mr. and Mrs. Neal will reside in Belleville.

Mr. and Mrs. Oliver Whitley and visitors of Mr. and Mrs. Charles John-

sons, Niagara Falls, were weekend onto, spent a few days last week at the home of the latter's uncle, Mr. Wm. Carlisle.

Mr. Ray Keating returned home from Belleville General Hospital on Monday after having an operation for appendicitis.

Sandra Hagerman, small daughter of Mr. and Mrs. Ray Hagerman, met with an accident on Monday when she gashed three fingers on the mower knives, necessitating several stitches.

Mr. and Mrs. Harry Brown spent the weekend with Mr. and Mrs. Fred Clarke, Markham.

Mr. and Mrs. Norman Walker, Tor-

onto, spent a few days last week at the home of the latter's uncle, Mr. Wm. Carlisle.

Miss Beverley Reid, of Tweed, was a weekend visitor of Miss Verna Brown.

Twelve ladies of the W.A. attended an afternoon programme and tea at St. Stephen's Church, English Line. Miss Verna Brown rendered a vocal solo and Mrs. Russell Hubel gave a reading on the programme.

Mr. and Mrs. Archie Bailey and family were Sunday visitors of Mr. and Mrs. James Thompson, Millbrook.

## Rylstone

A large number of people gathered at the home of Mr. and Mrs. Dick Morton on Friday evening in honour of their daughter, Ruth, who was married to Ralph Thompson, of Springbrook, on June 16th. Mr. Fred Barnum was chairman for the following programme:

Chairman's address, F. W. Barnum, followed by a piano and guitar duet, "Mocking Bird Hill," and "Ain't She Sweet," by Margaret and Bob Spencer; quartette, "It Is No Secret," and "Mocking Bird Hill," by four small girls, Dorothy and Donna Morton, Anne Reid and Norma Petherick; instrumental music by Margaret and Bob Spencer, "I Love You Because," solo, "My Best To You," by Mrs. Fred Beckett, with Mrs. Ellis Jones at the piano; reading, "Things Men Won't Touch," by Mrs. Ellis Jones; quartet, "Stranger of Galilee," by the four little girls, accompanied by Winnie Jones at the piano; speeches by Margaret and Bob Spencer, Dick Morton and Ken Thompson; piano medley, "Let Me Call You Sweetheart," and "When You Wear A Tulip," by Mrs. Fred Beckett. The following address was read by Mrs. Harold Stapley:  
Dear Ruth and Ralph:

We, your friends, have gathered here tonight in honour of your recent marriage.

You have grown up among us Ruth, and have endeared yourself to everyone. We feel sure that your kindly disposition will win for you many friends in your new sphere of life.

We have also enjoyed our associations with you, Ralph, and we wish to congratulate you on your choice of a companion. We are glad that you are establishing your home near enough so that we may still have the pleasure

## CARD OF THANKS

Miss Jean Davidson wishes to thank all those who were so kind to her during her recent operation. 36-1

Mr. and Mrs. Clarence Thomson and Brian and Mr. and Mrs. Lloyd Anderson, motored to Oshawa on Sunday to visit their mother, Mrs. Lizzie Thompson, who is spending some time with her daughter, Mrs. Murney Fleming.

Miss Marahel Reid, of Springbrook, spent Sunday with her cousins, the Morton twins.

Little Miss Carol Heath spent an afternoon recently with Mrs. Ellis Jones.

Miss Norma Kirky, of Halloway, is visiting Margaret Spencer for a few days.

Mrs. Jessie Morrison, of Grafton, is visiting her cousin, Mrs. Charles Stewart.

Miss Shirley Stewart spent the weekend in Toronto.

Rylstone Women's Institute put on dinners and lunches at the Williams' Community Sale on Monday.

Another shower for Ruth and Ralph Thompson was held in Springbrook on Monday night.

Mr. and Mrs. Hubert Warren, of Belleville, spent the weekend at the home of Mr. and Mrs. Clarence Dunham.

Miss Helen Cooper, of Consecon, is holidaying with Miss Marlene Haggerty.

Mrs. Edith Haggerty is visiting with her son, Mr. Clarke Haig and Mrs. Haig, in Peterborough.

Mr. and Mrs. Percy Jackman are spending a few days with Mr. and Mrs. Mel Andrus, and family, of Peterborough.

Miss Yvonne King is holidaying with relatives in Belleville.

Mr. and Mrs. Lorne Watson and Anne, visited Sunday with Mr. and Mrs. M. R. English, of Thomasburg.

Mr. Tom Hinds and Glenn motored to Toronto on Sunday. Mrs. Hinds returned home with them after having spent the past week with Mr. and Mrs. Walentyn Kosobucki and baby daughter.

Mr. and Mrs. Harry Broadbridge and Beverly, Toronto, spent Saturday evening with Mr. and Mrs. Nathan Reid.

Miss Mabel Craig, of Belleville, is visiting her grandmother, Mrs. A.

of your company in our little gatherings.

May your future life be bright and happy and may God's richest blessing go with you through the years to come.

We ask you to accept our gifts to-night as a tangible token of our sincere regard and best wishes.

Signed on behalf of the community Grace Heath, Winnie Jones, Blanche Gibson and Doris Stapley.

The bride and groom each made a suitable reply, thanking everyone for the beautiful gifts and also thanked those who in any way helped to arrange the shower or assisted with the programme. Those present sang, "For They Are Jolly Good Fellows," and lunch was served.

Mrs. Mary Morton, 87, was in attendance at the shower of her two granddaughters, Ruth and Glenn, on Monday and Friday nights.

We are glad to report that Fred Fry is improving after his accident a few days ago, resulting in a broken nose, broken leg and other cuts and bruises. We wish him a speedy recovery.

Several from here attended the Orange Celebration in Warkworth on Thursday.

One of the young men from this community asked your reporter recently, why they didn't report all the news from Rylstone. The reporter replied that all the news available was printed and that any news offered would be thankfully received, but being an ordinary mortal, with plenty of work, and not being a gossip, or given to the pastime of listening on the telephone, it was often hard to hear the news in time to get it to the paper on time. A great many people are very much afraid of seeing their name in print. However, a few kind souls are kind enough to offer an item or two, when they can. Your reporter lived away from this community for some years, and knows how little bits of home news are prized by those who must live elsewhere. So come on, folks, let us know who is visiting you, or any other "item of interest". We'll be grateful.

Mrs. Susie Heath, of Campbellford, attended the shower for her niece, Ruth, and spent the weekend with her sister, Mrs. Dick Morton.

Mr. and Mrs. Clarence Thomson and Brian and Mr. and Mrs. Lloyd Anderson, motored to Oshawa on Sunday to visit their mother, Mrs. Lizzie Thompson, who is spending some time with her daughter, Mrs. Murney Fleming.

Hello Homemakers! We have received a new cook book — "hot" from the press. The proud group who compiled the contents of Favourite Foods are the Girl Guides away down (or up) in Grand Falls, Newfoundland. These recipes are their mothers' favourite dishes. These Guides do not know how much their efforts will mean to them until they have a home of their own, will they?

Take a look in your desk drawer or mother's cupboard! Can you sort out your mother's recipes? Maybe you should start to paste these recipes on 3 by 4 inch cards which you buy in a pack and file them under a card index.

The recipes that appeal to us from Newfoundland are, naturally, the economical fish dishes. Here are a few.

#### Smoked Fish Souffle

Remove the flesh from previously cooked cod or haddock, about half a pound, and flake it. Put one ounce of butter in pan and melt it. Add one tablespoon flour and pour on a cup of water. Let this thicken, mix with fish, season well and beat in two egg yolks. Fold in carefully the stiffly whipped whites of two eggs. Turn the mixture into a buttered souffle dish, sprinkle with grated cheese and bake in a hot electric oven, till brown and well risen, about 20 minutes. (Delicious made with canned lobster.)

#### Tuna Fish Mould

1 (6 oz.) tin tuna  
½ cup cold water  
1 cup chopped cucumber  
1 cup chopped celery  
1 cup peas  
1½ cups salad dressing  
1 tbsp. lemon juice  
2 envelopes gelatin  
Red pepper  
Salt

**Method:** Dissolve gelatin in cold water. Let stand for five minutes. Separate tuna with work to make it flaky. Thoroughly mix tuna, cucumber, celery, peas, pepper and salt with salad dressing. Add lemon juice. Then stir in gelatin and pour into mould which has been rinsed in cold water. Chill firm, then unmold on lettuce or cress. Garnish with stuffed olives and

sprigs of parsley.

#### Baked Fillet

Wash fillet, drain and dry. Cut into serving pieces. Dip pieces of fish in seasoned bread crumbs, then in milk, then in bread crumbs again. Place fish in butter coated baking dish. Pour melted butter over it (using about 4 tbsps. butter to 1½ lbs. fish). Bake in very hot electric oven (500 degrees) for about 15 to 20 minutes.

#### Savory Oysters

½ lb. sausages  
1½ cups milk  
½ tsp. salt  
Dash of pepper  
1 pint of oysters  
3 tbsps. flour

Sauté sausage until cooked, then cut the sausage in cubes. Blend the flour into this, then add the milk, salt and oysters. Heat thoroughly until edges of oysters begin to curl. Pour at once over toast points or in pastry shells. Garnish with parsley.

#### TAKE A TIP

1. There are 6 distinct species of salmon, differing in color, flavour, texture and oil content. Due to quality differences the prices of canned salmon, especially, varies widely. The pink is good for casserole dishes. Red salmon, always labelled sockeye, is desirable for sandwiches and salads. Medium, red salmon is priced between these and is used for cooking or serving in salads.

2. Some smoked and cured fish are cooked partially and may be eaten without further cooking, or with just heating. Fish of this type include goldeye, chub and whitefish. Other cured fish, such as kippered herring or finnan haddie, must be cooked.

3. When we extend fish servings, by adding other less expensive foods such as vegetables, macaroni or spaghetti, cereals or bread-crums to make loaves, casseroles, dishes, and salads, we get more servings per pound.

4. Like the white of an egg, fish must be cooked so that the albuminous

part is delicately soft and creamy. When perfectly cooked the flakes of the fish can be easily pulled apart yet full of juice.

5. Wrap fish fillets or steaks in wet parchment paper and bake in the electric oven. There is no escape or aroma during cooking.
6. Fillets or small fish may be broiled or pan-fried in oil or fat and should be basted to prevent fish from drying out. Preheat the broiling element place fish skin-side down on the rack and broiler pan about 2 inches below heating unit. When fish is well browned on one side, turn it carefully and brown other side. It will take 5 to 8 minutes cooking time for small fish and 15 to 20 minutes for broiling large fish.
7. Prepare tartar sauce or snappy cole slaw to accompany cooked fish.
8. Portions of leftover fish may be made into a delicious fish and vegetable casserole or flaked and served with diced celery and grated beet for a fish salad.

#### Salads For Canadians

Canadians are awaking to the fact that a salad is one of the finest dishes a housewife can serve. This is known from a collection of facts from various sources — figures on food products, surveys of eating habits, and so on.

Almost invariably a salad is made up of, or at least contains a number of fresh foods — fruits, vegetables — and other unprocessed items such as cheese, fish, meats, all are extremely tasty, pleasant to look at and highly nutritious as well. The comparatively recent availability of frozen foods has reduced the troubles of the salad-maker, too, and enhanced the use of fresh foods through salads.

But Canadians can still learn a lot about salads, particularly how good they are, and how convenient as warm weather dishes, how healthy as all-season servings. To spread the word, a national Salad Week will open July 27th, sponsored by the Canadian Horticultural Council and supported by government departments and food industries interested in promoting the use of the products from Canada's farms. During this campaign, hostesses, housewives and chefs will have more information on salads at their fingertips than was ever available at one time before.

#### No Barriers?

An article in the most recent issue of "School Progress" a magazine purporting to be the "National business magazine of Canadian schools" gives a sidelight on the objectives of the Ontario Department of Education's new policy of organizing the school life into four divisions:

"Ontario's new programme of public education is organized in four divisions: Primary — grades one to three; Junior — grades four, five and six; Intermediate — grades seven, eight, nine and ten and senior high school — grades eleven, twelve and thirteen. The prime objective of this revised plan is to break down the artificial barrier which has existed for so long between elementary and secondary education and make the educational process a continuous one from kindergarten through high school."

When fish is well browned on one side, turn it carefully and brown other side. It will take 5 to 8 minutes cooking time for small fish and 15 to 20 minutes for broiling large fish.

9. Portions of leftover fish may be made into a delicious fish and vegetable casserole or flaked and served with diced celery and grated beet for a fish salad.

Mr. E. E. Maybee, principal of Deseronto High School takes issue with this new idea in education.

Mr. Maybee says, "We shall of course, truly try to be loyal to the new programme though we may look with suspicion on eliminating "barriers" which prepare students to meet obstacles. How else can they be prepared to meet the ever difficult grade thirteen tests later?"

"The present director of education for Ontario, Dr. J. G. Althouse considers High school entrance was a 'hurdle' in effect upsetting the student's equilibrium. This needs refutation," says Mr. Maybee.

We believe that Mr. Maybee has done very well to take the bull by the horns and say he doesn't like "the elimination of barriers." He deserves congratulations. While he refers to the need for students to be prepared to meet the obstacle of grade thirteen departmental examinations, we will go further and demand to know why the student should get his education painlessly and ask what kind of preparation such painless process is for life?

Is this just one more manifestation of the social-security conscious and labor-union-controlled everyday opinion that we must put up with? Does ability count for nothing any more? There was a time when a man who jumped the hurdles and barriers or obstacles, or took them in stride was the man who got somewhere.

Now the school student is to be subjected to a wishy-washy "painless" process of education wherein he will not have to study or work or cram for examinations. The net result will be that he knows nothing. He will not only not have learned, but he won't even learn how to learn.

For when the big push of examinations is staring the student in the face, he settles down to work and he sometimes learns something. Those who manage to learn a little bit pass the examinations and are rewarded with the permission to study more difficult subjects. Where in Tophet will be the incentive to learn anything at all?

The student will reach grade thirteen with virtually no knowledge of anything and along with all the other candidates for graduation will try the examinations. The examinations' results will be a farce. The Ontario Department of Education will be forced to grade up the marks received by the pupils turned out by the new regime in order to save face.

They will then be faced with the need to return to the old system with examinations in every year or to eliminate the departmentals. The universities will have to lower their standards to keep their population up and Ontario vaunted high standards of learning — Napanees Express.

#### Junior Fire Rangers Start Work

For the next two months two crews of Junior Fire Rangers will be working in the Quinte District, one stationed at Bancroft and the other operating out of Plevna.

The youths fifteen in all reported for duty on July 2nd and spent the first two or three days getting acquainted with the tools they will be using, safety rules to be followed, and receiving general instructions. The boys average from 17 to 19 years of age, most of them coming from larger centres in Southern Ontario, and for many of them, it's their first job. If previous seasons are any guide, the youthful rangers will return home with husky muscles and more avoidups after the summer's work and carrying with them a more than elementary knowledge of Conservation and Lands and Forests activities in general.

Brushing out telephone lines, clearing public camp sites and actual fire fighting if the opportunity arises, are the main projects. Each crew is under the supervision of a foreman who sees that the boys are given training in the use of fire pumps and other equipment, how the fire fighting organization functions and other work of an instructional nature.

#### New Municipal Forests

The increasing interest and initiative in establishing municipal Forest Projects in the district is very encouraging. County Forests in Lennox and Addington and Hastings have been in operation for some time, and Municipal Forests are also established in the Townships of Hungerford, Thurlo and Camden East.

The Moira River Watershed Authority recently approved plans for a similar forest project and Frontenac County and Marmora Township are contemplating action along the same lines according to Zone Forester W. E. Edwards.

Nearly every Municipality in this area is in a position to develop the kindergartens through high school.

Idea whether on a large or small scale. Not only will the Municipal Forest produce profits, but the educational values undoubtedly stimulate private individuals to undertake similar work.

Full security — food, shelter, clothing, medical attention, etc. — is available to any Canadian. Every jail provides it.

"If your friend is a help, a joy, an inspiration to you, tell him so. There are discouraged hearts everywhere just hungry for appreciation and sympathy."

## NEWS FOR THE BUSY FARMER

### CANADIAN MOSQUITOES NOT RESISTANT TO DDT

Mosquito-bitten Canadians have at least a word of encouragement from a scientist — mosquitoes in this Country haven't built up resistance to DDT.

Dr. C. R. Twinn, of the Department of Agriculture's Household and Medical Entomology Unit, Division of Entomology, says Canadian mosquitoes, unlike some of their counterparts in the United States, haven't built up resistance to our widely-used insecticides because of their limited number of generations.

Houseflies, on the other hand, are becoming slightly toughened to our insecticides.

In general, resistance to an insecticide is built up by an insect during many generations. That's why our mosquitoes, which have only about one generation a year aren't building up resistance rapidly like some of their southern cousins. Furthermore, our mosquitoes don't breed in concentrated areas so they aren't exposed to DDT in such great numbers as are, for example, those in parts of Florida. This means that fewer of them in this country are toughened survivors of DDT treatment.

Cultures of houseflies, Dr. Twinn reports, were obtained from various parts of Ontario Quebec in 1949-50 and reared through many generations. They revealed an average resistance to DDT of about 30 times that of the

dioxide is exhaled. The daily moisture from a dairy cow is between 10 and 15 pounds, while that from a hog may reach as high as six pounds.

Under these conditions the air in a barn would soon become foul and the humidity would rise to an unsuitable height unless replaced by fresh air from outside.

Although two cubic feet of air a minute is all that is required by a cow for actual respiration 60 cubic feet of air a minute is normally required to keep a barn reasonably free from objectionable odours. Moreover, during relatively mild weather as much as 150 cubic feet of air per cow may be needed to remove excessive moisture from a dairy barn.

Two methods for providing the necessary air in a barn are in general use; the natural draft or flue method of ventilation, and the mechanical or fan method. Both of these methods are explained fully along with construction details in a new publication of the Department of Agriculture, Ottawa, "Principles of Barn Construction," by Wm. Kalbfleisch and J. W. White, agricultural engineers with the Experimental Farm Service. The insulation of farm buildings is also explained in considerable detail. The bulletin may be obtained from the Department of Agriculture, Ottawa. Ask for Publication No. 859.

### DUTCH GOODWILL

International goodwill was expressed with the arrival in Canada recently of a shipment of plants, including roses, peonies and hydrangeas, to replace those lost by Manitobans in the disastrous floods last spring. They were sent by Dutch growers and the distribution was handled by a Winnipeg departmental store without charge. Officials of the Netherlands Consulate, the Horticultural Society and the Provincial Government were on hand when the shipment arrived at Winnipeg.

### VIRUS DISEASES FOR INSECT CONTROL

A powerful, recently-tested weapon against forest insects — a virus disease — has again been turned loose experimentally on European pine sawfly currently invading Scotch pine plantations at Strathroy, Ont.

Use of the virus against pine sawfly is part of a development plan that may lead to large scale use of diseases in the biological control of insects.

Initial experiments in the new programme of germ warfare against forest insects were carried out at Strathroy last year with great success.

Results reported on the basis of a count of larvae last year showed that

the virus killed 2,472 of 2,887 in a test area.

Biological control has great advantage over chemical control in that it does not upset the balance of nature by indiscriminate killing of friends and enemies.

Although they may give astounding immediate results, chemical controls, such as the use of DDT, are often too costly to use.

Chemical controls are most useful in the protection of extremely valuable trees or of infected stands that are to be cut in the near future.

The experiments at Strathroy are in charge of Dr. F. D. Bird and are intended to wipe out the current invasion of European pine sawfly, which could spread to the more commercially valued red pine.

First striking evidence of the value of insect control by means of disease in Canada was the result of an accidental importation. A virus observed in 1936, and apparently introduced accidentally from Europe, reduced an outbreak of European sawfly to endemic levels in about four years. Similar evidence was supplied through outbreaks of the Hemlock Looper and Black-headed Budworm in British Columbia.

After preliminary investigations, a formal programme for the study of insect diseases was started and a special laboratory built for the purpose at Sault Ste. Marie, Ont., which was completed in May, 1950. At this laboratory, cultures of the virus which attacks European sawfly were developed from importations made from Sweden.

Also under study there at present are diseases of the Spruce Budworm, European Spruce Sawfly, Forest Tent Caterpillar and Gypsy Moth. Co-operation is maintained with United States scientists, who report encouraging results in New Jersey with viruses imported from the Sault Ste. Marie laboratory.

Making allowance for the dangers of over-enthusiasm, it is highly probable that, next to culture control, biological control will prove one of the best solutions to the majority of our forest insect problems, scientists declare.

### CLAIM SUPER-WEED KILLER

It is reported from Frankfurt in the publication Foreign Trade that German chemical engineers claim to have produced a weed killer which has the power to bring about abnormal overgrowth. A strong solution of this product, which contains hormones, will stimulate the growth of the weed plant in such a way that virtually all its strength is spent. The plant thus produces astonishing deformities and malformations which result in death. Cereal and grass crops are not adversely affected and it is said they may even benefit by the application of the chemical.

### BINDER TWINE INSPECTION

Mechanization has not driven all the binders off the land and binder twine is still used on thousands of Canadian farms.

Binder twine is one of the many farm supplies which is subject to inspection by officials of the Department of Agriculture in the interests of both the farmer and the reputable supplier. The twine, says A. C. Heise, assistant chief of the Department's inspection services is made in four qualities, 500 feet, 550 feet, 600 feet, and 650 feet, which designate the number of feet of twine there are in a pound. The 600 feet quality is most generally used.

Inspection includes checking to see that the length in a pound of twine contains the footage claimed. Canadian made binder twine has a high reputation, and in recent years almost all samples have been found satisfactory.

way from doing the things he ordinarily would do during his usual work week. A schedule for holidays should include sleeping in each morning, staying up past bed time each night, eating when one feels like it, doing some of the things one hasn't had time for because of the demands of work. Following a changed routine will be a rest.

For school youngsters summertime is synonymous with freedom. Perhaps unfortunately efforts are continually being made to organize through camps and vacation schools the free time of youngsters during the summer vacation. We think that this can be carried too far. Children need a change, just as adults do. The best part of the long summer holidays, if you remember your own childhood, was the freedom from having to do anything in particular. Perhaps that's just bad child psychology, but for the kids it can be fun.

Summertime in Canada is a wonderful season and we are fortunate in having only a short one. We never lose the zest for summer living because we never have too much of it.

## Good Old Summertime

For generations the song, "In The Good Old Summertime," has been popular, not so much because it is a catchy piece of music but because it extols what is for most people the favorite time of the year.

Inhabitants of northern countries such as ours appreciate the summer time all the more because it is relatively short. In more favored climates, California for instance, where according to the natives summer is an all-year-round season, the summer months cannot mean so much.

For most of us Canadians summer is a real holiday even though we may be unable to get away from our regular work. For a couple of months anyway we are divorced from the enormous chore of shovelling coal and emptying ashes. Little jobs like mowing the lawn or weeding the garden seem pleasant in comparison.

Canadian summer is out-of-doors time. Picnics, sports days, week-ends at the lake and homes open wide to the elements are among the features of the season. We have wondered sometimes why any indoor gatherings at all should be held during our short period of fine weather. Why not church, for example, in the open air? We have so little warm weather in this country that it seems a pity to miss any of it by being cooped up inside four walls.

Summer is holiday time for many and no doubt this is the best season to get away from it all. More and more business places in this country are closing up completely for a couple of weeks to give employees a holiday. Even retail stores are beginning to follow this practice which is becoming common in the case of factories, warehouses and offices. Being closed for two weeks in the summer, oddly enough, does not seem to cut down on the volume of business handled. Rather by giving management and employees a rest more is accomplished and more efficiently than under the old staggered holiday system.

For each individual summer holidays should mean a complete change. It is a good thing to get away from one's customary haunts, see something of the rest of this great country of ours, meet new people, do new things. Surprising how new contacts and new scenes give a person new ideas and something new to think about and talk about.

If one must have a stay-at-home holiday, the thing to do is change one's whole routine. A pleasant holiday can be spent right here in our home town but only if the holiday gets a

Summertime in Canada is a wonderful season and we are fortunate in having only a short one. We never lose the zest for summer living because we never have too much of it.

## What Do American Tourists Want

When our American friends come to Canada they are visiting a foreign land. They want to have the feeling that this is a nation different from their own.

They do not want the Stars and Stripes waved in their faces, proud of their own flag though they are. Canadians who drag out the American flag on every possible occasion and some impossible ones do so with the idea that they are being courteous to American visitors. This is not the case. The only time the American flag should be flown in this country is at some joint Canadian-American undertaking. To fly it at any other time is bad manners. American tourists want to see the Union Jack or the Canadian Ensign flying in Canada, not their own flag.

Canadians should get away from the idea that Americans are flattered when we name our restaurants "The New York Beanery" or use some other pseudo-American name for our tourist enterprises in the hope of inveigling tourists to come in. Cheap imitations do not make American visitors feel at home. There are fine Canadian names which are seldom seen. Canadians perhaps should get to know their own history better.

We must do everything we can to build up a sound reputation for hospitality, to smooth the way for American tourists in search of Canada. We must see to it that America visitors get full value for the money they spend here. And most important, we must be ourselves.

American tourists want to get to know Canada and Canadians. We must impress them with the fact that we are a courteous, fair dealing people, glad to welcome them to our country.

### Napanee Population

The 1951 Census shows the population of Lennox County is 12,472 with Napanee population standing at 3,847.

## Official Opening of New Public School Planned For Early Fall

Hon. J. R. Cooke Chapter I.O.D.E. Offer of Equipment Accepted By The Board

The official opening of Stirling's new Public School will be held during the latter part of September or early October according to tentative plans made by the members of the Public School Board at a regular meeting held on Tuesday night. While it is expected the new building will be completed during the month of August the levelling and sodding of the grounds will take some time and it is the Board's wish that everything be completed before the official opening takes place. The Secretary was instructed to write Mr. A. W. McGuire, Inspector of Centres Hastings, relative to the arrangements for the opening.

Chairman R. E. Fox presided and was supported by Messrs. R. A. Patterson, C. J. Hatton and H. R. Tompkins.

Mr. C. J. Hatton, chairman of the Property Committee, reported that the Architects had prepared a new plot plan for the school lawn, which called for levelling it off and raising the present sidewalk.

He also reported that the triangular stone marking from the old school had been built into the west wall of the new assembly hall. He suggested, and the board members agreed, that the elm tree located to the southeast of the school should be taken down.

Mrs. D. Rodgers and Mrs. E. Cain, representing the Hon. J. R. Cooke Chapter of the I.O.D.E., waited on the Board stating the members of the Chapter were desirous of donating something for use in the new school, and asking the Board for suggestions. It was agreed that some article of equipment for the school health room would be satisfactory and Chairman Fox conveyed the thanks of the Board to the deputation for their kind offer.

Principal W. D. C. Hall spoke of the need for a supply of duplicator paper and its purchase was authorized.

The following accounts were presented for payment by R. A. Patterson, Chairman of Finance:

Hatton Hardware	\$101.64
Imperial Oil	92.42
West Disinfecting Co.	23.35
G. B. Noble	7.30
Stirling News-Argus	1.26
C. C. Snowden	35.97
James Texts	14.65

## Hooked 5-Lb. Bass

Fishing at Oak Lake last night, Arthur Abernethy of this village, hooked a five-pound large mouth bass.

## Grain Club Members Visit O.A.C. and Niagara

One of the outstanding events of the year for thirty-one boys enrolled in the Hastings County Grain Clubs was a bus trip to the Ontario Agricultural College and Niagara Falls. The trip started on Thursday morning, July 19th, when the boys boarded the bus at Stirling, Belleville and Trenton, and went to Guelph.

At the College the boys visited the experimental plots under the direction of Professor J. Laughland, who pointed out how new varieties of grain and forage crops were developed. He showed the various steps in plant breeding work. The boys then had the opportunity to judge grain and small seeds, and Professor Laughland gave the official placing and reasons.

The next Department visited was that of Agricultural Engineering where the boys were addressed by Professor Webb. Overnight accommodation was provided at the College.

On Friday the bus load proceeded to Niagara Falls by way of Hamilton. In Hamilton the well-known Rock Gardens were visited. These gardens were at their best and were very beautiful. At Niagara Falls, the boys were given about three hours to see the various points of interest.

The bus arrived back in Hastings County in the early evening. The bus trip was under the direction of Harold Defor, Club Leader; John McComb, Assistant Club Leader; and Frank Stone, Assistant Agricultural Representative.

## Pictures Appear In Toronto Daily

Two local Scouts, Ronnie Woodbeck and Ray Hermiston, who attended the Scout Leadership Training Camp at Blue Springs last week, had their pictures in the Tuesday edition of the Toronto Globe and Mail.

## Band Concert Largely Attended

A large crowd of music lovers gathered at Coronation Park, on Sunday evening for the Band Concert by Stirling Citizen's Band. Bandmaster Maurice Bell handled the baton.

## Baptismal Service

Baptized in St. John's Anglican Church on Sunday last were the two children of Mr. and Mrs. Burness Demarest, received the names Burness Adrian and Dolores Agnes.

## Ladies Bowl At Deloro

Two ranks of lady bowlers attended the "triples" tournament at Deloro on Tuesday, with Mrs. R. Cook, Mrs. W. T. Elliott and Mrs. R. Burgess, skip, winning the prize for high two wins.

The other local rank was composed of Mrs. D. Patterson, Mrs. Earl Green and Mrs. A. Fraser, skip.

## Ran Into Trailer In Front of Home

Sue Ann, young daughter of Mr. and Mrs. Bert Bastedo, Front St., suffered multiple abrasions and scratches when she ran into the side of a trailer attached to the car of N. Condette, of Trenton, on Monday evening. The little girl was at play and is said to have darted out into the street after a ball. Chief S. Eggleton investigated the accident. No blame was attached to the driver of the car.

## Anglican Young People's Camp

The Anglican Young People's Camp at Camp Hyanto, Lyndhurst, Ontario, begins on August 3rd. The Rev. H. C. Secker is Dean of Camp, and will be spending his holidays there. Following this Camp, he will be Handicraft Instructor for the Girl's Auxiliary Camp until August 17th.

## Alva D. Collier Elected D.D.G.M. Prince Edward Dist.

Alva D. Collier, of South Bay, was unanimously elected District Deputy Grand Master of Prince Edward District, A.F. & A.M. at the Masonic Grand Lodge meetings at Toronto last week. Mr. Collier will serve as the Grand Master's representative in this district for the 1951-1952 term and succeeds A. V. Gaebel, Madoc. There are 12 lodges in the district.

The new D.D.G.M. served as Master of Prince Edward Lodge in 1942. He is also a member of Prince Edward Chapter, Royal Arch Masons, and a member of South Bay United Church, where he acted as Sunday School Superintendent for a number of years. He is a prominent South Bay Farmer and one of the largest apple growers in the district.

On Friday the bus load proceeded to Niagara Falls by way of Hamilton. In Hamilton the well-known Rock Gardens were visited. These gardens were at their best and were very beautiful. At Niagara Falls, the boys were given about three hours to see the various points of interest.

The bus arrived back in Hastings County in the early evening.

The bus trip was under the direction of Harold Defor, Club Leader; John McComb, Assistant Club Leader; and Frank Stone, Assistant Agricultural Representative.

## SHOWER HELD FOR NEWLY-WEDS

Mr. and Mrs. Bert Jones were treated to a miscellaneous shower by friends and relatives at the home of Mr. and Mrs. Philip Carr, Ridge Road, last night, in honour of their recent marriage.

Mr. Volney Richardson acted as master of ceremonies for a programme which included community singing led by Harry Brown; readings by Miss Marion Richardson, Miss Grace Clarke and Mrs. Russell Stapley; vocal solo by Miss Verna Brown; duet by Misses Jane and Janet Tompkins; piano solo by Mrs. Harold West and guitar solo by Bob Clarke. Short addresses were given by Messrs. Harry Brown and Philip Carr.

Mrs. Kenneth Tompkins read an appropriate address after which the guests of honour were presented with numerous gifts. Members of Stirling Citizens' Band, of which the groom is a valued member, rendered a number of selections, after which lunch was served and a social hour enjoyed.

Awards to prize winners at Toronto's Royal Winter Fair were up more than four miles of ribbon.

## PAST NOBLE GRAND CLUB AT OAK LAKE

The July meeting of the Past Noble Grand's Club was held at the Spyre Cottage, Oak Lake, with Sisters Mary Jane Spyre and Gena as hostesses.

The President, Sis. Grace Vandervoort, opened the meeting in the usual manner. After roll call the business was dealt with. Sis. Edith Bradshaw invited the members to come to her cottage on August 15th. There will be a pot-luck supper and Sisters Duffin and Vanderwater are on the Programme Committee.

A humorous and interesting letter from Sis. Evelyn Bailey, telling of her sojourn for the summer months at Baptiste Lake, was read.

Sis. Effie Bailey introduced the speaker, Sis. Irma Clancy, who gave a very delightful and interesting talk on her trip to Florida. She showed several views and articles collected en route.

Sis. Bradshaw gave a good reading. The members enjoyed a lovely pot-luck supper served from a table on the lawn at the water's edge.

A vote of thanks was moved by Sis. Marion Heath to all who helped with this nice meeting.

## Camp Counsellor

Miss Roberta Good has been acting as Senior Counsellor of Land Sports at the C.G.L.T. Camp Quin-Mo-Lac, on Moira Lake, this past week.

## Transferred To Ottawa

Ross Thomson, district sales supervisor for the Frost Fence Co., who has resided in Stirling for several months, has been transferred to Ottawa. He will assume his new duties the first of August and will move his family to the Capital City as soon as living quarters can be procured.

## Accepts Position

Miss Geraldine Veall, Brockville, has accepted a position in H. C. Martin's Insurance office, and began her duties on Monday. Miss Veall and her mother will occupy the apartment now occupied by Mr. and Mrs. G. Cherry.

## 8½ Pound Pike From Oak Lake

An eight and a half pound pike was pulled from the water of Oak Lake by Mrs. Douglas Evans, of Belleville, on Friday night last.

Measuring 34 inches from tip to tip, the fish was the largest caught in the lake this season. Mrs. Evans was using a light steel rod and was casting from a point on the shore when she made the catch.

## Attending Jr. Camp

Barbara Woodbeck, Janet Anne Good, Evelyn Cooke and Martin Seckler, from Stirling, and several boys from Frankford, are attending the Junior Camp at Camp Hyanto, Lyndhurst, Ontario. They left today (Thursday) for seven days.

## Roy Strickland Former Stirling Boy At Scout Jamboree

King Scout Roy Strickland, Lindsay, left Montreal at 10 a.m., Wednesday, July 18th, aboard the S.S. Ascania for England on his way to the World Scout Jamboree to be held in Austria from August 3rd to 13th. Roy son of Mrs. M. O. Strickland and the late Mr. Strickland, of Lindsay, and formerly of Stirling, was chosen as one of the 32 Scouts to represent Canada at the World Jamboree where some 15,000 Scouts from all over the world will meet for ten days.

Last week in Lindsay, neighbours and friends of Roy Strickland gathered to present the boy with a purse and wish him "bon voyage" when he went to Toronto to board a train for Montreal. For the next four days the Scouts attended a pre-jamboree camp at Camp Tamaracouta in the Laurentians. Following a visit at this camp, the Scouts boarded the S.S. Ascania for Liverpool.

Roy's itinerary includes: July 26th, disembark at Liverpool, entrain for London and arrive at Hounslow.

July 28th, review by H.R.H. Princess Elizabeth at Clarence House, London, a visit to Windsor and Elton and official reception by Mayor and council of Hounslow.

July 29th, church, a visit to Hampton Court to meet Lady Baden-Powell and tea with the Sea Scouts on the Thames.

July 30th, visit to the Houses of Parliament, the I.I.Q. and Scott's ship, the "Discovery."

July 31st, entrain for Jamboree.

August 15th, return from Austria.

August 17th, tour on River Bus from Richmond to Tower of London.

August 18th, car tour to Oxford and visit university.

August 19th, church and a cricket match.

August 20th, visit Long Distance Telephone Exchange, some will be permitted to "phone home."

August 21st, tour of local factory (with bus flight included).

August 22nd, farewell supper at Scout Headquarters.

August 23rd, entrain for Southampton and the boat.

King Scout Strickland will be in the Buffalo Patrol with boys from Nova Scotia, British Columbia, Alberta, Ontario and Quebec - Lindsay Daily Post

## Stirling Lost In Eleven Innings

Trenton Victors in Thrilling Game Decided By Home Run On Wednesday Night

Stirling and Trenton Softballers went eleven innings at the local recreation grounds last night before the latter squeezed out a 10-9 victory on the strength of a home run by C. Ellis in the last inning. Once again one badinning proved the locals' downfall. Leading 9 to 4 in the eighth the locals' defence went to pieces and the visitors scored five runs to tie the count.

Geo. Noble pitched excellent ball for the locals giving up only four runs to the heavy hitting visitors until the fateful eighth. He was relieved by Faulkner in the ninth. Farr went the route for the visitors.

After getting two runs in the first inning the visitors were held scoreless until the sixth when they added one on successive doubles by Hastings and Ellis. They scored again in the seventh, followed by their big eighth inning in which five runs tied the score.

The locals got two in the first on two walks and a triple by Rodgers, one in the second and three in the third to take a six to two lead. They added three in the sixth but were held scoreless the rest of the way.

Rodgers with a triple and two singles, Zufelt, Mason and Bastedo led the local hitters, with B. Mason providing the fielding feature when he raced away back of second base in the third inning to pull down a fly ball.

For the visitors Ellis, Hastings and C. Ellis were their best hitters.

Trenton — Scott, lf; Farr, p; C. Ellis, c; Hastings, 1b; Ellis, ss; Flynt, 3b; Istead, cf; Miron, rf; Rodgers, c; Bush, 2b; Smith, 2b; Zufelt, rf; Rodgers, c; Bush, lf; Mason, ss; Faulkner, of, and p; Bastedo, 3b; Noble, p.

Trenton .... 2 0 0 0 0 1 1 5 0 0 1 —  
Stirling ..... 2 1 3 0 0 3 0 0 0 0 0 —

## Kingston Sweeps District Play-Offs

Kingston bowlers made a clean sweep of District No. 15 Provincial Lawn Bowling Association play-offs held in Belleville on Friday afternoon last. Competitions were held in rinks, doubles and singles. Five entries in the rinks included representatives from Campbellford, Stirling, Madoc, Belleville and Kingston, with R. Hindon's rink winning out.

In the doubles Dick Edney and W. Duncan, of Kingston, proved too good for the opposition, which included pairs from Belleville, Stirling and Campbellford, while Morley Gault, of Madoc Juniors won.

In the junior doubles competition, Locke and Hatch, of Madoc, won over a Belleville pair.

Bowlers taking part from Stirling were Jeffrey, Patterson, Fellion and Mallory, in the rinks, and Tompkins and Fox in the doubles.

## Bowling Notes

Messrs. F. R. Mallory, Joe Fellion and H. R. Tompkins competed in the "triples" tournament in Kingston on Saturday afternoon.

Mr. and Mrs. W. T. Elliott and Mr. and Mrs. R. E. Fox competed in the mixed doubles tournament in Brighton yesterday (Wednesday), with the latter pair being high for two wins.

## News-Argus Closed July 28th -- Aug. 7th

The annual vacation period for employees of the News-Argus will be from July 28 to August 7. When the office will be closed. Persons requiring job printing during this period should place their orders at once.

No Paper

For Two Weeks

There will be no publication of the News-Argus on August 2nd or 9th. Advertisers and correspondents please make note.

## COMING EVENTS

LAWN SOCIAL AT WELLMAN'S Corners United Church on July 27th, under the auspices of Rawdon Circuit. Adults 35c. Public School Children free, lunch included. 37-1

## PROCLAMATION

Pursuant to a resolution of the Council of the Municipal Corporation of the Village of Stirling, I hereby proclaim

## Monday, Aug. 6

## A CIVIC HOLIDAY IN STIRLING

Owing to Civic Holiday falling on the first Monday of August, the Village Council will meet one week earlier, Monday, July 30th.

Clerk

H. J. WELLS,  
Reeve

## Cinderella Become Queen

Cinderella become Queen — that's the story of iron and steel scrap. Never has scrap been so vital, because on it now depends the continuance of the present high rate of production for defence and civilian needs.

Many people cannot understand what scrap metal — which they sell as

junk — has to do with making automobiles, stoves, refrigerators and many other articles. But, just as the housewife uses stale bread to make bread pudding, so iron and steel scrap is used to make new steel.

For steel, in most of its forms, is virtually indestructible. It is used, scrapped, remelted and used again. The open hearth process of making steel requires a blending of scrap steel with new pig iron so that scrap forms about half of the furnace's charge.

### Supplies Dwindling

And scrap today is scarce — uncomfortably scarce. Steel companies like to keep at least 60 days' supply of scrap on hand. But they have been eating into their supplies. When some of the big piles of scrap once stood at The Steel Company of Canada's great Hamilton Works, there is now bare ground. Stocks have been dwindling. The situation is worldwide. Furnace shut-downs in the United States have even been contemplated because of the scrap shortage — at a time when steel is needed more than ever.

Canadian steel plants produced nearly 3,300,000 tons of ingots last year. To maintain this production, at least 1,000,000 tons of scrap is needed every year, in addition to scrap produced in the steel plants themselves, and reused carefully. Stelco's new furnaces, now being constructed, will need each year about 300,000 tons of scrap more than is being used now — and today this Company needs to buy nearly 1,000 tons of scrap a day.

### Why Not Use More Pig Iron?

Why is scrap so necessary? Cannot its place be taken by using more pig iron?

The answer is, that use of scrap enables steel to be made faster, cheaper and of better quality. There is better control of analysis, because fewer impurities are present in scrap, which already has been refined at least once. Use of iron ore alone would require longer smelting and refining time, and increased costs for material and labour. It also would involve faster use of non-renewable natural resources, particularly iron ore, coal and limestone, as well as costly, needless transportation of these basic ingredients. It takes nearly four tons of raw materials to make one of pig iron.

Stelco representatives are visiting manufacturers who buy Stelco steel and are urging them to return, quickly, every pound of scrap resulting from their operations, as well as all the abandoned vehicles, machines, tools, dies, fixtures and other scrap lying around their plants. Co-operation by these customers has been excellent.

### There's Scrap Around

But there is a lot more scrap still around. Some of it consists of worn-out farm implements, other machines, old cars, municipal equipment. The key man in getting it to the steel mills is a scrap metal dealer. He finds, collects and sorts the scrap, and prepares it for the furnaces by cutting or baling.

You and every citizen can help in this critical situation. Call a scrap metal dealer and turn over all your unusable metal to him today. It's worth

more money than ever before. And it will help Canadian steel mills to keep up capacity output.

## Now Is The Time To Watch Our Steps

These are stirring times in Canada. Business is booming, industry expanding, wages and prices are rising, the people have money in their pockets and government revenues are at an all-time high.

Experience tells us that all booms come to an end, just as surely as summer always ends and is always followed by winter.

This is a time to watch our step and remember that obligations incurred during boom times are hard to meet when the boom is over.

The pending old age security legislation might be a case in point.

It proposes to spend 325 million dollars a year on old age assistance and pensions. That is about 15 per cent of the estimated revenue of the government.

No doubt this amount will be increased as time goes on and the pensioners become organized and politically powerful.

At present the federal government revenues come from the following sources:

Corporation taxes	26%
Individual income taxes	24%
Customs and excise duties	20%
Sales tax	18%
Other	12%
Total	100%

What will become of these sources of revenue when the present boom is over? Will they continue to supply sufficient funds to meet all the government's obligations, or will they dry up as our need increases?

When corporations cease to make profits they will cease to pay taxes.

When citizens' incomes decline their ability to pay income taxes will also decline.

When employment becomes less certain, and money less plentiful, people will buy fewer taxable goods and thus reduce the revenue from customs, excise and sales taxes.

All these things are sure to happen when the boom is over.

All present federal government sources of revenue will shrink. But there will be no corresponding shrinkage in expenditures on old age pensions.

The government will then be forced to find new sources of revenue and new ways of collecting the money it so thoughtlessly pledged itself to pay in the days when its revenues were overflowing.

The only place it will be able to collect the money is from the people. These are things that parliament should consider and prepare for before committing us too deeply. —The Scene

## Job Jumpers Get Nowhere

A phenomenon of modern business is the current habit of "job-jumping," especially among younger people who have been earning their daily bread only a short time. Office Managers and Personnel Directors have become reluctantly resigned to a steady turnover of their junior personnel. There is a constant procession of new typists, new office boys, junior clerks through the offices of corporations large and small.

What is it that moves a youthful employee to quit three weeks after starting a job? The reasons are not always financial. Not all office workers quit to go to a position that offers more money. Sometimes it is shorter hours, sometimes to enjoy coffee-time twice a day, often it is for such a trivial thing as to be in the same office as a boy friend or a girl friend. Whatever the excuse, the frequent resignations cause business houses a certain amount of disruption. Although no one is indispensable, the abrupt departure of a filing clerk who has just become useful throws an unfortunate burden upon the remainder of the staff until a suitable replacement can be found.

Young men and women appear unconvinced of the value of the old-fashioned virtues of stability. They have yet to learn that it is to their advantage to acquire experience and seniority with an employer, that it is foolish to leave with out just cause. There are circumstances, of course, where a change is advisable. But, on the whole, a newcomer to business life can gain much by becoming a specialist, by sticking to one job until he or she is expert at it. Not until the wisdom and experience that comes with time have been acquired, should the novice business man or woman look to broader fields.

The recent death of Frederick S. Corrigan, Chairman of the Board of General Steel Wares Limited, is an excellent example of the virtues of stability. At the age of 19, Mr. Corrigan

became an employee of the Komp sheet metal manufacturing firm in Toronto. He rose to the position of general manager. When the Komp organization became a part of General Steel Wares, he remained as general manager of the company. At the time of his death, he had been 54 years with General Steel Wares and predecessor companies — he had climbed from a clerical job to secretary, general manager, president, and chairman of the board of the largest industry of its kind in Canada.

Not every young man has the energy and the brains that characterized Frederick Corrigan; not every young man can hope to go to the top of his chosen field. But, unless he (or she) is completely without talent or ambition, he can gain advancement and the prestige and compensation that accompany seniority if he sticks to the job. One job that is, until he knows it. Change for the mere sake of change is a bad habit that might well be broken to the advantage of employee and employer alike.

## Go To Church

The following verse is culled from the columns of The Grenfell (Sask.) Sun:

"We think that you should go to church.

If only for a visit,

For one day you'll be carried there,

And the Lord will say, "Who is it?"

## Let Bull Run Loose Pays \$50 Damage

Whitfield Lawrence, Bonarlaw, was fined a total of \$50 on two charges of allowing his scrub bull to run loose. The case was held in Campbellford court.

Complaints were made by two neighbouring farmers, Harry Dickinson and Allen Rutherford.

Lawrence was also ordered to pay \$14.80 in costs on the conviction. The bull is now tethered.

## Bullet Hits

### Man In Leg

Sequel to a family quarrel which had resulted in his being ordered off the farm of his father-in-law, Thomas H. Forsythe, 24, of West Huntingdon, is in Belleville General Hospital with a gunshot wound in his leg.

The incident occurred Saturday evening at the roadside outside the farm home of Arthur P. Mullett, R.R. No. 1, Moira. The bullet, said to be fired from a gun in the hands of Mullet, ricocheted off a rock and struck Forsythe who was standing about 100 feet away.

Following the incident Forsythe drove his car to Belleville where he received medical attention at the hospital.

### Ordered off Property

The family quarrel which came to a head Saturday night was said to have been going on for at least six weeks. Forsythe's wife, with their two children, had gone home to live with her parents. On visits to see his children Forsythe had been ordered off the Mullett property on several occasions.

Saturday night it is reported that Forsythe had come with his mother to get the children when he was again ordered off the property by Mr. Mullett. The shooting incident with the 38-40 hunting rifle followed.

## Safe Blown At Frankford Post Office

Safe-crackers some time over the week-end entered the Frankford Post Office and blew the safe, escaping with approximately \$600 in cash, postal notes and stamps.

The smashed safe was discovered Mon. morning by the postmaster's assistant, Miss Kathleen MacAuley, when she opened the office for the day's business. She found the safe blown open and the contents missing.

Chief of Police Ed. McGeachie, of Frankford, said entry to the Post Office building had been made by a back window which had been pried up and the inside bars then pried off. The safe-crackers made their escape by the back door, which was opened from the inside.

Villagers residing near the post office told police they had heard a muffled explosion about three o'clock Monday morning, but at the time had not considered the matter worth investigating. The explosion was heard by two families living across the street from the post office.

Provincial Police Constable Harry Barker, who investigated with Corporal J. Morden and James Driscoll, former OPP photographer, said that "the safecracking was a real professional job." The door was blown open, completely wrecked, and was hanging on one hinge.

## What Others Say!

### GOOD THOUGHT!

Only when citizens are aware of the fact that they personally have to pay for the cost of government and government services do they realize that they personally have responsibility in seeing to it that government is operated efficiently. —Winchester Press.

### HIS MAJESTY'S MAILED

(Brandon Sun)

Since Confederation the mails in Canada have been known as "The Royal Mail" or "His Majesty's Mail," and Canadians have been happy and contented in the knowledge that there has been that significant and substantial name in use. It has meant that you have no pants left to hold up, it's every postcard, letter, package and, a panic.

we might add, newspaper or periodical mailed in Canada has been under the trusteeship of the King himself until its delivery at destination.

From their youth Canadians have been schooled in the belief that nothing must be allowed to interfere with the despatch and delivery of the Royal Mail. Because all mail has been "His Majesty's Mail," the King's Post Office Department in Canada has been accorded and has exercised certain distinct rights.

There has existed a certain deference in the minds of the Canadian people because of the knowledge that the mail is His Majesty's Mail.

A recession is a period in which you tighten your belt. In a depression you have no belt to tighten. And when you have no pants left to hold up, it's every postcard, letter, package and, a panic.

**Items of Interest****St. Paul's-Carmel**

(By Rev. A. E. Baker, U.E.)

On Dominion Day Sunday a "Confederation" rose graced the pulpit at St. Paul's from the gardens of "Hills-Holme." Last Sunday the same gardeners sent a pulpit pink of rare beauty and fragrance as well as gorseous sweet peas of many hues and a large and varied bouquet of seasonable garden flowers. These with riverside blooms chosen with care by Mrs. Corbett were attractively stationed on the church.

From the kitchen gardens of "Hills-Holme" large luscious raspberries, accompanied by that rarity in these days a "home-made" loaf of the "staff of life" were despatched to the Parsonage to greet its returning occupants by the kindly thought and charming grace of Mrs. Beatty.

The Carmel congregation is holding its services in the Silver Jubilee Hall while the church ceiling and walls are being renovated. It is hoped to complete this phase of reconditioning well before the Church Anniversary Sunday, September 30th.

The W.A. of Carmel very graciously sent a cash gift to the Minister in lieu of fruit or flowers during his recent hospitalization.

**Stirling Festival**

The ministry of music column, a feature of the United Church Observer, contained the following statement in its issue of July 15th, respecting the Stirling Festival of Sacred Praise.

"On the King's Birthday a new festival came into existence at St. Paul's United Church, Stirling Ontario. The new festival bids fair to become a permanent and flourishing organization. While it is known as the Stirling Festival of Sacred Praise, it had entries from many places in the surrounding districts including Madoc, Tweed, Trenton, Wooler, Picton, Battersea and other villages. Speaking as the adjudicator I should like to pay tribute to the high quality of singing shown in every class, evidence of long and careful preparation. The organization was splendid. Friends from a distance were treated hospitably and were given facilities for lunch. A supper was provided for those who had time to eat it. The winner of the gold award in each class became a "Star of the Festival" and these provided an excellent program as soon as the last adjudication was made.

"The willing and efficient helpers deserve the highest commendation for creating such a fine competitive festival devoted entirely to sacred praise." Mrs. Walter T. Elliott is the General Secretary of the Festival Board.

**Church Services**

Throughout the vacation season services at St. Paul's and Carmel will be carried on as usual every Sunday.

Services the second and third Sundays in July were in charge of Major H. Honeychurch, of the Salvation Army, Belleville. His presence and messages were most helpful. Mrs. Arthur Pyear ably presided at the organ at St. Paul's and took charge of the music for these services.

Major Honeychurch taught the children a Christie St. Hospital Soldiers Chorus popularized by Padre Sidney Lambert O.B.E.

Whistle a tune in the morning,

Whistit a tune at noon,  
Whistle a tune in the evening

To keep your heart in tune,  
God answers prayer in the morning.  
God answers prayer at noon.  
God answers prayer in the evening  
And keeps your heart in tune.

**St. Swithin**  
Saint Swithin's day if thou dost rain  
For forty days it will remain.  
St. Swithin's day if thou be fair,  
For forty days 'twill rain no mair.

As goes St. Swithin the 15th of July  
The next forty days will be wet or dry.  
These lines arose from the legend  
that bad weather delayed the burial of  
St. Swithin for forty days. He died  
July 2 (?) A.D. 862.

A church named after him is found  
in the heart of the city of London. He  
was an early Bishop of Winchester, noted  
for his piety and his zeal in  
building new churches and restoring  
old ones. He was the tutor of King  
Alfred the Great and as such contributed  
to the training of this devout  
Christian.

Behind an iron grating on the street  
side of St. Swithin's Church may be seen  
"London Stone." This dates from the Roman Invasion of Britain.  
It was the centre from which the Romans  
measured distances. In early  
days any citizen grieved or oppressed  
on reaching this stone could appeal to  
the King.

**Farmers and Trees**

A very useful article appeared on page 2 of last week's News-Argus entitled "Trees Are A Crop." Every farmer should read this article. It will repay you to take advantage of the offer of the Department of Lands and Forests to send a forester from the Zone office in Napanee to talk over and help you use to advantage your woodlot or lands suitable for such. In the meantime write to the Dept. of Lands and Forests, Napanee for a copy of "The Farm Woodlot," a 44-page booklet with many useful suggestions.

**Woodlots in Rawdon**

According to the Moira Report there are 108 woodlots in Rawdon Township totalling 4,758 acres. Of aged even growth 1,077 acres, of uneven growth, 3,681 acres. Of the 4,758 acres, 3,933 acres are grazed and 825 acres not grazed. Out of the total 4,758 acres only 200 are fenced.

Haldimand County has given a most progressive lead in Southern Ontario by passing a by-law for the protection of woodlots. Under this by-law eight strand wire fencing is provided to all who will supply posts and labour to erect it on woodlots with a minimum size of two acres. Provision is made for the exclusion of cattle from such woodlots for 10 years. Fifteen Ontario Counties have passed tree cutting by-laws in the interest of economic and planned marketing. Hastings County once sold thousands of feet of lumber annually. It can be produced again under wise and energetic leadership.

The survey of Rawdon reveals that 78% of the timber standing today is second growth, 21% is young growth.

While woodlots have an acreage of 4,478 the potential reforestation area is 5,856 acres distributed as follows: Woodland, 3,970 acres; scrubland, 1,585 acres; open land, 1,728 acres.

Mrs. Cecilia Macklin was the Summer Sunday soloist on July 22nd.

The Woman's Associations have placed a new rug in the dining room at the Parsonage. This beautiful addition to the furnishings of the Minister's residence is another fine step toward the furnishing standard rec-

ommended by the Dominion Board.

Thoughtful home-returning gifts were received at the Parsonage from Mrs. R. Stapley, Mrs. C. Macklin, Albert Wells, Mrs. Louise Anderson and the Carmel Committee of Stewards. These with many kindly words of welcome are gratefully acknowledged.

Mr. and Mrs. John (Joe) Irish are to be commended for taking a course in Cub and Scout work.

Stirling Public School Trustees have thoughtfully provided for the inclusion of the triangle school marking stone in the new school.

The officials of the Carmel Charge are giving consideration to an appropriate inscription to be included in the re-decorating design. Suggestion related to Mount Carmel or its prophets should be sent to Mrs. A. Pyear for consideration.

Our best wishes to the editor and staff of the News-Argus for a pleasant vacation.

**South Hastings Grain Club**

"Lanark and Beaver Oats are two of the best varieties grown," Jack MacCrae, Fieldman from the Crops, Seeds and Weeds Branch of the Ontario Agricultural College told the South Hastings Grain Club in a meeting held at the home of Harold and Ross Cole, of Coryville, on Monday, July 9th.

Mr. MacCrae discussed the good and bad qualities of the different varieties of oats. He recommended Lanark and Beaver. Lanark, a new variety, is strong in the straw, a heavy yielder, and resistant to both rust and smut. Beaver has a good length of straw with fair strength, kernels of good size and plumpness. It is a heavy yielder and resistant to rust.

"If we want good seed we shouldn't expect that more than one-quarter of what we take to the cleaning mill will be fit to sow," he asserted in pointing out that the grading is the most important part of the cleaning process.

The boys were given a class of oats and barley to judge. Official placings were given by Mr. MacCrae and Mr. W. Frank Stone, Assistant Agricultural Representative.

The members extended their thanks to Mr. MacCrae for his helpful instructions and to Harold and Ross for their hospitality.

**Justice John Marshall.**

The general is a well-built man, six feet tall, and weighing about 185 pounds. Noted for his frank, penetrating, light blue eyes, he is a charming personality and a pleasant, lined face. One writer has described him as a restless, enquiring mind in a restless, energetic body. An example of his determination was shown early when he took up football for the first time in his senior year at Virginia Military Institute. After six weeks study of football, he made the senior team, and was chosen all-Southern tackle. Graduating in 1901, he received his commission, and when the U.S. entered World War 1, he was a captain. He became one of General Pershing's aides and was decorated many times. Continuing his brilliant army career after the war, he was promoted to the rank of brigadier-general. In 1939, President Roosevelt, chose him as Chief of Staff. He held this position throughout World War II, until appointed Secretary of State. Less than a year ago he was appointed, out of retirement, to his present post. A new chapter in history, which he wrote when he formulated the Marshall Plan, caused Bernard Baruch to name him "the first global statesman."

**August 15, Deadline For Tree Applications**

A reminder to tree applications — August 15th — is the deadline for receiving applications for next year's planting stock. Requests after that date can only be filled if surplus stock is available.

Applications should be mailed to the Zone Forester's Office, Box 209, Napanee, and forms can be obtained as well from most Lands and Forests Headquarters in the District.

**BUILT FOR HARD WORK!**

**BUILT FOR THE TOUGHEST JOBS NEW AND MIGHTY CHEVROLET TRUCKS**

*They're Canada's overwhelming favourite for every kind of operation and why not . . .*

**NEW SAFETY** — with the new twin-action self-energizing hydraulic brakes.

**NEW COMFORT** — with the new No-Draft Ventipanes plus improved driver seat construction with "tilt-back" action.

**NEW ECONOMY** — Chevrolet's famous valve-in-head engines that breathe more easily through improved carburetion, manifolding and exhaust system.

They're the smartest looking trucks on the road — feature for feature you can't beat the leader — Chevrolet Trucks.

### Mount Pleasant

#### MOUNT PLEASANT

Mr. and Mrs. Eric Summers and children are spending a couple of weeks at Keene where Eric is relieving foreman on the section.

Mr. Ronnie Williams, Mr. and Mrs. Frank Johnston, Yvonne and Carol, of Queenville, spent the week-end with Mr. and Mrs. Sid Williams.

Mr. and Mrs. Blake Sharp and Bert attended the Post reunion at Oak Lake

last Wednesday.

Mr. and Mrs. Clifford Holmes, Melburn and Marilynn, of Kingston, visited Mr. and Mrs. John Holmes, on Sunday.

Mr. and Mrs. Percy MacMullen were dinner guests at the home of the latter's brother, Mr. and Mrs. William Montgomery, Stirling, on Saturday evening, July 21st. During the evening Rev. F. G. Joblin, Port Perry, baptized Barbara Ann. Rev. Joblin is an old friend of the family, having officiated at the wedding of Mr. and Mrs. Montgomery when he was stationed on the Rawdon Circuit.

Mr. and Mrs. Will Potts entertained on Sunday Mr. and Mrs. George Stewart and Tommy, Moira, and Mrs. Stewart's sister from Toronto. Mrs. Earl Dunkley is recovering from an accident when she hurt her head.

The dust is beginning to be a nuisance on the new highway as well as on country roads.

Rev. F. G. Joblin, Port Perry, who served Rawdon Charge for twelve years has been renewing acquaintances at Wellman's Bethel and Mount Pleasant. He spent some time with Mr. and Mrs. Ross Hoard, Mr. and Mrs. John Holmes and Mr. and Mrs. G. F. Spencer and other friends. He attended the evening service at Mount Pleasant on Sunday.

Mrs. H. D. Millar, Smiths Falls, has been spending the past month with her parents, Mr. and Mrs. Charles Sharp, Consecon, owing to the accident to her son, Garry. While following the mower, Garry, in some way stepped over the cross-bar and the machine almost severed his leg above the ankle. Garry spent fifteen days in Trenton Memorial Hospital, and now his leg and foot is in a cast, and doctors have every reason to think that the operation has been a success. Garry ex-

### RIVER VALLEY WOMEN'S INSTITUTE

Remember the date — Thursday evening, August 2nd, River Valley School House — The public are invited to come at 8.15 p.m. and enjoy games with good prizes, ice cream, fish pond and fun galore. At 7 p.m. there will be a basket picnic for members and friends of River Valley Community and their families. Bring your dishes and three food items, and enjoy a reunion supper. No admission fee.

pects to return to Smiths Falls with his mother (the former Luella Sharp, of Mount Pleasant) at an early date.

The severe electric storm on Wednesday evening, July 11th, cut off the hydro for several hours.

Mr. Harry Tompkins, of Sarnia, has been appointed officer in charge at the Radio Transport Station, just off Pump Street. Mr. Tompkins took up residence last week and his wife and family expect to come at a later date. This is the first appointment since Mr. Richard Farrer was transferred elsewhere. Mr. Albert Sager has been carrying on the duties for several months.

Mr. George Sharp and his son and wife, Mr. and Mrs. Will Sharp, of Tilsonburg, paid a flying visit to the Fourth Line and among others they called on Messrs. John L. Bailey and William Henry Scott. Mr. Sharp is seventy-three years young and he resided for several years on the Allan Reid farm. He moved away in 1915 and this has been his first visit to the old scenes in forty-six years.

On Sunday evening at Mount Pleasant United Church, Rev. R. R. Bonsteel very graciously welcomed Rev. F. G. Joblin, a former pastor of the Circuit. At the close of the service Rev. Joblin gave the dismissal prayer after which he greatly enjoyed the fellowship of all his former friends.

Rev. Bonsteel spoke on the theme, "Ye are my witness," and gave a graphic picture of the Summer School at Oak Lake Camp where he is giving a course of study this week on the subject, "Teachers of Religion."

Mrs. Emma Jean Sargent, of Middleville, Michigan, called on Mrs. John Johnson last week. Years ago when she was in her teens she resided at Brinkworth, and was a daughter of the late Mr. and Mrs. John Huffman.

Mr. and Mrs. Carmar Reid, Dianne and Karen, Trenton; and Mr. and Mrs. Sid Williams, Mount Pleasant, enjoyed a trip to Perth and called on their cousin, Mrs. Stanley Tufts.

Among the relatives from a distance who attended the funeral of Mr. Reuben Parks at Mount Pleasant United Church on Wednesday afternoon were Mr. Ashton Daley, Detroit; Mr. Robt. Greenley, Hastings; Mrs. Charles Kerr and Mrs. Charles Fraser, Campbellford, and Mrs. Lulu Fennell, of Havelock.

Mrs. Marguerite MacMullen sang a vocal selection, "Beautiful Isle of Somewhere."

Plans have been changed and Rev. R. R. Bonsteel will be in charge of the morning service at Mount Pleasant on July 29th.

Mrs. E. Rowe, of Brantford, spent last week with her brother, Mr. Arthur Couch and Mrs. Couch. Mr. and Mrs. Henry Malliston, of Brantford, spent the weekend at the same home and Mr. and Mrs. Arthur Couch accompanied the party home for a week's holiday.

Over forty persons attended the Club picnic supper at Oak Lake on Thursday evening July 19th, and an additional twenty came-in the evening for the games, etc.

Mrs. Albert Sager entertained several ladies to a demonstration party on Wednesday evening.

Mr. and Mrs. Percy MacMullen attended a miscellaneous shower on Friday evening at Carmel Jubilee Hall in honour of Mr. and Mrs. David Charlesworth. (nee Madeline Woods).

The regular meeting of the W.M.S. will be held on Wednesday, August 8th at the Church. Remember the date as this column will be on holidays for two weeks.

Mr. and Mrs. Orno Sharp and Ray

attended a shower Friday evening at Bonarlaw in honour of Mr. and Mrs. Roy Neal.

We would like to say of the write-up in Rydale Column last week, "Them's our sentiments, too."

Mrs. Ross Hoard called on Mrs. Arthur Andrews, Stirling, on Sunday afternoon.

### Bonarlaw

Mrs. Cecil Baker and daughter Judith, and Mr. and Mrs. Chester Baker, and son Bobby of Elmvale, spent a few days with Mr. and Mrs. J. F. Baker at their cottage at Crowe Lake. Judith is staying for a few days holiday.

Mr. and Mrs. John Chester and a couple of friends from Toronto were guests of Mr. and Mrs. John Bell over the week-end.

### Rylstone

Mrs. Mary Jane Murray spent the past week with her daughter, Mrs. Wm. Morton and family.

Mr. and Mrs. Lindsay Finch and boys were Sunday visitors of Mr. and Mrs. Lloyd Anderson.

Mr. and Mrs. John Duncan and daughter, Leah magaret, of Hamilton, spent a few days last week with her brother, Tom McKeown, Mrs. McKeown and family.

Mr. and Mrs. Georgie Sutherland, Mrs. Maude Runnalls and Mr. and Mrs. Ross Thomson, all of Stirling, were Sunday visitors at the home of Mr. and Mrs. Clarence Thomson.

Ronnie Thomson and Robert Reynard returned to Stirling with Mr. and Mrs. Ross Thomson after spending the past week with Mr. and Mrs. Clarence Thomson.

Mr. John Booth, of Toronto, is visiting friends around Rylstone.

Sylvia Gray has accepted a position in Toronto.

Mr. and Mrs. Wm. Morton and family spent Sunday in Wilton, with Mr. and Mrs. Thos. Heath and family.

Billie Jr., remained for a few days' visit with his cousins.

### Marsh Hill

Miss Carolyn George, of Fenella, is spending her holidays with her grandparents, Mr. and Mrs. Norman Park.

Mr. and Mrs. David Hollinger attended the Jeffrey—Winter wedding Saturday in Toronto.

Miss Janet Johnston, of Harold, spent a few days with her cousins, Marilyn and Betty Finkle.

Mr. and Mrs. Percy Demill attended the Demill—Denton wedding Saturday in Trenton.

Mr. and Mrs. Allyn Finkle and sons and Mrs. Frank Finkle called Sunday evening on Mr. and Mrs. Clare Finkle, Belleville.

Mr. and Mrs. Bill James, of South Porcupine, were week-end guests of Mr. and Mrs. Percy Demill.

Mrs. Arthur Ghent, of Toronto, is spending some time at the home of her parents, Col. and Mrs. Roscoe Vanderwater.

### Ivanhoe

Mr. and Mrs. A. Seeley and Larry, of Rochester, N.Y., are visiting Mrs. Wm. Seeley.

Master Douglas Collins, of Belleville, is holidaying with Carlyle Rollins.

Mrs. Morris Thomison and Sally, and Mrs. Stanley Prest spent Friday at Cross Lake.

Mrs. Bert Reid and children are visiting in Port Hope.

Mrs. Henry Wallace is spending this week at the home of her son, Mr. John Wallace, West Huntingdon.

Mr. and Mrs. Chas. Jeffery, Tweed, and Mr. and Mrs. John Weese, of Belleville, are spending a few days at Mr. P. M. Wood's cottage, Moira Lake.

Mr. and Mrs. Morris Thomison and family spent Sunday at Sharbot Lake. Miss Colleen Haggerty, Reg. N., of Toronto Western Hospital, spent the weekend at her home here.

Annie and Bessie Fleming and Master David, spent the weekend with Mrs. C. B. Hamm, Belleville.

Mr. and Mrs. James MacMillan, Gerald and Joyce, of Vancouver, B.C., are visiting relatives here.

Mr. and Mrs. Eric Belwood and Wayne, of Toronto, spent Sunday with Mr. and Mrs. Harry Lovibond.

Week-end visitors at the home of Mr. and Mrs. Reg. Haggerty included Mr. Sam Burnett, of Carman, Man.; Mr. James Buckler, Syracuse, N.Y.; Mr. and Mrs. T. P. Cook and Sybil, of Rochester, N.Y.; Mr. and Mrs. Romney, Mrs. Susan Gibson and Bobby, California, and Mrs. Maud Zimmerman, Carrying Place.

Mr. Allie MacMillan, of Toronto, spent the weekend with his parents, Mr. and Mrs. A. MacMillan.

Mr. Glen Haggerty, of Belleville, spent the weekend at his home here.

### Bride And

Groom Honoured

A large crowd gathered in the Hall on Friday evening to honour the newlyweds, Mr. and Mrs. Roy Neal. Rev. H. E. Beare was chairman for an interesting and varied programme, which was enjoyed by all.

Mr. W. J. Barlow, Bonarlaw, read an address to the happy couple, and they were presented with a lazy-boy chair, ottoman and a floor lamp from the community. Roy and Nina each thanked their many friends in a few well-chosen words.

Short addresses were given by Mr. George Carlisle, Mr. George Thompson, Mr. Frank Cosbey and Mr. W. J. Barlow. A bountiful lunch was served, followed by a social chat, bringing a pleasant evening to a close.

Mr. and Mrs. John Duncan, of Hamilton, were recent guests of the latter's sister, Mrs. Bert Solmes, Mr. Solmes, and family.

Missed Donna and Ruth Bateman and Lois Mason, employees at the Guild in Belleville, spent last week enjoying a holiday at their homes here.

### New Stamp

The Post Office Department said Tuesday four new postage stamps will be issued September 24th, to commemorate the centennial of the transfer of the administration of postal services to British North America. Also honored will be the centenary of the first Canadian postage stamp. The new issues were not described.

### Marsh Hill Harmony Club

The July meeting of the Marsh Hill Harmony Club was held Friday night at the home of Mr. and Mrs. Berson Mitts with a good attendance.

The President, Farley Lindenfield, opened the meeting with a short sing-song, with Miss Gena Vanderwater at the piano. The minutes of the last meeting were read by the Secretary, Laura Brown. During the business session, plans for the picnic at Oak Lake next month were made.

Leslie and Mae Finkle were programme convenors. Hymn 556 was sung to open the programme. Doreen Bartindale read the Scripture Lesson. Rev. Griffen led in prayer. Elaine Lindenfield gave a reading, "Friends." The story of the hymn, "What A Friend We Have In Jesus," was read by Barbara Brown, after which Gena Vanderwater sang the hymn.

Mae Finkle gave a paper on the "Values of Friendship." "The Best Things In Life," was read by Muriel Finkle. The meeting closed with hymn 198 and the Mizpah Benediction.

The group then went outside to a bon fire where all roasted wieners and toasted marshmallows. There also was plenty of lemonade to drink.

Farley Lindenfield moved a vote of thanks to Mr. and Mrs. Mitts for the use of their home and then every one sang, "Blest Be The Tie That Binds."

### NOTICE FARMERS

WILL BE CLOSED

Aug. 4th to Sept. 4th

For Vacation

Hello Homemakers! Entries are now being prepared from the Women's Prize List of the Canadian National Exhibition. The completed forms should be addressed:

Director of Women's Activities,  
Women's Building,  
Exhibition Park, Toronto 2B.

To obtain a copy of the C.N.E. booklets write to the above address.

Plans should be definite and entries mailed before August 12th for each special competition. Remember, an entry form is required by each exhibitor.

The special competitions are a lot of fun and the prize money is worthwhile. A different activity will take place every morning, afternoon and evening on the Second Floor, West Annex of the Coliseum — thus it is important to note the hour of the competitions you decide to enjoy — and win, if possible.

You can try practically anything from trimming your old hat for fifty dollars as first prize, to making a decorative Christening Cake which, if it takes the prize, nets you one hundred dollars cash. In most competitions there are four prizes and all who send their entry form receive an admittance ticket to the grounds.

By the way, in the following sessions you simply go forward empty handed, but alert: Dogwood Sandwich; Personality Tie; Hat Trimming; Dorothy Dix and Traffic Safety. You are judged on accuracy, cleverness and speed — or shall we say, according to the emphasized rules in the Prize List.

You may be most interested in the Christening Cake. It's a wonderful idea.

#### TAKE A TIP

1. Cake may be made, from any recipe — butter cake, fruit cake or spice cake.
2. Batter must be baked in two 9-inch pans.
3. The cake must be filled, frosted and decorated to celebrate a Christening.
4. The exhibits must be sent in on heavy cardboard (no plates).
5. Cakes must be delivered to the Big Tent at the south door of the Wo-

men's Building before 11 a.m., Wednesday, September 5th.

6. The winner receives the big award and nine others a consolation prize, on the completion of the judging, then all but the ten best entries have to be picked up that day. The prize cakes will be presented to parents of young children at a special evening ceremony.

#### Feather Cake

3 eggs beaten  
½ cup shortening  
1 cup granulated sugar  
2 cups sifted cake flour  
2 tbsps. baking powder  
½ tsp. salt  
1 tsp. almond extract  
½ cup milk

Beat egg whites until stiff enough to hold their shape. Cream shortening, add sugar gradually and cream thoroughly. Sift dry ingredients together. Add almond flavoring to milk, then add the dry ingredients alternately with the milk to the butter mixture. Fold in the stiffly beaten egg whites. Pour into oiled pans and bake in preheated electric oven of 375 degrees for 35 to 40 minutes.

#### Raspberry Filling

1 cup sugar  
5 tbsps. flour  
1 egg beaten  
1-3 cup lemon juice  
2-3 cup water  
2 tbsps. butter  
1 tsp. raspberry flavoring  
1 cup whipped cream

Combine sugar and flour in top of double boiler. Mix beaten egg, lemon juice, water and butter and add to dry ingredients. Place over hot water, cook, stirring constantly for 10 mins. Chill. Fold in flavoring and whipped cream.

#### Creamy Frosting

1½ cups sugar  
½ tsp. corn syrup  
2-3 cup boiling water  
2 egg whites  
1 tsp. almond extract

Combine granulated sugar, light corn syrup and water, bring quickly to a boil, stirring until sugar is dissolved. Boil rapidly, until a small amount of syrup forms a soft ball in

cold water (236 degrees). Pour in fine stream over the beaten egg whites, beating constantly. Add flavoring and continue beating until frosting is cool.

#### THE QUESTION BOX

Mrs. M. H. asks: What are the precautions in icing a layer cake?

Answer: To frost a cake—  
1. A broad flexible knife or spatula makes it easy to frost a cake. Be sure the cake and frosting are cool.  
2. Keep a sauceman of hot water at side of the bowl of frosting, and dip in the spatula, then dry off lightly to help in frosting.

Anne Allan invites you to write to her c/o the News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

#### Square Dance Contest At C.N.E.

Square dancing will return to the Canadian National Exhibition this year on Music Day. Every age will have a chance to compete as there are three broad classes — under 30, 30 to 50, and over 50 years of age.

Groups are to be made up of the four couples, a caller, and whatever music they choose to bring. The "Dance-Offs" — one change and a breakdown — will be held at 6 p.m. on a big stand just south of the Food Products Building, August 30th.

#### Has Gathered 800 Shakers

Mrs. Frank Owen, of Kingston, always gets salt and pepper shakers for Christmas — but she loves it. With 800 pairs she is Canada's top collector. "It all started nine years ago at an auction sale," says Mrs. Owen. She bought a box of junk for five cents and found it contained four odd ones, so she started collecting them. All those in her collection are matched except for the original four.

The originally matched pair was a cheap aluminum set in a matching stand. The value of the sets in her collection now ranges from 10 cents to \$24 for a set fashioned like a tiny sugar bowl and cream jug is crystal with platinum tops.

Mrs. Owen, who believes she is the only Canadian member of the "Good Neighbour Salt and Pepper Club," has sets which look like tiny clown bears, skunks, penguins and sunfish. There is the goose and the golden egg, ice cream cones, cobs of corn, hot dogs and hamburgers.

Now, we don't want to take the attitude that "if Charlotte Whittom can talk about girls in shorts, so can we." Rather, we suspect that the average girl cares little about what Miss Whittom or any other woman may think about the subject, but a man's opinion may be listened to with a certain amount of deference — any man's opinion, that is.

Actually, we agree with Miss Whittom. It is not at all a question of morals. At one time, it would have been. In those days, women wore skirts to the ground, and swept the crossings clean when they crossed the street. If any one of them had discarded skirts, she would certainly have been considered a hussy or worse — and she probably would have been, at that. But men and women long ago became used to the sight of women's legs and nobody suffered, except the bow-legged and the knock-kneed. Their sufferings were deep and sustained in secret.

We think it's simply a matter of what looks well and what doesn't — and on that basis we dislike women in slacks on the street or where we have to look at them and the bigger and fatter the women, the greater the shock, not to morals, but to the artistic sense. About one young woman in a thousand can wear slacks and look as handsome as in a skirt — but that's all. Why some women persist in wearing slacks when everybody knows what they look like, is a mystery. They can't see themselves from behind, and evidently "their best friends won't tell them." Unlike halitosis, even the magazine advertisements won't tell them. There's an ancient joke about the woman who decided to join a nudist colony after she placed a full-length mirror in her bathroom. Maybe a bathroom with mirrors on two opposite walls would make slacks less popular.

We admit they have their uses and can be valuable for farming, gardening, canoeing and painting from the top of a step-ladder. That's a matter of utility, but has nothing to do with appearance.

Having made our opinion clear (we hope) in the matter of slacks, let us say we have no objection whatever to shorts on girls and young ladies. The same legs that may look terrible in slacks can look quite well in shorts. They give an impression of health and freedom. We suspect that most girls still look better in skirts, but many of them can also look fine in shorts. There are still places where they should not be worn, in compliance with our ancient customs, but they do look comfortable in the heat.

No, we don't favor shorts for street wear for men, especially if they have hairy gnarled legs covered with leathery skin, laced with varicose veins. — Fergus News-Record.

#### Shortage of Beds Reduced

A shortage of beds in Ontario public hospitals and sanatoria — which totalled more than 15,000 at the start of 1947 — will have been reduced to less than 6,500 in the near future, Hon. Macklin Phillips, Minister of Health for the Province, has announced.

"The shortage of beds for the acutely ill, chronic and convalescent patients, has been cut by more than 5,000 in the past four years," Dr. Phillips said. "It is in the process of being further alleviated owing to the fact that accommodation for an additional 6,000 beds in the form of new buildings and additions to existing hospitals is presently under construction or planned." He pointed out that more than 2,000 beds had been abandoned during the period.

The situation in regard to tuberculosis is particularly gratifying, the Minister of Health added. A shortage of more than 400 beds which existed at the beginning of 1947 would soon be eliminated, since building accommodation for the needed beds either had been constructed, was under construction or was definitely planned.

The Ontario Government, in assisting alleviate this acute bed shortage, had appropriated since January, 1947, more than \$15,000,000 for this purpose — distributed in the form of capital grants. Further, maintenance grants to existing public hospitals and sanatoria during the same period totalled more than \$41,250,000, Dr. Phillips said.

#### Slacks and Shorts, Or Skirts For Ladies

When the temperature warms up and summer begins to get really hot, there is an argument which comes up nearly every year. "Should girls wear slacks and shorts and where should they wear them?" (Geographically speaking, that is.) Even the renowned Charlotte Whittom, who writes for a number of papers, who is a controller or something in Ottawa, and who is said to be slated for a cabinet post if George Drew's Conservatives can repeat their recent by-election success at the general election, has been taking up the question in her newspaper column.

Now, we don't want to take the attitude that "if Charlotte Whittom can talk about girls in shorts, so can we." Rather, we suspect that the average girl cares little about what Miss Whittom or any other woman may think about the subject, but a man's opinion may be listened to with a certain amount of deference — any man's opinion, that is.

Actually, we agree with Miss Whittom. It is not at all a question of morals. At one time, it would have been. In those days, women wore skirts to the ground, and swept the crossings clean when they crossed the street. If any one of them had discarded skirts, she would certainly have been considered a hussy or worse — and she probably would have been, at that. But men and women long ago became used to the sight of women's legs and nobody suffered, except the bow-legged and the knock-kneed. Their sufferings were deep and sustained in secret.

We think it's simply a matter of what looks well and what doesn't — and on that basis we dislike women in slacks on the street or where we have to look at them and the bigger and fatter the women, the greater the shock, not to morals, but to the artistic sense. About one young woman in a thousand can wear slacks and look as handsome as in a skirt — but that's all. Why some women persist in wearing slacks when everybody knows what they look like, is a mystery. They can't see themselves from behind, and evidently "their best friends won't tell them." Unlike halitosis, even the magazine advertisements won't tell them. There's an ancient joke about the woman who decided to join a nudist colony after she placed a full-length mirror in her bathroom. Maybe a bathroom with mirrors on two opposite walls would make slacks less popular.

We admit they have their uses and can be valuable for farming, gardening, canoeing and painting from the top of a step-ladder. That's a matter of utility, but has nothing to do with appearance.

Having made our opinion clear (we hope) in the matter of slacks, let us say we have no objection whatever to shorts on girls and young ladies. The same legs that may look terrible in slacks can look quite well in shorts. They give an impression of health and freedom. We suspect that most girls still look better in skirts, but many of them can also look fine in shorts. There are still places where they should not be worn, in compliance with our ancient customs, but they do look comfortable in the heat.

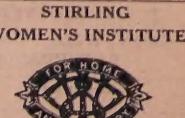

No, we don't favor shorts for street wear for men, especially if they have hairy gnarled legs covered with leathery skin, laced with varicose veins. — Fergus News-Record.

#### Can't Win

In undertaking to pay old age pensions to everybody at the age of 70, Parliament is, in effect, compelling all the people to buy tickets in a lottery on their chances of living beyond that age. Those who win will receive a pension for the rest of their lives. But only one in twenty can win. As for the others? They won't be here to make any complaint.

#### Lord Mayor London To Visit C.N.E.

The Right Honourable, the Lord Mayor of London, Sir Denys and Lady Lawson will visit the Canadian Na-

The kiss of the sun for pardon,  
The song of the birds for mirth;  
One is nearer God's heart in a garden  
Than any place else on earth.

## NEWS FOR THE BUSY FARMER

### ACTIVATED CHARCOAL HELPS APPLE STORAGE

Objectionable odours are usually present in apple storages. In spite of sanitary control and air circulation boxes — Dunnage, straw moulds, building material and the product itself all contribute to the odours found in storage rooms. Many of these are harmful to the extent of affecting the flavour of the apples and some may even shorten their storage life.

Complaints from consumers of storage taints are quite frequent. In addition, the storage operator loses a fairly large percentage of his income from lentil spot, apple scald and forms of breakdown hastened by the presence of volatile gases associated with the so-called odours.

There are remedies for apple scald in the form of oil wraps or shredded oil paper which absorb some of the volatiles given off by the fruit. The Division of Horticulture, Central Experimental Farm, Ottawa, along with other research workers are constantly seeking a satisfactory solution for these odour problems. Present studies indicate that the use of activated charcoal for odour removal is quite promising.

Circulating the storage air through activated charcoal, if the equipment is properly designed, will remove many harmful odours, but this device has not proved effective in the control of apple scald. Higher quality fruit with a slight prolongation of storage life is the main accomplishment of this equipment.

### CROPS IN THE FAR NORTH

As far north as Aklavik, virtually on the shore of the Arctic Ocean, the valley of the Mackenzie River has supported gardens ever since the arrival of white men.

The production in these gardens has varied with the coming and going of trappers, traders and missionaries. But, says J. A. Gilbey, of the Experimental Substation at Fort Simpson, N.W.T., neglect is the chief cause of poor yields and where good cultural practices are observed, most of the common vegetables yield excellent crops.

Cool, short seasons and limited moisture in the early summer emphasize the need for irrigation and for

crops that are suited to these special conditions.

Excellent quality brussels sprouts, broccoli, cabbage, cauliflower, peas, lettuce, radish, carrots, beets, parsnips, rutabaga, spinach, swiss chard, and turnips can readily be grown.

Where an effective windbreak is established, tomatoes started indoors will grow well in most seasons. Even sweet corn, beans, squash, cucumbers and vegetable marrow will flourish during three years out of five.

Asparagus and rhubarb establish readily and small fruits such as raspberries, currants and gooseberries, as well as strawberries grow wild.

Ornamentals and flowers, given routine care and protection, flourish in many places.

On fallow, field crops give good yields. Averages for a three-year period: wheat about 50 bushels an acre; oats 60-80 bushels and barley 55-65. Yields on stubble were considerably lighter.

Forage crops do well. The standard grasses survive and respond satisfactorily. Sweet clover and alfalfa, however, are the only legumes found adaptable to date.

The findings of the Fort Simpson Substation, Mr. Gilbey adds, are borne out by findings of gardeners from there to Aklavik.

A list of varieties recommended for northern gardens is available from the Fort Simpson Substation.

### ROP FOR CATTLE

Under the Canadian Record of Performance service, provision is made for the establishment, under supervision of the Canada Department of Agriculture, of production credentials for pure-bred dairy cattle as a basis for the development of intelligent and constructive breeding programmes. Such a service is considered basic for the improvement of seed stock and is an undertaking that could not be accomplished by individual breeders and breed organizations. Practically every country which dairy cattle are of importance provides financial assistance toward a plan of this kind but none has supported such a service as generally as is done in Canada.

The service provides for the testing of all registered cows in the herd that have ever calved and for each lactation period as long as they are in the herd. Supervision is provided through

employees of the Department of Agriculture. Certificates of production or statements of production are listed for all cows with yields for 180 days and over in the form of an annual report available to all interested in the performance of pure-bred dairy cattle of eight breeds including Ayrshire, Brown Swiss, Canadian, Guernsey, Holstein-Friesian, Jersey, Red Poll and Short-horn.

### NEW DISEASE

Still unidentified with no explanation available concerning its sudden appearance, a bacterial disease of cultivated geraniums has caused a loss of several hundred cuttings in a greenhouse in Quebec City, according to a report from the Canada Department of Agriculture's Laboratory of Plant Pathology at Ste. Anne de la Pocatiere, Quebec.

Considered to be the first report in North America, the disease causes a black soft rot affecting the stems. It is reported to be easily spread by the cutting knife and the growth of the pathogen in the cuttings is favoured by excess soil moisture.

## CONSERVATION NEWS!

### FOREST TENT CATERPILLAR COVERED LARGE AREA IN 1951

During the next three weeks adults of the Forest Tent Caterpillar will be emerging from cocoons and commencing to lay eggs. The female moths, which live only about five days, lay their eggs in bands around small twigs on Poplar, Hard Maple, Oak, and various other broadleaved trees. The insect passes the winter in the egg stage, hatching out as caterpillars during the following May.

While it seems likely 1951 was the peak year for Tent Caterpillar infestations throughout the province, it is still too early to make predictions about next spring. Caterpillars were reported in unprecedented numbers in many parts of Northern Ontario, while in others there was a significant decline in population as compared to the spring of 1950. Indications are that disease organisms and insect parasites were mainly responsible for the decline.

Infestations this year in the Quinte District were heaviest on the west side of Hastings County as far south as No. 7 Highway, and through Frontenac County, the east half of Lennox and Addington and westerly sections of Renfrew. Elsewhere in the district

outbreaks were lighter and more scattered.

Healthy trees on good sites can survive repeated defoliation and most trees put on another crop of leaves about four weeks after the caterpillar stage is ended. The new leaves are smaller and growth of wood is naturally reduced.

### SMALL FIRE REPORTED IN CARLOW TOWNSHIP

Only one fire was reported during the week, a half acre blaze on an island in Fraser Lake, Carlow Township, on July 8th. A cottager's permit fire, not completely extinguished, was blamed for the trouble.

Rainfall averaged an inch or more

throughout the fire district and the fire hazard remained low to medium.

In spite of the favourable weather Department of Lands and Forests officials are taking nothing for granted. With countless number of blueberry pickers and fishermen visiting the district, the fire risk is increasing and co-operation in careful handling of smoking materials and campfires is essential during the weeks ahead.

A number of land and timber inspections were completed by the ranging staff in the Dacre and Bancroft divisions during the week, and good progress is reported on the new Gilmore Headquarters project.

### REPORT LAKE ONTARIO STILL TOO COLD FOR BASS SPAWNING

Lake Ontario anglers have expressed concern over the present opening date for Bass fishing, stating that in some areas at least, small mouth Bass have not yet spawned. It is probably quite true that spawning periods are delayed in colder bodies of water and unless there is plenty of sunshine during the spring such waters take a long time to warm up to the estimated 60 degrees necessary for bass spawning. Observing limits of catch should be especially obvious in such areas.

Catches of commercial fish in Lake Ontario have been so small recently that many licensees are putting away their gear until next fall. One operator however, Belyea Bros. of Simcoe Island, made a nice lift during the week, netting 6 Lake Trout weighing 105 lbs. in the round.

Heavy rains and high water levels have handicapped anglers in reaching favourite fishing grounds on island lakes and streams, but most resorts continue to have capacity bookings.

### NEW HEADQUARTERS UNDER CONSTRUCTION

Rangers are making good progress on the new Deputy Headquarters at Gilmore which should be ready for occupation sometime next fall. Foundations have been completed for the office, warehouse, and oilhouse, and studding is being erected.

An option has been taken on approximately three acres of land near Palmer Rapids, where the Department expects to build a new headquarters later this year. This will provide proper working facilities and accommodation for the local ranging staff and replace the small rented quarters occupied for the past few years.

### FISH AND WILDLIFE ACTIVITIES

Conservation Officers have had a busy time lately checking anglers' licenses and limit of catch. Report from all parts of the District indicate camp operators are booked to capacity with visiting fishermen and summer vacationists occupying all available space.

Distribution of both small and large mouth Black Bass fry in continuing from the Department's rearing station at White Lake, a few miles east of Arden. The 1951 duck brood census is also underway under the District Biologist's supervision and should be completed sometime next week. Areas yet to be examined in the Quinte District include Wolfe and Amherst Islands and the Conroy Marsh and vicinity east and north of Bancroft.

### WOODLOT MANAGEMENT NOTES

#### No. 2 Spacing, The Key To Maximum Yield

Trees grow in a variety of shapes, even those of the same species. Out in the open they have wide spreading crowns and short trunks which are of little use for logs. Under very crowded conditions the tree grows tall and slim with branches only at the top. Spacing of the trees is the key to the final form. If we are trying to produce logs then we must maintain a spacing in the woodlot which will give the maximum amount of clear trunk of a good diameter. Starting off with small trees, they must be crowded together to force height, growth and prevent large limbs forming. As the trees develop some lose out in the race for light and plant food and die. This results in natural thinning. Quite often this natural thinning doesn't

take place soon enough to provide the fastest rate of growth, so thinning may be carried out by the owner to his advantage.

Deciding how much to thin a stand is of great importance and varies with the species and the site. In a pine plantation, for example, it is common practice to plant 1210 trees to the acre. At about 20 years of age thinning would remove nearly half of these. At 40 years of age one-third would be left and the final stand might consist between 200 to 300 trees. Uneven aged stands are more complex but careful selective cutting removes not only mature trees but also provides the best spacing for those left to grow.

The Department of Lands and Forests extension service, Napanee, is available to assist the woodlot owner in planning selective cutting best suited to his individual woodlot.

## Canadian Girls Received By Queen

Fourteen Ontario girls among a group of 50 from Canada shook hands and chatted with Queen Elizabeth recently at Buckingham Palace. They are Mary Barnett, Toronto; Patricia Harsant, Toronto; Eileen Jacobs, of Wheatley; Pauline Kovach, Wyoming; May Leslie, Toronto; Ines Longo, Kirkland Lake; Violette Marchand, Owen Sound; Cynthia McLennan, London; Dorothy McRobbie, Winchester; Joan Oberholzer, Kitchener; Janet Perkins, Leaside; Shirley Scott, Trenton;

Helen Spakowski, Fort William, and Frances Sutherland, Almonte. The girls are members of the Canadian girls' tour visiting Britain as guests of W. Garfield Weston, Canadian-born industrialist.

The garden party was held specially for members of the tour. The group had to make some fast preparations to keep the 4 p.m. appointment. They arrived at Liverpool aboard the Empress of France at 6 a.m. A special tender carried the party ashore. They were rushed to London where they had two hours to prepare for their royal reception.

A special fleet of limousines took the girls to the Palace. They were presented to the Queen by Vera Grenfell, who was lady-in-waiting to Princess Alice during the Earl of Athlone's tenure as governor-general of Canada.

In the group are Dr. Muriel Rose, dean of women of McGill University, who is leader. Assistant leaders are Miriam Weston, daughter of the sponsor, Blanche Bishop, of Medicine Hat, Alberta, and Elaine Fildes, Edmonton.

All 10 provinces and the Yukon and Northwest Territories are represented by the teen-age girls. They were chosen by the Canadian Education Association from schools. Each was presented with a specially-made basic wardrobe and suitcases by Mr. Weston. The girls will return to Canada in late August.

Under the same plan, 50 British girls will visit Canada during August, led by Odette Churchill, heroine of wartime secret service in Occupied France.

### YOU GET MORE FOR YOUR TELEPHONE DOLLAR

#### DOLLAR SAVERS

ABBREVIATING certain words in our telephone directories can often reduce a listing from two lines to one. This not only makes the directory thinner and easier to read, but also less costly to produce.

In one of our bigger directories, for instance, taking out just one line saves enough paper to print 1,310 pages or 1½ directories!

This careful attention to little things is typical of how all departments work to keep costs down. It's one of the reasons why your telephone is one of today's best buys.

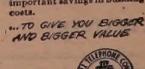

Compare these price increases during the past ten years

## Entered Into Rest

MRS. SIDNEY SHARPE

Mrs. Sidney Sharpe, 80, Havelock, died Tuesday at the residence of her daughter, Mrs. George Wood, Havelock, following a short illness.

She was born the former Florence Woodbeck, in Rawdon Township, and daughter of the late Mathew Woodbeck and Joanna Todd. She had been in Havelock for one week before her death. Following the death of her husband, Sidney Sharpe, in 1928, she lived with her family. Previous to that she lived in Hastings.

She leaves seven daughters and three sons, Mrs. George Would (Stella), Havelock; Mrs. Marcus Lonsberry (Victoria), Fenella, Ont.; Mrs. Fred Ball (Emma), Toronto; Mrs. Clarence Douglas (Mary), Mrs. Harold Jackson (Vertina), Cobourg; Mrs. Clarence Spencer (Edna), Peterborough and Yvonne, Toronto; William, Belleville; Lorne, Fergus, and George, of Delhi, Ontario.

The funeral will be held Friday at 3 p.m. from the residence of her daughter, Mrs. George Would, Havelock, to Trinity United Church, Hastings. The Rev. N. Cole of Trinity United Church will conduct the service.

Burial will be made in Trent Valley Cemetery, Hastings.

## Allow Trade-Ins On All Goods

Finance Minister Abbott announced Tuesday night a series of changes in consumer credit regulations, effective August 1st, next.

None of the changes affect minimum down payments or the maximum period of credit.

However, trade-ins will be allowed to form part of the minimum down payment on all types of goods after August 1st, if the cash price of the goods being purchased is not marked up. Up to now, trade-ins have been allowed only for motor vehicles.

One change affecting goods previously exempted from the regulations is in the case of a motor vehicle which has been the personal property of the seller for six months. The sale of such a motor vehicle now will be exempt only if it is a private deal between the seller and the buyer with no third party entering for the purpose of financing the transaction.

The changes also will bring contracts for rental of goods under control for the first time.

## Martha Says . . .

She and her husband are more concerned about providing their children with a good education than in laying up treasures for themselves to enjoy at an age they may never reach.

If they keep their farm in good condition during their working years they are willing to depend on it to keep them in their old age.

## Trenton Girl Drowns In Trent River

Margaret Rose Brown, 7, drowned in a sailboat slip at the mouth of the Trent River.

The child was last seen alive some time after 4 p.m. by her eleven-year-old cousin, Eddie Berry, with whom she was playing in the slip south of the Trenton Cold Storage Company. Her body was located by Fireman Gerald Lewis and Ron Mitts, at 9 p.m. using grappling irons in the slip.

When young Barry last saw his cousin, she was leaning over the edge of the rock, running her hands through the water. She apparently missed her footing and fell in. The water is six to seven feet deep where the girl drowned.

In addition to the Marketing Board's decision to bid on the open market against the regular buyers, their bid for the white cheese caused considerable discussion. Mr. Heath made a board bid of 37½ cents after the buyers had made their selections at

## R.C.A.F. Won Over Locals

R.C.A.F. maintained their position at the top of the Trent Valley Softball League on Monday night with a 14-7 victory over Stirling. The game was played on the Stirling Recreational diamond.

In pitching his team to victory Vic Kurt had thirteen strikeouts to his credit. He gave up fourteen hits, keeping them well scattered and walked four, and contributed a homer, with two, on a double and a single. Faulkner started on the mound for the locals but was relieved in the seventh by Noble. Stirling were guilty of numerous errors, having a decidedly bad night in the field, while Faulkner gave up twelve hits and eight walks for a total of 13 runs.

Mason led the local hitters with a pair of doubles and a single, followed by Rodgers and Utman. For RCAF McCartney and Burtt were the heavy hitters.

RCAF — Burner, 1b; Common, ss; Walker, 2b; McCartney, 3b; Bouttell, rf; Burtt, p; Coe, cf; Greenhaugh, lf; Auld, c; Samain replaced Auld in the fifth.

Stirling — Lanigan, cf; Mason, ss; Zufelt, 3b; Rodgers, c; Utman, lf; Dafoe, 1b; Smith, 2b; McMurray, rf; Faulkner, p and rf; Noble replaced Faulkner in the 7th.

Score By Innings

RCAF ..... 3 2 0 1 1 3 3 1 0 — 14

Stirling ..... 0 0 3 0 0 0 2 0 2 — 7

Umpires — Caton (p), Fraser (b).

37-16. When Silverwoods bid 37 9-16 the Marketing Board asked to withdraw the board bid.

In the ensuing discussion it was pointed out by Mr. W. H. Morton, that in the past if a board bid was made, and then raised so that a few hundred boxes could be taken out, that the offer of the board bid could be withdrawn.

Mr. Wm. McCreary remarked that he thought such a practice was harmful, and expressed the opinion that once a selection was made it was impossible to withdraw the bid.

The upshot of the discussion was that the Marketing Board bought all the white cheese except for the 267 boxes selected by Silverwoods at 1-16 of a cent higher.

Canada's railroads run farther east and farther west than any other railroad in North America.

Mink are the most numerous and valuable of farm-raised fur-bearing animals in Canada.
